

Minimum Qualification Specifications
for the Class:

BUILDING MAINTENANCE DISTRICT SUPERVISOR

Experience Requirements

Five (5) years of experience in building construction and maintenance work, of which two (2) years must have involved supervising the work of other skilled tradesmen.

Quality of Experience

Possession of the required number of years of experience will not in itself be accepted as proof of qualification for a position. The applicant's overall experience must have been of such scope and level of responsibility as to conclusively demonstrate that they have the ability to perform the duties of the position for which they are being considered.

License Requirement

Applicants must possess a valid license to drive in the State of Hawaii.

Selective Certification

Specialized knowledge, skills and abilities may be required to perform the duties of some positions. For such positions, Selective Certification Requirements may be established and certification may be restricted to eligibles who possess the pertinent experience and/or training required to perform the duties of the position.

Agencies requesting selective certification must show the connection between the kind of training and/or experience on which they wish to base selective certification and the duties of the position to be filled.

Tests

Applicants may be required to qualify on an appropriate examination.

Physical and Medical Requirements

Applicants must be able to perform the essential functions of the position effectively and safely, with or without reasonable accommodation.

This is an amendment to the minimum qualification specifications for the class Building Maintenance District Supervisor which were approved on December 19, 2005.

Date Approved: June 4, 2025
