

Statement of Public Notice
Medicaid Eligibility Reduction

The Med-QUEST Division (MQD) is decreasing the income eligibility limit to 133% of the federal poverty level (FPL) effective July 1, 2012. For a household of one, 133% FPL is an income of \$1,425 per month or \$17,104 per year. This reduction affects only adults enrolled in QUEST-ACE or QUEST-Net.

Individuals who receive notice from the MQD that they may lose eligibility should contact the office immediately if their circumstances have changed. This includes becoming pregnant or disabled, or experiencing an increase in household size or decrease in income. MQD will re-determine eligibility based on the updated information. Individuals affected by the eligibility change can purchase an individual health policy or receive services on a sliding scale from a federally qualified health center.
