**SUGGESTED LOCALES OF MAUI TOMORROW FOUNDATION, INC.  
AND ITS SUPPORTERS FOR COMMISSION SITE INSPECTION**

The Maui Tomorrow Foundation, Inc. and its Supporters ("MTF"), through Counsel, hereby submit their Suggested Locales for the Site Inspection by the Commission of Water Resource Management ("Commission"), pursuant to the Order of the Commission filed on August 31, 2017, as follows:

1. Hanehoi Watershed. MTF suggests that the Hanehoi Watershed be included within the Site Inspection. The Hanehoi Watershed is not accurately described in the Hearings Officer's Amended Proposed Findings of Fact, Conclusions of Law and Decision and Order. This Watershed is heavily diverted and little to no progress has been made in removing diversions from streams within this Watershed. Particular suggested locations within the Hanehoi Watershed are as follows:

**Hanehoi Stream below (makai) of ditch Diversions:**

- The bridge over Hanehoi Stream at Caveny property house (can drive there)
- Hanehoi Stream on Solomon Lee's land (can drive there)

**Hanehoi Stream at Haiku Ditch Diversion:**

- Hanehoi Stream at New Haiku ditch intake (a little below Hana Hwy)
- Hanehoi Stream confluence of West and East branches 300 ft upstream of New Haiku Ditch diversion

**Lowrie Ditch**

- E. (main branch) Hanehoi Stream at Lowrie ditch
- W. Hanehoi Stream at Lowrie ditch
- Huelo Stream at Lowrie ditch
- Puolua Stream at Lowrie ditch
- Hanehoi Stream at New Hamakua and Wailoa ditches

2. MDWS System. MTF suggests that components of the MDWS Upcountry Water System be included in the Site Inspection, for examples the Wailoa Forebay and the Kamole Water Treatment Facility.

3. Joinder MTF joins in any Suggested Locales for the Site Inspection filed by Petitioners Na Moku Aupuni o Ko'olau Hui, Lurlyn Scott, and Sanford Kekahuna ("Na Moku") in addition to those suggested by MTF.
