**SCAP PROCESS 174C-71(3)(C) & 13-169-50**

**PURPOSE 174C 13-169 5(3)&71(3),(4) 1**

Protect, enhance, and reestablish, where practical, beneficial instream uses of water including the creation of a permit system to regulate the alteration of stream channels.

---

**SCAP REQUIRED**

Projects under construction or review and approved by appropriate federal, state, or county agency prior to: May 27, 1988 13-169-50(b) July 1, 1987 174C-71(3)(B)

---

**SCAP APPLICATION FORM BY CWRM**

(1) The name and address of the applicant;
(2) The name and address of the owner or owners of the land upon which the stream channel alteration is proposed;
(3) The location and description of the proposed stream channel alteration and related facilities;
(4) An assessment of the impact the channel alteration will have on the stream environment;
(5) Relevant maps, plans, and drawings; and
(6) Other information as may be necessary for the commission to determine the merits of the proposed stream channel alterations, including any hazards to public health, safety, or welfare, and the desirability of issuing a permit.
