No. 2493 Koa

To the Land Commissioners, Greetings: I hereby state my claim for land in the 'ili at Kalaepaa, Ahupua'a of Kaneohe, Island of Oahu, consisting of 1 mo'o of 4 taro lo'i. I have 2 lo'i at Kikiwelawela in Heeia, 1 lo'i in the 'ili at Kumupali in Kaneohe. My house claim is at Kalaepaa in Kaneohe. I got this claim before the law was published.

No. 2494 Julia Kekou

Hear ye, ye Commissioners whom the Mo'i has appointed, Greetings and peace: I, the one whose name is below

Page 523

hereby state my claim for some lo'is here in Ewa, in the Ahupua'a of Kalauao. We have 6 lo'i, together with the fish in one lo'i pond. This is an old weed grown place and was not worked on until the present. It was formerly used in the time of Kaoleioku, and at this time is being worked on by me. In 1844 I gave the good sum of ninety dollars to lease those lo'is.

My occupancy is as konohiki, or perhaps supervisor, under Konia. But since the call in the Elele by you, the Commissioners, to state our claims, is this not a claim? The Landlords are saying we should live under them and that they will tell you, but there is no section in the law which indicates that the Landlords should petition for the claims of the kaula /servants/ and they alone should be privileged. Therefore it should be considered that the basic reason of the law is that the tenants may not be heedlessly dispossessed, nor barred without reason, from everything he has made with his own hands and improvements which he thinks of making, page 2, section 1-2.

This is the claim which is stated to you. Farewell to you, and good wishes and peace to you all.

This petition was written in the year of the Lord, 1847, on the 22nd day of December. Ohuanui is my claim for land. Auwae was the one over Wailuku at that time. How is it? Is it not a right? Perhaps it is. When Auwae died, his son, Kawailepolepo, inherited it, and Ohuanui was my land. When he died, that was my land, from then until Kailihiwa had Wailuku. The occupation of the land was continuous, I did not go away, and so on, until Keahi had Wailuku. Is this not a right? Here is this petition for the lo'is. I have ten of them and

NR 2495

and mauka of them is my kula. It is enclosed by the soil of /from/ the water flow. I have a place of raging water. On the east are some lo'is of Kawaa, on the north are some lo'is of Namauu, on the south and west is a watercourse. Kaiaholokuaau knows of these lo'is of mine in the 'ili of Pohakupukupu. Petition for land claim of Kekahuna. My claim there is for my 9 lo'i. On the east and the north are some lo'is of Kahaiki, on the south are some lo'is of Kamanoa, and on the west is a watercourse. Also, here is my house claim. Pohakupukupu is the 'ili, Ohuanui is the claim for a house lot. On the east is a joining of the fences, on the north is the government wall, on the south is a watercourse and on the west is the old wall. For Kaiaholokuaau. Also, here is something else in my letter. Wailuku is the large area, Puuhala is the 'ili, the petition is for Ohuanui /which was held/ from Auwae to Kawailepolepo, to Kailihiwa, to Keahi, as above. Is this not

a right? Perhaps it is. It has a total number of fifteen lo'is and a kula. On the east are some po'alima lo'is, on the north is a mo'o of Kahula, on the south is a mo'o of Namauu, on the west is a watercourse. MOO. I, KAIAHOLOKUAUU, who wrote concerning this land claim, am the heir of MOO.

No. 2436 Kahaiki Wailuku, Dec. 23, 1847 Page 498

Be it known to you, the Land Commissioners: My house site and kula are in the 'ilis of Holu and Pohakukupukupu. The boundaries are: North, Puuhala, east, an acre, south, the land of Napsina, west, the acre. The occupancy has been from the makuas to the present, under the landlords of the 'ili. 6 lo'i are in the 'ili of Waikani nui, which were given by Kapau, the landlord of the 'ili. 9 lo'i in the 'ili of Waikani iki were given me by Kuihelani.

Also I have a land claim in the 'ili of Huluhulupueo in Waihee. It is bounded on the north and south by a pali, on the east by Upeo, on the west by Wailua. It was given me by Kuihelani in 1841. This is my land claim.

Wailuku, Maui, Dec. 22, 1847

KAWAIOHIA

The landlords of the 'ili gave it to the makuas of my wahine, the makuas gave it to my wahine, and she gave it to me. I am under the landlord of the 'ili.

No. 2439 Kalapa Dec. 30, 1847

Hear ye, Z. Kaauwai, here is something to tell you of concerning an old right, from the time when we were all at Waihee. The lo'is were gotten from that time. They are at Halaula of Kelolou. Here is the reason: 2 lo'i were from Kahilikaula. That is the claim. The occupation was at Wailuku, and afterwards you two got a place to live and a place to farm. That is what is spoken of, if it is correct, you can work on it as to whether it is correct or not. Regards to you two, and the keikis, with the peace of God.

Wailuku, Maui

**Re: Wailuku Country Estates Irrigation Company and the Wailuku Country

**Appurtenant Rights Determination in Na Wai Eha Surface Water
Management Areas (Waihee, Waiehu, Iao and Waikapu Streams)**

Dear Ladies and Gentlemen:

This firm represents the Wailuku Country Estates Irrigation Company ("WCEIC") and the Wailuku Country Estates Community Association, Inc. ("WCECA") in connection with their applications that were submitted to the Commission for existing and new water uses.

This letter is in response to the water commission's letter dated February 21, 2012, regarding the water commission's review and comments to the information we submitted for appurtenant right claims (for TMK: (2) 3-2-002: various) except with respect to the following which the water commission found to support WCEIC's and WCECA's appurtenant right claims:

1. LCA 2533:1 and RP 6529 (appurtenant right claim documented for Ap 1).
2. LCA 3225 and RP 6298 & 6458 (appurtenant right claim documented).
3. LCA 3292 (appurtenant right claim documented).
4. LCA 3330 and RP 4424, 4622 (appurtenant right claim documented).
5. LCA 3335 and RP 7774 (appurtenant right claim documented).
6. LCA 3387 and RP 6065 (appurtenant right claim documented).
7. LCA 3388 and RP 6101 (appurtenant right claim documented).

Please see the attached chart with our responses to the water commission's February 21, 2012 letter. In addition, we would like to add the following which explains our responses to the water commission's comments that there were no references to water use in some of the Royal Patents ("RP") and Land Commission Awards ("LCA") in WCEIC's/WCECA's application. In short, implicit in a LCA and RP is the appurtenant right to water. Since the LCA and RP were required to be in literal agreement with the other, reference to water use in either one means that there was a reference to water use in the other.

Further, as explained below, since the form of the RP required description by metes and bounds only, reference to water use may not be in the RP. This should hold true for LCAs as well. Consequently, testimony at the time of application (which we submitted) should weight in on whether the lands were being cultivated at that time.

Background

In 1845, the Board of Land Commissioners to quiet land titles was formed. It was the Land Commission's responsibility to ascertain or reject claims of interest in land brought before it. The Board was not empowered to grant fee simple title to land. Its duty was to determine each applicant's identifiable interests in land and issue an award describing those interests. *Public Access Shoreline Hawaii v. Hawaii County Planning Commission*, 79 Haw. 425, 445, 903 P.2d 1246, 1266 (1995) ("PASH"); *Application of Elizabeth Cockett Robinson*, 49 Haw. 429, 434, 421 P.2d 570, 574 (1966) (the Land Commission Award is a determination of a right to a patent). Actual title to land could be gained only by a payment of commutation to the Kingdom and issuance of a royal patent. *PASH*, 79 Haw. at 445, 903 P.2d at 1266; *Omerod v. Heirs of Kainoa Kupuna Kaheananui*, 116 Haw. 239, 247, 172 P.3d 983, 991 (2007) (citing *PASH*).

After the Land Commission entered a LCA, the Minister of Interior could issue a RP after the awardee paid a commutation fee. In essence, a RP was a quitclaim of the government's interest in the land. *Id.*; *Brunz v. Mott Smith*, 3 Haw. 783, 1877 WL 7569 (1877) (the effect of a patent is to relinquish the government's interest in the area described therein unto the original awardee). In summary, neither the LCA nor RP was required to show the use of the land.

Additional Responses to Water Commission's Comments

Form of RP required metes and bounds

The water commission commented that there were no references to water use in some of the LCA's and/or RP's in WCEIC's/WCECA's application. However, this should not be determinable on the issue of water use or cultivation on the lands since they were only required to show the lands' metes and bounds.

Department of Land and Natural Resources
Commission on Water Resource Management
Attention: Robert Chong
April 27, 2012
Page 3

The form of all RPs were required to describe the land therein by metes and bounds or by natural boundaries. In order to obtain a RP and obtain fee simple ownership of land conveyed during the Mahele, an awardee needed to present a Boundary Commission judgment describing his or her land by metes and bounds. *Id.*; *Greenwell v. Paris*, 6 Haw. 315, 1882 WL 7783 (1882) (The object of the boundary commissioner is to enable parties to obtain such Royal Patents defining their lands by metes and bounds); *See Application of Elizabeth Cockett Robinson*, 49 Haw. 429, 421 P.2d 570 (1966) (the form of all Royal Patents shall describe the land by actual survey or by natural boundaries as the case may be).

There were some instances where the water commission noted references to water use in the LCA but not in the RP, and vice versa. However, the metes, bounds and description of the survey in the petition must be in literal agreement with the award. *Brunz*, 3 Haw. 783, 1877 WL 7569 (1877). Consequently, if water use is referenced in either the LCA or the RP it should apply equally to the other.

Testimony Regarding Water Use

We note that the water commission did not comment on the testimony submitted and so are unsure on the water commission's position regarding the same. Since neither the LCA nor RP can be relied upon to reference water use (since metes and bounds only were required in them), testimony by applicants and others at the time of application should weigh equally in on the question. Furthermore, by virtue of the lands being Kuleana lands, the use of water thereon is implied. In this regard, the first six sections of the Kuleana Act enabled the common people of Hawaii to secure fee simple title to the **lands they actually cultivated**. The seventh section contained the rights that were to accompany a commoner's tenancy. *Reppun v. Board of Water Supply*, 65 Haw. 531, 549, 656 P.2d 57, 69 (1982).

Generally, the conveyance of land, confirmed by a LCA and/or when the RP was issued based on such award, **carried with it the appurtenant right to water** for taro growing. *McBryde Sugar Company, Limited v. Robinson*, 54 Haw. 174, 188, 504 P.2d 1330, 1339 (1973); *See also Maikai v. Hasings & Co.*, 5 Haw. 133, 1884 WL 6659 (1884) (Holders of Kuleanas are entitled to water for irrigation purposes from the stream in the land which their Kuleanas are situated.) Unlike riparian rights, appurtenant water rights are incidents of land ownership. This includes the water on their lands and all the water which the lands had enjoyed from time immemorial. *Reppun*, 65 Haw. at 551, 656 P.2d at 70.

We are also enclosing the following documents that respond to the Commission's various comments:

1. File Plan - regarding location of the various apanas.
2. Enlargement of File Plan re LCA 4452:9, RP 7302.
3. Index re LCA 3237.

4. Land Patent No. S-8536 re LCA 3237:3 issued in 1960.
5. Copy of RP 6102

We trust our responses satisfies the Commission's comments. Please do not hesitate to advise the undersigned if you have any questions. Thank you for your consideration in this matter.

Very truly yours,

**WAILUKU COUNTRY ESTATES IRRIGATION COMPANY
and the WAILUKU COUNTRY ESTATES COMMUNITY ASSOCIATION, INC.**

Document	Commission Comment	WCEI/WCECA Comment
LCA 377	Appurtenant right claim documented for “cultivated” and “kuleana” land.	The description of the land in the LCA and the RP are the same. Consequently, both LCA and RP document the appurtenant right claim.
RP 5366	Appurtenant right claim documented	
LCA 406:1	11 Apana are listed. No specific ref to water use for Ap 1. Further documentation required for Ap1. NR, NT, and FT refer to loi, taro, sugar cane and potato patches but do not specify which apana.	The LCA states: “There are many dry taro lots in the ili of Puhiawaawa.” Puhiawaawa is apana 1. Consequently, appurtenant right is documented for apana 1. See the following that references “Puhiawaawa: 1. English translation 2. native register (English) that “some taro patches are at Puhiawaawa...” 3. native testimony (English) by Kuihelani: “There is a patch and a field at Puhiawaawa...”, by Kailihiwa: “There is a field and patches at Puhiawaawa...”
RP 5376	No ref to water use.	As well, the RP says that the land is in Puhiawaawa. This should be tied in to the LCA that says there are many dry taro lots in the ili of Puhiawaawa.
LCA 453: 1 & 2	Appurtenant right claim documented.	

RP 997	RP refers to LCA 3572. No ref to water use.	The File Plan refers to RP 997 (which we submitted for your reference only). However, we believe RP “997” is a typo on the File Plan (the “1” is missing) and RP “1997” is correct because RP 1997 cites LCA 453. Furthermore, RP 1997 mirrors the description in LCA 453 and as such documents the appurtenant right claim. Also, the register references taro patches and the native testimony references patches and farming.
LCA 2434 & 2435	LCA 2434 & 2435 are not shown on survey or TMK maps. Documentation provided for LCA 2435 but 2435 is crossed out. NR, NT, FT documentation provided for LCA 2434.	There appears to be two (2) LCA 2435's. One was issued to Kaakole (a copy was submitted) and the other was issued to Kahooke (a copy was submitted). The RP 6397 also states Kuleana Helu 2435 to Kahooke. However, we believe the LCA and RP for Kahooke showing 2435 are typos (and should be 2434) because the register and testimony for Kahooke (property in Wailuku) is numbered 2434 while the property for Kaakole (2435) is in Kapunakea. A poalima is referenced in the LCA for Kahooke. The register for 2434 refers to loi's and the native testimony refers to taro and 3 po'alimas and the foreign testimony references kalo and 3 poalimas on the property. See File Plan (LCA 2435 indicated below Lot 69) <u>NOTE: all LCA's that were commented as not located are shown highlighted on the File Plan.</u>
RP 6397	RP ref to LCA 2435.	See above. A poalima is also referenced in the RP. The description of the land mirrors the LCA.

LCA 2436:1, 2 &3	Appurtenant right claim documented for Ap 2. Survey map only shows Ap 2 but not Ap 1 or 3	LCA shows that all 3 apanas are identified as kalo (taro) lots and Apana 2 cites an auwai (ditch). See translation of LCA into English that was submitted. The LCA and RP references poalimas, the register references lois, native testimony references taro and poalimas and foreign testimony references kalo and poalima.

Royal Patent 6888 is indicated in the Index for LCA 3237 but it is land in Kalihi, Oahu. Before 1960, no RP was issued. The RP was issued in 1960 and only shows metes and bounds. A copy is attached.
