**Date:** Monday, November 14, 2022 1:51:48 PM

---

As a recognized appurtenant water rights holder off the Wailuku Town 'Auwai Kuleana System I am demanding the immediate termination and a subsequent ethical/criminal investigation of Mr. Kaleo Manuel and Mr. Dean Uyeno. Because of their vicious and vindictive personnel attacks of our recognized water rights, they have once again, in their professional capacity, are attempting to extinguish our appurtenant water rights. They are personally responsible along with third parties with these ILLEGAL actions.

Because of their actions in their official capacity within the Commission on Water Resources Management Mr. Manuel and Mr. Uyeno has caused Jordannelli Ann Ciotti (a senior citizen) to suffered harm and the loss of her kalo, maia (decimated), papaya ( destroyed ), awapuhi (stunted) ect. ect.

No one who is a recognized appurtenant water rights holder in the Na Wai Eha should ever have to go through and be subjected to, such a mean spirited, unethical and ILLEGAL actions that Mr. Manuel and Mr. Uyeno has brought upon the end users of the Wailuku Town 'Auwai Kuleana System. I am definitely accusing Mr. Manuel and Mr. Uyeno of the cowardly and despicable act of SENIOR CITIZEN ABUSE!

Per the decision of State vs. Street held on 09/28/22 the court has made it explicitly clear that appurtenant water right holders also enjoy appurtenant easement rights to their 'auwai system. The CWRM in its 01/22 meeting went into executive session on this very issue and came back with a no decision, with a very weak excuse attached to it, on why it took no action. The issue of appurtenant water rights/appurtenant easement rights has now been settled by the courts. The CWRM were given poor legal advice by the council.

As an end user of the Wailuku Town 'Auwai Kuleana System we are demanding the immediate restoration of our water rights with the flow rate we were accustomed to before the interference by Mr. Manuel and Mr. Uyeno representing CWRM. Per the court's decision we as end users have a right to remove all obstructions within our 'auwai so we have water that is unobstructed in its free flowing.

If, for whatever reason, the CWRM fails to or ignore to correct internally the corruption from within we will ask those that represent the Na Wai Eha ( Senator Keith Gil- Agaron and Representative ) in the political arena for an outside independent investigation into the corruption of CWRM and the with an emphasis on the abuse of senior citizens.

A hui hou

R. Street
