Aloha,

I would like the COMMISSION ON WATER RESOURCE MANAGEMENT to FINE Patrick and Naomi Guth (Guth Farms), because they Violated Section 174C- 93, HRS and Section 13-168-32, HAR Construction of a Stream Diversion Works Without a Permit.

I would also ask that Patrick and Naomi Guth (Guth Farms), and their After-The-Fact Stream Diversion Works Permit Application (SDWP.5508.6), Kahoma Stream, Lahaina, Maui, Tax Map Key (2) 4-5-016:888 and 4-5-017:888 (Stream) and 4-5-016:009, 4-5-017:005 and 007 (End Use) be DENIED.

Again my request is that Patrick and Naomi Guth (Guth Farms) be FINED and their permit application DENIED

Mahalo for your time,

Aloha Water Commission,

I am a Kuleana of Kahoma Valley and I live on kuleana lands in Kuholilea. I ask that you implement the full fines that are due to Guth Farms for violating section 174C93, HRS and Section 13-168-32, HAR Construction of a Stream Diversion Works Without a Permit. I also ask that you deny Guth Farms their "after the fact water diversion" permit. Within their 3.3 acre "farm" there are multiple water diversions and multiple home dwellings which have water storage outside of the stream for domestic uses. The rules are set in place to protect our water resources and stream life for us and the future generations. If one breaks the rules, they need to be held accountable. The Water Commission is the entity to uphold these rules of protection and you wouldn't be doing your job if you dismiss the fines and allow them a water permit.

Aloha Water Commission,

I am a steward and resident of kuleana land in Kahoma Valley. I am writing today in regards to the violations of the Guth farms. They have shown blatant disregard for the due process required for accessing the water and misrepresented their boundaries to excuse an excessive and dangerous amount of water use. Their three acres farm has many dwellings and water storage systems in addition to the huge amount t of water they are taking from the stream. I ask that you implement the full fines that are due to Guth Farms for violating section 174C93, HRS and Section 13-168-32, HAR Construction of a Stream Diversion Works Without a Permit. I am also asking you to deny Guth Farms any requests for "after the fact water diversion" permit.

The rules are set in place to protect our water resources and stream life for us and the future generations. We absolutely must learn from the past and not continue to abuse and over extend this resource.
