Historical note. This chapter is based on the Ocean Recreation Management Rules and Areas, effective October 1, 1988, and as amended thereafter by the Department of Transportation, Harbors Division. The administrative jurisdiction for recreational boating and related vessel activities was transferred from the Department of Transportation, Harbors Division, to the Department of Land and Natural Resources, Division of Boating and Ocean Recreation, effective July 1, 1992, in accordance with Act 272, SLH 1991. [Eff 2/24/94]

§13-256-1 Purpose and Scope. (a) The purpose of these rules is to reduce conflicts among ocean water users, especially in areas of high activity. The department has designated ten “Ocean Recreation Management Areas”, which are described in subchapters 2 through 11, of this chapter.

(b) All other waters of the state within three thousand feet seaward of the base line of the territorial sea are established as non-designated ocean recreation management areas subject to this chapter. [Eff 2/24/94] (Auth: HRS §§200-2, 200-3, 200-4) (Imp: HRS §§200-2, 200-3, 200-4)
§13-256-2 Interpretation. (a) If any section of these rules is inconsistent with any law of the State of Hawaii, or any laws of the United States, or any rule, or standard established pursuant to federal law, the State law or federal law, rule or standard shall govern. Nothing contained in these rules shall be construed to limit the powers of any department or agency of the state.

(b) These rules shall be construed liberally, consistent with the purpose stated in section 13-256-1.

(c) In areas designated for a specific use, if another use is not specifically restricted, that use is presumed to be allowed in addition to the use for which the area is designated, unless otherwise prohibited by this chapter. [Eff 2/24/94] (Auth: HRS §§200-22, 200-24) (Auth: HRS §§200-22, 200-24)

§13-256-3 Commercial operator permit requirements. (a) All operators of commercial vessels, water craft or water sports equipment shall apply for a commercial operator permit to be issued by the department. The applicant for such permit shall comply with the applicable provisions stated in Hawaii Administrative Rules, and Ocean Waters, Navigable Streams and Beaches, Sections 13-251-1 through 13-251-20. A valid commercial use permit issued to the owner of a vessel to operate from state harbor or launching ramp facilities shall satisfy the commercial operator permit requirement of this section for the operation of that particular vessel.

(b) The department shall establish and maintain a Recreation Advisory Committee of not less than three for each recreation management area as defined in this chapter to review and make recommendations for commercial operator permit to be issued by the department as required by this section. The department shall consider the recommendations of the Advisory Committee, but is not bound by the recommendations. Members of the Recreation Advisory Committee shall have not less than three years
§13-256-4 Commercial Vessel and water sports equipment registration requirements. (a) All commercial vessels, water craft or water sports equipment shall be registered with the department for commercial use in compliance with Sections 13-251-36 to 13-251-52.

(b) Commercial use permits issued by the department for commercial vessels operating from state harbors or boating facilities are exempt from the requirements of this section. [Eff 2/24/94] (Auth: HRS §§200-2, 200-3, 200-4) (Imp: HRS §§200-2, 200-3, 200-4)

§13-256-5 Commercial use permits; public auction. (a) Unless otherwise provided by law, all commercial use permits issued by the department under this chapter for thrill craft or parasail operations may be made at public auction under sealed bid after public notice.

(b) Before any prospective bidder is entitled to submit a bid for a commercial use permit, the prospective bidder shall, not less than six calendar days prior to the day designated for opening bids, give written notice of its intention to bid to the officer charged with issuing the commercial use permits. Each prospective bidder shall submit answers, under oath, to questions contained in a questionnaire, provided by the department, setting forth a complete statement of the experience, competence and financial standing of the prospective bidder. The names and the number of persons who have submitted a notice of intention to bid shall not be divulged. Information contained in the answers to the questionnaire shall remain confidential, and any government officer or employee who knowingly divulges or permits to be divulged any such information to any
person not fully entitled thereto shall be fined not more than $250. A questionnaire so submitted shall be returned to the bidder after having served its purpose.

(c) Advertisement for bids. Publication of a call for tenders shall be made not less than three times on not less than three different days in a newspaper of general circulation printed and published within the State and in a newspaper of general circulation published in the county in which the designated area is located. The first publication shall be not less than three weeks prior to the date designated for the opening of tenders. Notice of the call for tenders shall contain the following:

1. Location where the bid questionnaire is available;
2. Time and place of the opening of tenders;
3. General description of the designated area;
4. Specific use for which the commercial use permit is intended; and
5. The upset price as established by the department. Unless a higher amount is specified for a specific commercial use permit the annual upset price shall be $900.00, which is the monthly charge of $75.00. If the commercial use permit is located within an area which requires less than twelve months of operation, the upset price shall be adjusted accordingly.

(d) All bids shall be sealed and delivered to the officer advertising therefor and shall be opened by the officer at the time and place to be stated in the call for tenders which time shall not be less than ten days after the last publication, in the presence of all bidders who attend, and may be inspected by any bidder. All bids which do not comply with the requirements of the call for tenders shall be rejected. The officer calling for bids may reject any or all bids and waive any defects when in the officer’s opinion such rejection or waiver will be in the best interest of the public.
(e) All bids shall be accompanied by a deposit of legal tender, or a certificate of deposit, cashier’s check or certified check on a bank that is insured by the Federal Deposit Insurance Corporation, or on a savings institution insured by the Federal Savings & Loan Insurance Corporation or by a share certificate issued by a credit union insured by the National Credit Union Administration, in a sum of not less than five per cent of the amount bid, payable at sight to the officer advertising for tenders. A bid deposit may also be in the form of a surety bond conforming to the requirements of Section 103-31, Hawaii Revised Statutes.

(f) If the highest bidder to whom the commercial use permit is awarded fails or neglects to fully comply with the terms and conditions for the issuance of the commercial use permit within ten days after the award or within such further time as the officer awarding the permit may allow, the bidder shall forfeit the bid deposit to the State. If the permit is issued, the bid deposit shall be returned to the permittee upon receipt of the first monthly payment. The deposits made by the unsuccessful bidders shall be returned to them after the commercial use permit is issued or if the commercial use permit is not awarded or issued after the officer’s determination to publish another call for tenders or not to issue any commercial use permit.

(g) The commercial use permit shall be awarded to the highest qualified bidder. If there is more than one authorized commercial operating area in a particular designated area, then the permit for each operating area shall be made by a separate call for tenders.

(h) No commercial operator shall be awarded more than one commercial use permit per designated area. Each bidder shall be awarded only one commercial use permit per designated area. Thus, if a bidder is the highest qualified bidder on more than one operating area then that bidder shall choose one operating area and the bidder’s other bids shall be deemed withdrawn.
(i) Each commercial use permit shall be valid for one year with an option to renew the commercial use permit no more than four times, which shall be accomplished on or before the anniversary date of its initial issuance. A permittee interested in renewing its commercial use permit, shall however, notify the department sixty days before the expiration of the commercial use permit of its intent to renew. The terms and conditions during the renewal period shall be the same as those applicable to the initial issuance except as to the renewal option which shall in no event cause the commercial use permit to be renewed more than four times. At the end of the fourth renewal period of the permit, the permit may again be offered for public auction, provided that the previous permittee shall be offered the right of first refusal at the new upset price.

(j) Monthly payments for a commercial use permit shall be based upon 1) one-twelfth of the bid price or 2) a percentage of the monthly gross receipt equal to two per cent, whichever is greater. Gross receipt is defined in §13-256-12.

(k) The commercial use permit does not give the permittee any vested property rights. The department reserves the right not to issue or renew any commercial use permits. [Eff 2/24/94] (Auth: HRS §§200-2, 200-3, 200-4) (Imp: HRS §§200-2, 200-3, 200-4)

§13-256-6 Transferability of commercial use permits. (a) A commercial use permit issued to an individual is non-transferable, so that whenever the permittee parts with possession or transfers the title to or interest in the vessel identified in the commercial use permit to another person or business entity by any arrangement, the commercial use permit shall expire. The new possessor, transferee, or owner of the vessel shall have no right to use the commercial use permit. Notwithstanding the prohibition of individuals transferring commercial use permits, the department will allow the one-time transfer of ownership of the vessel from personal ownership to
corporate or other business ownership without terminating the rights to operate the commercial vessel under the commercial use permit.

(b) The following rights, conditions, and restrictions apply to commercial use permits issued to a corporation or other business entity.

(1) Any person owning an interest in a corporation or other business entity possessing a valid commercial use permit issued by the department may transfer any or all stock or other interest to another person without terminating the right of the corporation or business entity to retain or renew its commercial use permit; provided that the corporation or business entity has been engaged in the same commercial vessel activity for a minimum of one year and provided that the department is notified within 7 days of the transfer of all transactions that amount to a transfer of the stock or interest, as defined in section 13-256-7 in the corporation or business entity by the owners of record.

(2) The business transfer fee must be paid before any transfer is permitted.

(c) A commercial use permit issued for a thrill craft or parasail operating area shall automatically terminate upon the transfer of any or all interest in the corporation or other business entity holding the permit. [Eff 2/24/94] (Auth: HRS §§200-2, 200-3, 200-4, 200-10, 200-24) (Imp: HRS §200-2, 200-3, 200-4, 200-2, 200-3, 200-10)

§13-256-7 Business transfer fee. (a) Whenever a stockholder or owner of an interest in a corporation or other business which has been issued a commercial use permit sells or transfers stock or interest in the corporation, either as a single transaction or as an aggregate of several transactions, to any person or business entity who is not a stockholder or owner of record on the effective date of these rules, the
seller or person transferring such stock or interest shall pay to the department a business transfer fee which is the greater of (1) two per cent of the gross receipts which are directly attributable to the use of the commercial use permit issued by the department for the twelve month period prior to the date of sale, or (2) ten per cent of the net value of the sale of the stock or interest in the business as determined by the difference between the sale price and an equal percentage of the appraised value of the assets of the business.

(b) The value of the stock or interest transferred shall be as mutually agreed to by the seller and the department. In the case of a business which engages in more than one type of business activity, only the value of the business activity which is dependent upon the possession and use of the commercial use permit shall be considered for the purposes of this section. In those cases where the transfer is made for consideration other than legal tender, the appraised or market value of the item of consideration given in exchange for the interest in the business shall be used.

(c) If the seller and the department are unable to agree on the value of the interest transferred, that value shall be determined through arbitration by an independent party acceptable to both the seller and the department. The cost of the arbitration shall be borne by the party in whose favor the final value is determined. [Eff 2/24/94] (Auth: HRS §§200-2, 200-3, 200-4) (Imp: HRS §§200-2, 200-3, 200-4)

§13-256-8 Owner required to report change in ownership, address and other changes. (a) In addition to the provisions in section 13-251-44, the holder of any commercial use permit issued under this chapter shall notify the department in writing within seven days if:

1. The owner no longer has possession of the permitted vessel or water sports equipment.
(2) All or any interest in the permitted vessels or water sports equipment is transferred to or assigned to another person or business entity.

(3) The owner’s address or telephone number changes.

(b) “Transfer” as used in this section means any sale, assignment or lease of the permitted vessel or water sports equipment; the change in ownership or transfer of stock in a corporate owner which results in a change of the majority stockholder; or the sale or assignment of interest in any other business entity which results in a change of the owner holding the majority interest.

(c) “Interest” as used in this section includes any claim of right, title, ownership of stock, shares, profit, benefit or gain in a corporation, partnership, joint venture or any other business entity that has a commercial permit issued under this Chapter. [Eff 2/24/94] (Auth: HRS §§200-2, 200-3, 200-4) (Imp: HRS §§200-2, 200-3, 200-4)

§13-256-9 Insurance. The insurance requirements for commercial vessels shall be not less than $50,000 for property damage and not less than $500,000 personal liability for vessels authorized to carry one to twenty-five passengers, and not less than $1,000,000 for personal liability for vessels authorized to carry more than twenty-five passengers. The liability insurance shall name the State as additional insured. [Eff 2/24/94] (Auth: HRS §§200-2, 200-3, 200-4) (Imp: HRS §§200-2, 200-3, 200-4)

§13-256-10 Revocation. (a) The department may immediately revoke a commercial use permit without the necessity for a hearing for any activity which does or may endanger the health or safety of passengers or the public.

(b) The department may revoke a commercial use permit for violation of any rules of the department if
after 72 hours notice of the violation by the department the permittee fails to cure the violation.

§13-256-11 Fees. (a) Fees required to be paid to the department are as follows:

(1) Registration fee. A registration fee payable at time of issuance and renewal shall be as prescribed in section 13-253-1;

(2) Operator permit fee. A commercial operator permit fee payable at time of issuance and or renewal of the permit shall be as prescribed in §13-253-2;

(3) Commercial operating area use permit fee. A monthly commercial use permit fee shall be the greater of $75.00 per month, payable in advance, or 2% of the monthly gross receipts. The report of gross receipts shall be submitted to and received by the department not later than the end of the month following the month covered by the report and shall be submitted on a form acceptable to the department. A permittee possessing both a harbor commercial use permit and a commercial operating area use permit who is paying 2% of gross receipts under the commercial harbor use permit shall not be required to pay an additional 2% of gross receipts under the commercial operating area use permit.

(b) Delinquency in the payment of any fees owed to the department will result in automatic revocation of the commercial operating area use permit. [Eff 2/24/94] (Auth: HRS §§200-2, 200-3, 200-4) (Imp: HRS §§200-2, 200-3, 200-4)

§13-256-12 Gross receipts. (a) Gross receipts as used in this chapter means all moneys paid or payable to the account of the commercial permittee,
for services rendered, or resulting from trade, business, commerce, or sales by the vessel or water sports equipment owner when the services, trade, business, commerce, and sales have a direct relationship to the vessel.

(b) Each commercial permittee shall be responsible for submitting to the department a monthly statement of its gross receipts. [Eff 2/24/94] (Auth: HRS §§200-2, 200-3, 200-4) (Imp: HRS §§200-2, 200-3, 200-4)

§13-256-13 Mooring of rafts and platforms. Except as permitted by the department, permanent or temporary mooring of rafts and platforms for use in thrill craft, parasailing and other water sports activities is prohibited. Rafts and platforms shall be removed daily from state waters or located in a designated anchorage or harbor in accordance with a valid permit issued by the department. Ground tackle for mooring of rafts and platforms shall not be placed on live coral. [Eff 2/24/94; am 6/16/03] (Auth: HRS §§200-6, 200-22, 200-24) (Imp: HRS §§200-6, 200-22, 200-24)

§13-256-14 Safety and enforcement. The restrictions cited in this chapter shall not apply in the event of an emergency, to law enforcement or rescue craft, or to vessels participating under a valid ocean waters event permit issued by the department or the U.S. Coast Guard. [Eff 2/24/94] (Auth: HRS §§200-2, 200-3, 200-40) (Imp: HRS §§200-2, 200-3, 200-4)

§13-256-15 Commercial vessel shoreline access. No commercial vessel shall land, embark or discharge passengers at any state or county facility, or at other public beaches except for locations at which the permittee has been issued an appropriate permit by the department or a lease or permit by the board of land
and natural resources or a county, or within designated ingress/egress zones. [Eff 2/24/94] (Auth: HRS §§200-2, 200-3, 200-4) (Imp: HRS §§200-2, 200-3, 200-4)

§13-256-16 Thrill craft operations; general provisions. (a) No person under fifteen years of age shall operate a thrill craft. No person shall permit, or mislead another person into permitting, a person under fifteen years of age to operate a thrill craft.

(b) No person shall operate thrill craft within a marine life conservation district or marine natural area reserve.

(c) Thrill craft operations shall be curtailed in certain designated areas as described in subchapters two through eleven as necessary, to: 1) avoid possible adverse impacts on humpback whales or other protected marine life; 2) provide for increased public access; 3) reduce user conflicts; and 4) promote overall public safety.

(d) Effective January 2005, all recreational thrill craft operators shall be required to possess, and make available upon demand of enforcement personnel, a certificate of completion from an accredited institution of higher education on the safe use and operation of a thrill craft. The State may recognize reciprocity with other states, i.e., the National Association of State Boating Law Administrators (NASBLA) approved portion of the personal water craft course; however, all operators shall be required to complete the portions of a certificate course for Hawaii that includes, but is not limited to:

(1) Local ocean safety principles and practices;
(2) The historical, cultural, and customary practices of Hawaii’s ocean users; and
(3) Any rules or laws pertaining to protected species and thrill craft operation in the State.

(e) All thrill craft operators and passengers shall be required to wear a personal flotation device
§13-256-17 Recreational thrill craft operations.  
(a) Access to and from designated recreational thrill craft operating areas shall be by the most direct route consistent with safety considerations. Thrill craft operators shall not exceed a speed of slow-no-wake when within three hundred feet of the shoreline.  
(b) In non-designated ocean recreation management areas, recreational thrill craft may operate only in state waters between five hundred feet from the shoreline or the outer edge of the fringing reef whichever is greater and two miles off the islands of Kauai, Oahu, Maui and Hawaii.  
(c) In designated ocean recreation management areas, recreational thrill craft may operate only within locations designated for recreational thrill craft use.  
(d) No thrill craft shall be operated for profit or gain in a recreational thrill craft operating area.  
(e) Recreational thrill craft may gain access to state waters only from launching or harbor facilities or from private beach front property. [Eff 2/24/94] (Auth: HRS §§200-22, 200-24) (Imp: HRS §§200-22, 200-24)

§13-256-18 Commercial thrill craft operations, commercial high speed boating and water sledding operations.  (a) No commercial thrill craft, high speed boating or water sledding activities shall be conducted on the waters of the State unless the owner has applied for and been issued a commercial operating area use permit for a designated commercial thrill craft, high speed boating or water sledding operating area, in addition to any commercial use permit required for state-owned facilities. No more than one commercial operating area use permit shall be issued.
to an owner to conduct commercial thrill craft, high speed boating or water sledding.

(b) Commercial thrill craft are limited to operating within a two hundred foot radius of the permitted designated location except as otherwise designated. The number of thrill craft permitted to operate within each commercial thrill craft operating area shall be as directed by the department, not to exceed a limit of six rental units and two safety units per area. Water sledding operations may be conducted in the designated thrill craft areas only if no other thrill craft activity is ongoing in said area.
