This Appendix provides readers with a paper copy of the original Māhele Register and Testimony documents cited in Volume I of *Kumu Pono Associates* study “*Wai o ke Ola: He Wahi Mo‘olelo no Maui Hikina*” (KPA Report MaHikina59-011702). In October 2000, *Kumu Pono Associates* made arrangements with the Hawaii State Archives, and contracted with Advanced Micro-Image, to digitize the entire collection of original records of the Register, Testimony, Mahele Award Books, and Royal Patents (most of which are in the Hawaiian language). The records herein were printed from digitally scanned documents, and are the source of the summary translations prepared by Maly.

J. 311. John F. Caswell

October 3rd

This is a claim to land in Hamakua Co. Eastward called Ulumahu.

Charles Pocket sworn. I know Mr. Caswell's land on Maui in the district of Hamakua. Called Ulumahu. I do not know the bounds of it.

When Caswell received this land I was working for Gov. Hoopili. I did a great deal of work for him at that time. I then told Hoopili that I was to work for none but himself unless I was paid for it. I fixed about twenty muskets for the King, took them up at his house and asked payment. He said "I have given you a large sum at Hamakua." John Stevens, Kinimaka and others were present. They spoke up, and said No; you have given the land to Freeman (claim). They said "Charley has only two lands from Hoopili." The King then said to me: "Oh - I did not know you had parted: for we had before worked together in the Blacksmith business. The King then said, "Let that go. You shall not get any more work done. I will pay you."

After that I did a great deal more work for him and he gave me an order for Cattle on his head at Whilukia, which was paid.

The land referred to by the King as having been given to Freeman Caswell, was Ulumahu; the land claimed. This was in 1838. Caswell has ever since lived upon it in peace, cultivating it and sawing lumber &c. I never heard of his having been disturbed. nor do I know the quantity of land in this place.

Resumed Page 35

1848

I went with Mr. Metcalf when he made the Survey of Mr. Phillips lands - "Lamioptro". I went to point out the bounds of the land at Mr. Phillips request, and Mr. Metcalf surveyed it according to the boundary line I fixed, and which was agreed upon by the Parties in 1841: that is - the Compass was sighted and the chain was carried from the center to the Grove Yards at the sea side to the hog-pen inland. This Survey was made according to Phillips direction, who was there on the ground. He found no fault, but the chain was run as he desired: right straight from the Grove Yards up to the hog-pen -

Thomas Phillips sworn for Claimant. I have never seen the land of Caswell - but I remember 3 or 8 years ago, he went with me to the King, and asked him for a land; and the King, who always said "Yes", when asked for a land, said to Caswell "Yes; you may have a land; go and look out a land that you are certain belongs to me; and you shall have it. I went again with Caswell to the King, and he said "Yes, Mamuti"; and this was all we could get out of him. Namauu was present and said, I am ashamed to have this man Caswell constantly running to the King for a land; for you know he always will say "Yes"; and in this way he is greatly vexed and guilty of wrong, because he cannot refuse a man, though he would like to do so. Therefore

Namauu said, let him do no more, and I will give him one of my lands. He mentioned two lands of the same name that he had in Hoamaku; and said to Caswell, he might have one of them. I do not remember the name of these lands; and do not know which one he took. This is all I know about Caswell's lands.

George Lawrence sworn for C. I know the land of Caswell in Hoamaku; on Maui. It is called Kulu-malo. I heard he had this land from Namauu; He took possession of it, to the best of my recollection 8 or 9 years ago; and has lived there ever since. I cannot give the boundaries of this land: it is in part occupied by Natives; but I cannot say how many. I do not know whether there is any Counter Claimant to this land; I have not heard his title disputed.

William Shew sworn for C. I cannot say that I know the land of Caswell in Hoamaku; but I know he has been living on a land in Hoamaku I should say 10 years, to the best of my recollection. I do not know how he got it except from himself, who told me that Namauu was the King's steward and had given him a land.

C. 143. Robert Read

Nov '27

Stephen Grant sworn for C. I know the house lot of Robert Read in Pahaina - it is on the mauka side of Main St. bounded mauka by land of Imiwala; Olowalu side by Isaac Hoare bottles; on sea side by Main St. and on Kanipali side by land of Isaac Revis. It is fenced and has two houses on it. Claimant had this land from

the King, who gave it to him 8 or 9 years ago, I cannot say exactly when. He has had peaceable possession of the same up to the last April, when he died. It is now in the possession of his Son, Stephen Peas. I know of no Counter claim to this land.

William Ap. Jones sworn for C. I am well acquainted with the lot of Robert Peas in Kahana. It is bounded as described by Mr. P. Grant in his testimony this day given. The King gave Claimant this land about 8 years ago, and he occupied the same in peace up to the time of his death in April last. I never heard his title disputed, and the land, since his death, has been held by his Son and only Child, Stephen Peas, I cannot give the exact time when the land was given to Mr. Peas.

C. 209. Stephen Grant.

Nov. 27.

Malio. sworn for C. I know the lands of Mr. Grant, they are called Patea and Poatea; they are situated in Koolau on the Island of Maui. I cannot give their exact bounds, but I could point them out in part. I know Claimant got these lands of Hikiia a petty Chief, when Hoapili-kane was Governor of this Island, and when Waawai was Kuncauhau of that district about 1839. They were a mere gift to Mr. Grant according to the Custom of the Country, and there was nothing paid for the lands. Mr. Grant has had quiet and peaceable possession of them from the time of the gift down to this day; and I know of no Counter Claimant. I have always lived on the land since Mr. Grant came to their possession.

Stephen Grant. I know the land here claimed by Mr Caswell. It is Hamakualoa, Island of Oahu, and called Uluama. It is a very large land but I know nothing of its bounds.

About 1827. Caswell came to me and asked me if I could let him have some money and I asked him what he wanted it for. He said if I can raise forty dollars I am going to get a land in Hamakualoa from Kamae. I told him I was short, and could render him no assistance. I saw him a few days afterwards, and he told me he had managed to get the money and was going over to take charge of his land. Some time afterwards he told me he was all right, that he had got a fine land in Hamakualoa. I knew he had possession of a land over there, and that he called Kamae his chief, that he used to get rafters from it on the working days of the Chief, namely on Fridays.

The land was always spoken of as Caswell's. I never heard Kamae or any one else than the Chief say anything about the land. He planted sugar cane on the land, and took timber from it. Kamae was in Lahaina at this time. Caswell held this land at the same time as I held mine, i.e. according to the customs of the Country. Kamae was the Lord of the land, and Caswell did his *pralima* work. We held our lands at the sufferance of the chiefs and when they saw fit to turn us off, they might with impunity.

Mataia Nekuanao says that there is a portion of Uluama, which was given Caswell's wife, a small piece and he has no objection to her having this, but for the balance Caswell has

Kamakahiki Sr. I know the land of Male and what Kaahia testified concerning it, is correct.

C. 2002. Mabilias.

Waaka Sr. I know the land of Mabilias. It consists of three lots in one piece, in the ili of Liliu, in Waikiki, Oahu.

It is bounded, Waaka, by Waaka's land, Waiaia and Makai sides, by the same. Honolulu, by Piliuli's land.

The Claimant rec^d it from Kamahine who is now dead. He received it in the days of Kaahumahu I, and has possessed it in peace ever since.

Kealiikuli Sr. I have long known this land, and the testimony of Waaka is correct. I am a neighbor of the City.

C. 2003. Makaha.

The Claimant appeared and said he wished to withdraw his claim, for he occupied it under Waiwi.

C. 6249. Waiwi.

This is a claim for an ili of land called Makali'i, and an Ahupua'a of land in Kamakulua, Maui, called Ka-naawana.

The Clt. appeared, and substantiated his claim, by showing certificate by G. P. Judd that these lands had been set apart to him at the division of lands with the King, as will more fully appear by reference to the register in the office of the Minister of the Interior.

land. Clewale, by Mutehu's land. Mutehu by the same. Haunapali, by the high Pali.

The piece of 5 lots, is bounded. Maueka by the high Pali. Clewale, by Mutehu's land. Mutehu by Mutehu's Tula, Haunapali, by the Crake and the Pali.

The Tula piece, is bounded. Maueka by Tapa's little village. Clewale by Tachihutolo's land. Mutehu, by the Gov't road. Haunapali, by the land of the heirs of Manamau.

Mutehu Sr. I am the brother of Mutehu now dead. This Tula land in dispute between Tikerone and Mutehu and others was the property of Mutehu and others before Mutehu gave it to Tikerone. Consequently it was their land, and Mutehu had no right to give it away. She might give away feudal land, but not the land of the tenants. It was very wrong for her to dispose of this land, and consequently it was restored to them.

Ct. 3315. Kalahele & Nani's

This claim was heard July 5th under Ct. 3316. Kalahele.

Ua, sworn, and being shown the survey made by Mr. Alexander, says he knows the piece of land represented, and that it belongs to claimant. It was given to Si by Hoapili Kane in the year 1835 as an absolute gift. Claimant has held uninterrupted possession of the place up to this time - has a house on it and always cultivated it.

(Copy) Resolved, that in view of the statement of His Majesty, that it was his intention originally to have the division of lands made to secure to Daniela Si of Maui, "Kusho" in Hamakua Ioa and "Haka Lepo" in Lahaina, and to the Government, "Kahulu" on Lanai, but that the matter was forgotten at the time, the Minister of the Interior is authorized to correct the decision on record accordingly.

Claimant said he had sent his award to Mr. Robertson to get a Royal Patent. But a pualima remains within the boundaries surveyed by Mr. Turner. It has now been surveyed by Mr. Kittredge, will Mr. Robertson if proper get the award from the Land Office and send it to Wailuku for correction, or retain it to be corrected at Honolulu by Mr. Kittredges survey.

Kelii 4849^E Kalohedau. Clt.

Two lots in Honolulu awarded to Clt. are said by all the people to be pualimas, while Clt. was Kamehameha's luma in Honolulu. Kaula he had the use of these lots as Kamehameha, in the same manner as his predecessor had done, and also as his successor had them since, but in my opinion he entered a claim wrong fully for the lots and they should

be stricken from his award unless the time is past for correcting it. This probably occupy an entire lot in the award of E. L. T. running thus Beg. at S.W. corner of run S. 80 3/4° E. 1.32 ch. N. 90° E. 2.42 ch. N. 79 1/2° W. 1.09 ch. & c. and make about 3/10 of an acre.

E. L. T. says his award is in the Land office waiting a Royal Patent, and he will soon go for it.

At 24 1/2 B. Kaitiaki. E. L. T. 1 Lot in Award.

Sometime in Apr & May 1853. I surveyed this lot for E. L. T. or rather his heirs for E. L. T. as deeded. Kaitiaki had me, and seemed to have the care of the lot. I found it very large & took such notes at the time that I could reduce it, if necessary to much smaller dimensions.

Afterwards learned that Kaitiaki had had me awarded a large lot some 13 Acres I think which he himself had leased of Hwahawa and which he evidently intended by fraud to have connected with the lot of Kaitiaki to which he seemed to be the heir, and in which he seemed to feel a paramount interest. Of course I cut off a large part of what I had surveyed leaving only what it was said had been cultivated by E. L. T. But it afterward appeared by common report that E. L. T. had not planted Irish potatoes on the greater part of it till quite recently if at all.

I therefore went up to resurvey the lot when the son & heir of E. L. T. appeared in person & refused to have any part of it surveyed, unless I would survey all he wished, which I could not do. I therefore left it & would recommend that the whole lot be stricken out according to the testimony of Kaitiaki in the case of Kaitiaki and common report.
