(See Exhibit B)

APPLICANT REQUIREMENTS:

None (CSF 21978 for the subject parcel is available)

BACKGROUND:

The Legislature in 2003 found that certain public lands classified for agricultural use by the Department of Land and Natural Resources (DLNR) should be transferred and managed by the Department of Agriculture (DOA) for the development of farms on as widespread a basis as possible which is established by Article XI, Section 10 of the State Constitution. This resulted in the passing and signing of Act 90, Session Laws of Hawaii 2003. Later, Act 235, Session Laws of Hawaii 2005 passed establishing a non-agricultural park lands special fund at DOA for the collection of lease rents, fees, penalties, and any other revenue or funds collected from non-agricultural park lands that are transferred, or in the process of being transferred from DLNR to DOA.

The Land Board at its December 9, 2005 meeting, under agenda item D-1, approved staff’s recommendation subject to the Board of Agriculture approval, recommend to the Governor the issuance of a set aside to Department of Agriculture for agricultural purposes various properties managed by Land Division.

The subject parcel has been leased for diversified agricultural purposes pursuant to Revocable Permit No. 1603 since 1956. The permit was eventually cancelled in 1995 upon the death of the permittee. Since then, the parcel has been vacant. Staff understands that the Department of Agriculture (DOA) plans to lease out the subject parcel. Therefore, DOA agree that the parcel should be set aside to them for agriculture
purposes pursuant to the policy in Act 90, SLH 2003.

The highest and best for this parcel will be for agriculture purposes.

Staff did not solicit comments from other agencies as the request is for housekeeping purposes only.

There are no pertinent issues or concerns and staff does not have any objection to the request.

RECOMMENDATION: That the Board:

1. Declare that, after considering the potential effects of the proposed disposition as provided by Chapter 343, HRS, and Chapter 11-200, HAR, this project will probably have minimal or no significant effect on the environment and is therefore exempt from the preparation of an environmental assessment.

2. Approve of and recommend to the Governor the issuance of an executive order setting aside the subject lands to Department of Agriculture under the terms and conditions cited above, which are by this reference incorporated herein and subject further to the following:

   A. The standard terms and conditions of the most current executive order form, as may be amended from time to time;

   B. Disapproval by the Legislature by two-thirds vote of either the House of Representatives or the Senate or by a majority vote by both in any regular or special session next following the date of the setting aside;

   C. Review and approval by the Department of the Attorney General; and

   D. Such other terms and conditions as may be prescribed by the Chairperson to best serve the interests of the State.

Respectfully Submitted,

Barry Cheung
District Land Agent

Chap. 343 Trigger(s): Use of State Land

Staff understands the subject parcel has been used for agriculture purposes in the past. Department of Agriculture is charged with maintaining agricultural land and water resources for Hawaii’s agricultural industry. The use of the subject land will still be for agriculture purposes and will not substantially change from the previous use existed on the parcel. Therefore it is recommended that the subject request be exempted from an environment assessment.
