REMARKS:

By Executive Order No. 1040 dated November 27, 1943, control of the subject property was placed in the Territorial Department of Public Instruction, now the Department of Education (DOE). DOE operated a public school on the site until 1973, when the students were transferred to Mountain View Elementary School. Until 2010, DOE used the facility as an outdoor education center for elementary students on the island of Hawaii. Budgetary constraints caused DOE to terminate this program, and the facility was subsequently licensed on a year-to-year basis to Volcano School of Arts and Sciences (Volcano School), a public charter school, commencing on July 1, 2010 (the 2010 License). See Exhibit B attached.
Volcano School uses the facility as its middle school campus, and is the recipient of a $618,000 grant-in-aid from the 2011 Legislature to expand the facility to better accommodate its middle school program. By memorandum dated April 30, 2012, Kathryn S. Matayoshi, Superintendent of the Department of Education, advised that Volcano School will use the facility for the foreseeable future and that DOE is agreeable to a long-term lease of the property to Volcano School. DOE and Volcano School subsequently executed a Lease Agreement effective as of August 1, 2012, a copy of which is attached as Exhibit C.

The lease specifies that the premises shall be used for a charter school. Accordingly, staff believes that the lease is consistent with the purpose of the executive order. Staff is presenting the request to the Board for after-the-fact consent because Volcano School has operated on the premises under the 2010 License and the Lease Agreement since July 1, 2010.

RECOMMENDATION:

That the Board consent after-the-fact to the 2010 License and the Lease Agreement between the Department of Education and Volcano School of Arts and Sciences, subject to any applicable conditions cited above which are by this reference incorporated herein and further subject to the following:

1. Review and approval by the Department of the Attorney General; and

2. Such other terms and conditions as may be prescribed by the Chairperson to best serve the interests of the State.

Respectfully Submitted,

Kevin E. Moore

If one or more portions of the Premises are withdrawn from Executive Order 1040, they shall simultaneously be withdrawn from this Agreement. If such withdrawn portion(s) render the remainder of the Premises unusable by Lessee, Lessee may terminate this Agreement after 30 days prior notice to Lessor.

4. Consideration. The rental fee for the term shall be $0.00 (zero dollars and cents). Fair market lease rental value shall be offset by the maintenance, protection, improvement, repair, or restoration to be provided by the Lessee.

5. Insurance. Lessee shall carry fire insurance with broad form coverage for the replacement cost of the improvements on the Premises and general liability insurance (minimum $2,000,000) naming Lessor as additional insured if Lessee is not covered by insurance obtained by the State of Hawaii’s risk management program.

   a. Lessor understands that Lessee intends to improve the property by adding buildings and other facilities to accommodate its full educational program. Lessee will act as "approving agency" for purposes of obtaining permits and carrying out applicable statutory procedures; provided, however, that Lessee shall not construct or place on the Premises any improvements or make any additions or structural alterations thereto or erect or place any exterior fixtures on the Premises except in accordance with a building, sign, or other applicable permit, a true copy being furnished to Lessor before commencement of work, and in accordance with plans and specifications, all of which shall be done by a licensed contractor and/or prepared by a licensed architect and first submitted by Lessee to and approved in writing by Lessor, and shall at Lessee’s expense complete any such improvements diligently after approval of the plans and specifications thereof. Lessee shall furnish Lessor as-built plans and specifications of the improvements within sixty (60) days following the completion of construction of any improvements. All improvements shall be insured for their replacement cost.
b. Lessee shall be responsible for obtaining any and all permits required for such construction. Lessor shall cooperate with Lessee as necessary or desirable in the permit application process.

7. Utilities, maintenance, and repair. Lessee shall be responsible at its sole cost and expense for the operation, repair, and maintenance, including utilities, of the Premises. Lessee shall at its sole cost and expense (a) keep the Premises neat, clean, and in good repair and (b) repair promptly any damage from whatever cause.

9. Casualty Loss. In the event that any portion of the Premises is destroyed or damaged by fire, water, hurricane, wind or other natural or manmade disaster, Lessee shall, as soon as reasonably possible after the loss, restore the Premises to substantially the same or better condition as prior to such damage.

11. Assignment, Sublease, Mortgage. Lessee may not assign, sublet or mortgage this Lease.

12. Use of Premises by Others. Lessee shall make the Premises or any portion thereof available for general recreational purposes and for public community use whenever these activities do not interfere with the normal and usual activities of the school and its pupils as provided by law.
