Land Division
Honolulu, Hawaii 96813

October 26, 2012

Board of Land and Natural Resources
State of Hawaii
Honolulu, Hawaii

PSF No.: 12OD-132

OAHU

Sale of a Lease at Public Auction for Industrial Use Purposes, Moanalua,
Honolulu, Oahu, Tax Map Key: (1) 1-1-064:006.

REQUEST:

Sale of lease at public auction for industrial use purposes

LEGAL REFERENCE:

Sections 171 -6, -14, -16, -17, -41 and other applicable sections of Chapter 171, Hawaii Revised Statutes, as amended.

LOCATION:

Portion of Government lands situated at Moanalua, Honolulu, Oahu, identified by Tax Map Key: (1) 1-1-064:006, as shown on the attached map labeled Exhibit A.

AREA:

9,005 square feet, more or less

ZONING:

State Land Use District: Urban
City and County of Honolulu LUO: I-2

TRUST LAND STATUS:

Section 5(e) lands of the Hawaii Admission Act

DHHL 30% entitlement lands pursuant to the Hawaii State Constitution: No

CURRENT USE STATUS:

Vacant and unencumbered

CHARACTER OF USE:

Industrial use purposes

LEASE TERM:

Thirty (30) years

COMMENCEMENT DATE:

Sixty (60) days after the date of sale; provided that if such date is not on the first day of any month, the commencement date shall be the first day of the month following such date; and further provided that the Chairperson may amend the commencement date for good cause.

MINIMUM UPSET ANNUAL RENT:

The Division does not have a licensed appraiser on staff¹, therefore, staff recommends the Board authorize use of the current land tax assessed value of the subject parcel, and take an eight (8) per cent rate of return for the purpose of setting the minimum upset annual rent. The calculation is provided below:

Land Assessed Value as of October 1, 2011	\$ 769,900
8% rate of return	\$ 61,592
Say	\$ 61,600

METHOD OF PAYMENT:

Semi-annual payments, in advance.

RENTAL REOPENINGS:

At the end of the 10th and 20th years of the lease term.

PERFORMANCE BOND:

Twice the annual rental amount.

RENT WAIVER:

The rent may be waived for a maximum period of twelve (12) calendar months upon a completion of substantial improvements on the subject parcel. See the "REMARKS" section.

¹ Staff notes that neighboring properties are assessed at a substantially higher land value. Nevertheless, in light of the fact that the Division does not have a licensed appraiser and because we are only establishing here the minimum upset, staff recommends proceeding with the formula noted above.

section.

PROPERTY CHARACTERISTICS:

Utility services such as water, sewer and power are available.

There are no existing site improvements.

Staff has verified that there is legal access to the subject parcel off of Kilihau Street.

Staff has verified that the subject parcel is a legally subdivided lot.

Staff has verified that no encumbrances currently exist on the subject parcel.

CHAPTER 343 - ENVIRONMENTAL ASSESSMENT:

The proposed disposition of a lease at public auction does not constitute a use of State lands or funds, and therefore, is not a trigger for the provisions of Chapter 343, HRS, relating to environmental impact statements. Inasmuch as Chapter 343 environmental requirements apply to the successful lessee's use of the lands, the successful lessee shall be responsible for compliance with Chapter 343, HRS, as amended, prior to the issuance of the proposed lease.

REMARKS:

The subject parcel is rectangular in shape and is located at the corner of Kakoi Street to the east, and at Kilihau Street to the north, situated in Mapunapuna. The H-1 freeway airport viaduct and Kamehameha Highway are located to the south. The U-Haul Company of Hawaii, Inc. is located to the west. Ingress and egress to the subject parcel is via Kilihau Street, only. Currently, the subject parcel is unpaved. Surrounding land usage consists predominately of industrial use.

In 1999, Island Demo, Inc. ("ID") was the successful bidder of a public auction previously held to lease the subject site, formerly encumbered by GL 5590. At that time, ID was also the successful bidder for the property encumbered by GL 5564, located nearby on the same block. Both leases were finalized for a period of thirty five (35) years, for industrial use purposes.

Flooding issues allegedly affected the subject parcel in early December 2003, triggering a civil lawsuit filed by ID, against the State of Hawaii, as a co-defendant, claiming monetary losses.

In December 2008, an appraisal firm was hired to conduct the rent reopening for the above-mentioned two leases.

Subsequently, ID was advised of the new lease rent. ID did not agree to the increased lease rent, and subsequently initiated the arbitration process for both leases.

In April 2012, ID requested that the Board agree to the release of all its bonds held on deposit for the subject parcel encumbered by GL 5590, and to mutually agree to its termination without any further monetary penalty or financial obligation. Following a successful completion of a Phase 1 environmental study for the subject site, the Board, on April 27, 2012, under agenda item D-10, approved the mutual termination of GL 5590. ID continues to occupy the other site encumbered by GL 5564.

Since GL 5590 was terminated, staff received multiple inquiries for leasing the subject parcel. Staff expects to hold a successful auction for a new lease encumbering the subject parcel. In order to enhance the attractiveness of the auction, staff recommends that the Board waive the rent for a period up to the first twelve (12) months provided the tenant completes its proposed improvement as approved by the Chairperson. Staff notes that such rent waiver shall only become effective retroactively when the completion of improvements is evidenced by a Notice of Completion issued by the county.

Further, in the event that a bid is not tendered at the public auction, staff recommends that the Board authorize the Chairperson to adjust the minimum upset rent for a subsequent auction of the subject parcel.

Based upon its current zoning for industrial use, staff believes that the highest and best use for the subject parcel is for industrial use.

Staff did not solicit comments on the subject request from other governmental agencies since the prior and proposed use of the subject parcel will be identical.

Staff is not aware of any further issues regarding the subject request.

Staff now brings the subject request to the Board for its approval.

RECOMMENDATION: That the Board:

1. Find the subject parcel to be an economic unit in terms of the intended use.
2. Find that the subject parcel is not suitable for hunting, nor will it become so during the term of the lease.
3. Authorize the sale of a lease at public auction covering the subject parcel for industrial use purposes under the terms and conditions cited above, which are by this reference incorporated herein and further subject to the following:
 - a. The standard terms and conditions of the most current industrial lease form, as may be amended from time to time;
 - b. Waive the rent for up to a period of twelve (12) months contingent upon the tenant's successful completion of its proposed improvements.

- c. Review and approval by the Department of the Attorney General; and
 - d. Such other terms and conditions as may be prescribed by the Chairperson to best serve the interests of the State.
4. Authorize the Chairperson to adjust the minimum upset rent in the event that there is no bid tendered at the time of the public auction.

Respectfully Submitted,

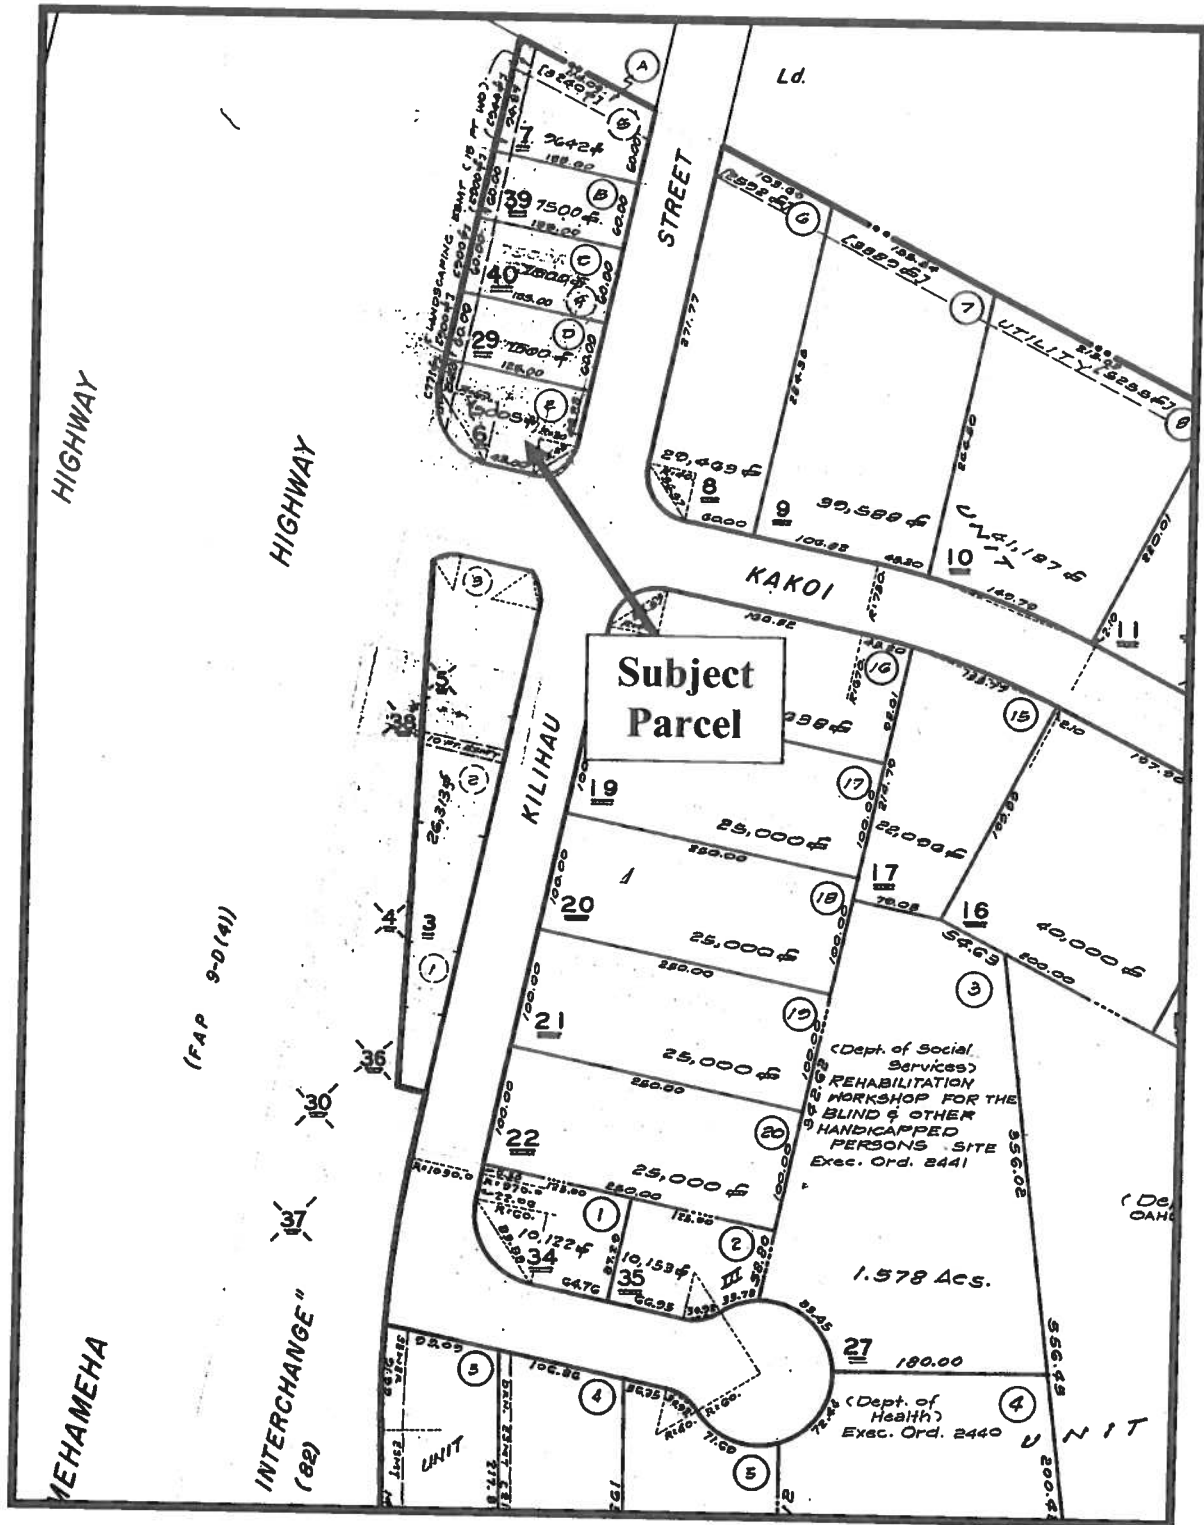

Timmy Chee
Land Agent

APPROVED FOR SUBMITTAL:

William J. Aila, Jr., Chairperson
