REMARKS:

Pursuant to the Governor's Executive Order No. 4349, the State land identified as tax map key (1) 9-7-019:035 (Parcel 35) has been set aside to Hawaii Housing Finance and Development Corporation (HHFDC) for low or moderate income housing for elderly and disabled purposes. Groundbreaking ceremony for the project, Hale Mohalu II, was conducted in April 2011.

During the development process, the project team noted that excess drainage of storm water from the proposed housing project needs to be discharged into the Waimano Drainage Channel on the subject State land (Parcel 49), which is currently utilized as the Hale Mohalu...
I under GL 5223 as noted above. At the time of writing this submittal, HHFDC is seeking the written concurrence and the future maintenance agreement over the requested area between the two housing projects.

Staff did not solicit comments from other government agencies as the project had undergone the environmental assessment process. HHFDC also requests an immediate construction and management right-of-entry permit pending the issuance of the easement document. Staff has no objection to the requests.
