County of Maui – Planning (Zoning)	No objections No comments
DLNR – Maui DOCARE	No response
DLNR – Maui DOBOR	No objections No comments

REMARKS:

Staff feels the assessment of a fine is reasonable given South Pacific Kayaks' history of violations. The fine will serve as a deterrent to any future unauthorized activity.

Staff has been working with the County of Maui Parks and Recreation Department in providing information to vendors who are required to attend training classes prior to obtaining a Commercial Ocean Recreational Activity (C.O.R.A) Permit from the County of Maui's Department of Parks and Recreation. The C.O.R.A permit, allows vendors to operate their commercial business from designated park facilities under the jurisdiction of the County of Maui, Department of Parks and Recreation. The Maui District Land Office has been dealing with the problem of these operators who, after obtaining the C.O.R.A permits, are now moving their business operations out of designated county parks and onto adjacent State unencumbered lands. This is in an effort to provide better utilization of the area, due to changes in weather conditions which negatively affect their tour operations, or because of carrying capacity problems at the assigned and permitted park locations.

The Maui District Land Office (MDLO) has to date, received numerous complaints from the public regarding the overcrowding of shoreline areas due to vendors laying out kayaks or surfboards along the beach while awaiting the arrival of clients or during lessons and safety briefings being conducted prior to moving out into the water for tours or surf lessons. The public has for generations utilized specific areas for family outings and recreational activities and are now being forced out of these locations because of the impacts from unauthorized commercial operators.

Olowalu Outing

Great early morning adventure exploring the Olowalu Beach Reserve area of west Maui. Join a kayaking tour of the Olowalu area which is home to one of the most dynamic reefs on Maui. Lots of sea life and this one is HUGE. A nice paddle of about 2.5 miles from a great sandy beach and along the shores of the West Maui Mountains. Good for families and those looking for a snorkeling outing that's just long enough. Enjoy one longer snorkeling stop or two short snorkeling stops in some of the most amazing reef eco systems on Maui. Bring a camera!

Honolua Hula Expedition

While we might not actually hula, you'll want to because of how excited you'll be to see some of the most exiting coastlines on Maui. A great combination of rugged shoreline, sandy beaches and amazing waters are what to expect on this tour. About 4 miles of paddling from DT Fleming beach park and into the Honolua Bay Reserve. This reserve is home to some beautiful snorkeling and exceptional scenery all along the way. Turtles and dolphins are not uncommon here, and perhaps you'll even get a sneak peak at the infamous three fin turtle

Turtle Reef Tango

Come and explore the beautiful Makena Bay, home of the green sea turtle. This protected area offers the turtles a very comfortable area to enjoy themselves, hence Turtle Town! We paddle about 2.5 miles on this kayaking trip and stop for some snorkeling with the local turtles and reef life. Paddle with the famous Haleakala as your backdrop, Molokini in the distance, and the Ahihi Kinau marine reserve just around the corner. Always a great kayaking trip and one the most consistently calm areas. Join us in Makena for a memorable experience and see the turtles.

Kihei Makena Cruise

Starting in Kihei at Kalama Park and ending at Makena Landing, we travel along the coastline where we will see surfers, boats, and some really nice beach houses (you know... the ones we can't afford!), and the five star resorts. A really cool way to explore the South Maui coast and you won't be doubling back seeing things twice. With many snorkeling opportunities, and places to stop for lunch, this kayaking expedition is one of a kind. This one way trip includes lunch.
