REMARKS:

Pursuant to a Land Board approval of May 14, 2004 under item D-4, West Maui Center LLC, was issued Revocable Permit S-7396 for the use of the subject parcel for landscape and maintenance purposes. West Maui Center LLC, is the owner of the adjacent commercial complex and wanted to keep the parcel in a well maintained condition.

A replacement Revocable Permit S-76781 was issued to West Maui Center LLC, effective the date May 1, 2011 due an update to contract language for the use of State land. Included in the terms of this agreement was a requirement for execution of a Level One (1) Hazardous Waste Evaluation and complete abatement and disposal (if necessary) prior to termination of the subject permit.

On September 5, 2013 the Maui District Land office received a written request (Exhibit B) from Ms. Lynn Okamoto of CBRE, Inc., who is the Managing Agent for West Maui Center, LLC, requesting to cancel their permit for the use of the subject property. She indicated that West Maui Center, LLC no longer had the need to utilize the area and therefore would like to cancel the permit. On September 11, 2013, staff conducted a final inspection of the property. During this inspection the premises was found to be in a clean and acceptable condition. Refer to (Exhibit C), Final Inspection Report.

Upon advising Ms. Okamoto of the requirement to conduct a Phase 1 Environmental Site Inspection, she related that the property was only used for landscape and maintenance purposes throughout the duration of the permit and no hazardous materials were ever stored or introduced to the area. Ms. Okamoto requested to have the Phase 1 inspection waived due to the fact that they only maintained the property by cutting the grass, and trimming the large tree annually. Therefore, based on the request of the permittee, and findings at the time of the final inspection, the district office agrees that due to the previously approved use of Landscape and Maintenance Purposes, the Level (1) One Hazardous Waste Evaluation should be waived. Staff is further requesting Board approval for the cancellation of the Permit
effective the date of October 1, 2013 (25 days from date of written notification).

RECOMMENDATION: That the Board:

1. Authorize the cancellation of Revocable Permit No. S-7681 per the request of the permittee in the manner specified by law;

2. Authorize the retention of all sums heretofore paid or pledged under Revocable Permit No. S-7681 to be applied to any past due amounts;

3. Terminate the permit and all rights of Permittee and all obligations of the Permittee effective as of October 1, 2013, provided that any and all obligations of the Permittee which have accrued up to said effective date or which are stated in the lease to survive cancellation shall endure past such cancellation date until duly fulfilled, and further provided that Permittor reserves all other rights and claims allowed by law;

4. Authorize the Department of the Attorney General, the Department of Land and Natural Resources, or their agents to collect all monies due the State of Hawaii under Revocable Permit No. S-7681, and to pursue all other rights and remedies as appropriate; and

Respectfully Submitted,

The property was found to be clean and maintained. The property has been only used for maintenance and landscape purposes. The large grass area is mowed and the large tree trimmed annually by the tenant.
Other:

The subject property is an empty grass lot with no improvements. West Maui Center, LLC only tried to keep it maintained for beautification purposes because of the adjacent commercial properties.

Staff will be requesting that the Phase 1 Environmental Assessment be waived.
