Amend Prior Board Action of December 13, 2013, Agenda Item D-16, Sale of Abandoned State Road Reservation to Owners of Lots 1, 2A, 2B, 4, 5B, 6, 7, and 35, Lalamilo Farm Lots, Lalamilo and Waikoloa, South Kohala, Hawaii, Tax Map Keys: 3rd/6-6-05:19, 20, 22, 24, 25, 27, 29 & 32. The purpose of this amendment is to: 1. Correct the names of the owners for Lot 2B to include all current owners’ names. 2. Update the names for the owners of Lot 6.

BACKGROUND:

At its meeting of December 13, 2013, under agenda item D-16, the Board approved the above subject matter regarding the sale of an abandoned road reservation to eight lot owners in the Lalamilo Farm Lots. A copy of the approved submittal is attached as Exhibit 1.

Recommendation number 1 listed the owners of Lot 2B as Amber Taeko Imaoka Duarte and Gabe Takao Imaoka (25% interest), but did not include all current owners’ names for Lot 2B. This was an oversight and the owners’ names for Lot 2B should have been listed in full as: Leslie Kameki Imaoka; Marion Sachie Imaoka; Eunice Sanae Laybon; Amber Taeko Imaoka Duarte, and Gabe Takao Imaoka (25% interest).

Recommendation number 1 further listed the owners of Lot 6 as Myles H. Tomiyama, Sandra S. Tomiyama, and Thomas Veriato, Trustee. Subsequently, Thomas Veriato passed away and title to his Trust's interest in the property has been transferred to his wife, Natalie Ann Veriato, as successor Trustee (Exhibit 2).

REMARKS:

Staff is seeking to correct its prior oversight regarding recommendation 1 by listing the current owners of Lot 2B as Leslie Kameki Imaoka; Marion Sachie Imaoka; Eunice Sanae Laybon; Amber Taeko Imaoka Duarte and Gabe Takao Imaoka (25% interest). Staff is also seeking to update the owners of Lot 6 as Myles H. Tomiyama, Sandra S. Tomiyama, and Natalie Ann Veriato as successor Trustee of the Thomas Jay Veriato Trust. The current owners of the lots need to be listed in the Board approval so that the Department of the Attorney General can finalize the conveyance documents for the sale of the abandoned road reservation.
RECOMMENDATION: That the Board:

1. Amend its prior action of December 13, 2013, under Agenda Item D-16, to:
   a. Reflect the current owners of Lot 2B as Leslie Kameki Imaoka; Marion Sachie Imaoka; Eunice Sanae Laybon; Amber Taeko Imaoka Duarte and Gabe Takao Imaoka (25% interest).
   b. Reflect the current owners of Lot 6 as Myles H. Tomiyama, Sandra S. Tomiyama, and Natalie Ann Veriato as successor Trustee of the Thomas Jay Veriato Trust.

2. Except as amended hereby, all terms and conditions listed in the Board's action of December 13, 2013 shall remain the same.

Respectfully submitted,

REMARKS:

At its meeting of January 30, 1961, the Board of Land and Natural Resources approved the sale of Agricultural Farm Lots at Lalamilo, South Kohala, Hawaii, through a lottery process. The Lalamilo Farm Lots is an agricultural homestead subdivision with access to irrigation water through a State established Irrigation District. The lands within the project were partially acquired by land exchange with Parker Ranch and as a result many of the lots were conveyed from the State to the Applicants by Land Patent Grant and/or Deed. These conveyance documents included restrictions that limited uses to agriculture that was defined
as truck and orchard crops.

The Applicants own the properties north of the Lalamilo Farm Road. They are seeking to acquire a reservation in favor of the State of Hawaii to purchase an eighty (80) foot wide strip of land that was originally designated for a Waimea Bypass Highway when the State first created the Lalamilo Farm Lots Subdivision in the early 1960s. The State Department of Transportation has abandoned this route for its proposed bypass highway as indicated in a letter written by Brennon Morioka, Director of Transportation, to Roger Hirako of the Lalamilo Farmlots Association. See Exhibit B attached.

The deeds to all the lots contain reservation language providing substantially as follows:

"RESERVING ALSO to the State of Hawaii, its successors and assigns, the right to purchase the land required for the proposed Waimea Bypass Highway (80 feet wide), together with all rights of access to and from said highway, at the same unit price per acre as paid by the Grantees herein to the State of Hawaii. The location of said Waimea Bypass Highway is to be along the...[specific location] boundary of...[lot number] as shown of plan attached hereto and made a part hereof. The State shall not pay for any improvements within the 80-foot road strip and no structure of a permanent nature shall be placed thereon."

Applicants are the owners of parcels 3rd/6-6-05:19, 20, 22, 24, 25, 27, 29 & 32 based upon staff's research of the County of Hawaii, Real Property Tax Office web site. Lot 3 (TMK: 3rd/6-6-05:21) is a State owned parcel currently encumbered under GL S-4548, recently transferred to the Department of Agriculture pursuant to Act 90, SLH 2003 and is not included in this disposition.

The Applicants have not had a lease, permit, easement or other disposition of State lands terminated within the last five years due to non-compliance with such terms and conditions.

No historic properties will be affected by the proposed action.

Opposes the sale of the road reservation until such time as a route for the Lalamilo Connector Road between Kawaihae Road and Mamalahoa Highway is finalized and non-appealable. See Exhibit C attached.

Opposes the sale or extinguishment of the road reservation until the right-of-way for the Lalamilo Connector Road is identified and acquired. See Exhibit D attached.

No objections.

No response.

In addition, the Department of Agriculture submitted comments to the effect that any bypass road in the area should be separated from the Lalamilo Farm Lots by a buffer of 800-1,000 feet.

In light of the County's opposition to the sale of the road reservation, staff requested a legal opinion from the Department of the Attorney General on how to handle the situation. A deputy attorney general in the Land/Transportation Division issued a written opinion on September 16, 2009 finding that the road reservation covered the Waimea Bypass Highway project, which Brennon Morioka's letter of September 9, 2008 (Exhibit B) confirms is going forward at another location. The opinion concluded that the County cannot exercise the road reservation for its own roadway project, the Lalamilo Connector Road, because such use would be inconsistent with the specific reservation language of the Land Patent Grants and Deeds. The opinion added that the Board may negotiate a release of the reservation as requested by Applicants.

RECOMMENDATION:

That the Board:

1. Declare that, after considering the potential effects of the proposed disposition as provided by Chapter 343, HRS, and Chapter 11-200, HAR, this project will probably have minimal or no significant effect on the environment and is therefore exempt from the preparation of an environmental assessment.
2. Determine that the reservation for the Waimea Bypass Highway contained in the Land Patent Grants and Deeds for the subject properties is no longer needed since the Department of Transportation has relocated the Waimea Bypass Highway.

3. Subject to the Applicants fulfilling all of the Applicant Requirements listed above, authorize the sale of the abandoned State road reservation to the Applicants to the extent their respective subject parcels are encumbered by the reservation, under the terms and conditions cited above, which are by this reference incorporated herein and further subject to the following:

a. The standard terms and conditions of the most current sale, release or waiver of reservation form, as may be amended from time to time;

b. Review and approval by the Department of the Attorney General; and

c. Such other terms and conditions as may be prescribed by the Chairperson to best serve the interests of the State.

Dear Mr. Hirako:  

SUBJECT: REQUEST TO DELETE STATE’S RIGHT TO PURCHASE LANDS REQUIRED FOR THE WAIMEA BYPASS HIGHWAY AS FOUND IN DEED RESERVATION IN LALAMILO FARMLOT LANDS  

Thank you for your letter dated August 6, 2008 regarding the subject matter.  

The lands reserved in your Deeds are no longer required for the proposed Waimea Bypass Highway Project. You are welcome to approach the Department of Land and Natural Resources to officially request removing this reservation from the affected Deeds.  

Additionally, the County of Hawaii is in the process of completing an environmental document for their Lalamilo Connector, which considers parcels at Mamalahoa Highway and the last farm lot. This proposed project has been identified in the County General Plan and in the County Waimea Traffic Circulation Plan.  

Thank you for your patience in this matter. If you have any questions, please call Dean Yogi of my Right-of-Way staff at (808) 692-7325 or Ken Tatsuguchi of my Planning staff at (808) 587-1830.

Dear Mr. Heit:

SUBJECT: Acquisition of Abandoned State Road Reservation
TMK: (3) 6-6-005:0019, 20, 22, 24, 25, 27, 29 & 32; Portion of Lālāmilo Farm Lots, Lālāmilo and Waikoloa, Waimea, South Kohala, Hawai‘i

We are in receipt of a request for comments regarding the acquisition of an abandoned state road reservation.

The subject eighty (80) foot wide road reservation easement was originally designated for a Waimea by-pass highway when the Lālāmilo Farm Lots Subdivision was created. This subdivision (SUB No. 1704) received final subdivision approval on September 6, 1961. The applicants are the various property owners of the properties north of the Lālāmilo Farm Road.

The Planning Department does have some concerns with the potential acquisition of the subject road reservation easement by the applicants. Although the State of Hawai‘i Department of Transportation has abandoned this route for its proposed bypass highway, until such time as an actual route for the Lālāmilo Connector Road between the Kawaihae Road and the Māmalahoa Highway is finalized and non-appealable, the Planning Department opposes the sale of the road reservation. This position is also shared by the County of Hawai‘i Department of Public Works. We have no further comments to offer at this time.
If you have any questions, please feel free to contact Bethany Morrison of this office at 961-8288, extension 252.

SUBJECT: ACQUISITION OF ABANDONED STATE ROAD RESERVATION

Tk: 3rd: 6-6-05: 19, 20, 22, 24, 25, 27, 29 & 32

The Department of Public Works is conducting an Environmental Assessment/Impact Statement to establish a road between the Kawaihae Road and the Mamalahoa Highway, that we have identified as the Lalamilo Connector Road. The Lalamilo Connector Road would be located through, or in the vicinity of the subject road reservation and would be a continuation of the Parker Ranch Connector Road. When the Parker Ranch and Lalamilo Connector Roads are complete, there will be a new roadway from Kamamalu Road to Kawaihae Road that would bypass the congested Lindsey Road intersection.

The Waimea Traffic Circulation Study that was completed in December 2007 by PB Americas, Inc. for our Planning Department, identified the Parker Ranch and Lalamilo Connector Roads as a necessary element to improve traffic circulation in Waimea. Consequently, the Department of Public Works opposes the sale or the extinguishing of the subject 80 foot right of way until the right of way for Lalamilo Connector Road is identified and acquired.
