CHAPTER 343 - ENVIRONMENTAL ASSESSMENT:

In accordance with the Exemption List for the Department of Land and Natural Resources, approved by the Environmental Council on June 5, 2015, the subject request for issuance for right-of-entry is exempt from the preparation of an environmental assessment pursuant to Exemption Class No. 5, item 1. See Exhibit B.

DCCA VERIFICATION:

Place of business registration confirmed: YES  X  NO
Registered business name confirmed: YES  X  NO
Good standing confirmed: YES  X  NO

APPLICANT REQUIREMENTS:

None. Staff understands the Applicant is in the process of getting the concurrence of the permittee regarding the proposed project.
REMARKS:

Applicant is a domestic nonprofit corporation organized 1997 under the name of HWB Foundation. In 2011 the name of the organization was changed to aio Foundation. According to the information posted on the State Department of Commerce and Consumer Affairs website, there are five (5) purposes for the Applicant listed below:

1. To celebrate and showcase great Hawaii students as role models for their academic and athletic efforts, accomplishments, study and success;
2. To turn the national pastime of baseball into "a child's lesson for all time" through programs which build health, education and welfare amongst Hawaii's children;
3. To sponsor academic competitions including, but not limited to, the Hawaii state spelling bee, that enhance the educational experience of Hawaii's children;
4. To provide inspiration for adults and children to become responsible for themselves; and
5. To bring together like-minded companies and community organizations who are committed to the future of Hawaii's youth and education.

Applicant intends to help provide a long-term solution for the homelessness problem in the State. It plans to develop on the subject area a plantation style village for those in need of a shelter. The village will comprise of permanent cluster of buildings, gardens, community kitchen and restroom facilities, and playground too. Upon the completion of the improvements, the Applicant will either partner or turn it over to another nonprofit entity for ongoing operation. Applicant describes its plan and proposed layout of the village in its application package enclosed as Exhibit C.

Applicant acknowledges that it has no prior experience in developing similar housing for people in need. Nevertheless, one of its founders, Mr. Duane Kurisu, has over 30 years in local commercial real estate development, and he has committed his time and resources to carry out this project.

On September 11, 2015, the Board authorized the issuance of another right-of-entry for due diligence purpose on the same area. Other agencies were solicited for comments for the said right-of-entry which was intended for a future broadcast antenna tower site, to be developed by Mr. Kurisu, in his capacity of a for profit entity.

Staff does not anticipate agency responses to the subject request would differ materially from the response to the right-of-entry request that was previously approved. Therefore, staff did not solicit comments from other agencies on the subject request.

Subsequent to the conclusion of the due diligence, any request for State land will come before the Board for consideration and approval, if appropriate.
Applicant has not had a lease, permit, easement or other disposition of State lands terminated within the last five years due to non-compliance with such terms and conditions. There are no other pertinent issues or concerns.

RECOMMENDATION: That the Board:

1. Declare that, after considering the potential effects of the requested right-of-entry as provided by Chapter 343, HRS, and Chapter 11-200, HAR, the request will probably have minimal or no significant effect on the environment and is therefore exempt from the preparation of an environmental assessment.

2. Authorize the issuance of an immediate right-of-entry permit to the aio Foundation for conducting due diligence pertaining to environmental assessment compliance for the requested shelter for homeless population covering the subject area under the terms and conditions cited above, which are by this reference incorporated herein and further subject to the following:

A. The standard terms and conditions of the most current right-of-entry permit form, as may be amended from time to time;
B. Written concurrence from the Permittee of RP 7843;
C. Authorize the Chairperson to extend the term of the right-of-entry for good cause; and
D. Such other terms and conditions as may be prescribed by the Chairperson to best serve the interests of the State.

Respectfully Submitted,

Barry Cheung
District Land Agent

EXEMPTION NOTIFICATION

Regarding the preparation of an environmental assessment pursuant to Chapter 343, HRS and Chapter 11-200, HAR

Project Title: Right-of-Entry for Due Diligence Purposes

Project / Reference No.: 15OD-188

Project Location: Moanalua, Honolulu, Oahu Tax Map Key: (1) 1-1-003:003, 204 to 207, and 212.

Project Description: Due diligence purposes.

Chap. 343 Trigger(s): Use of State Land

Exemption Class No.: In accordance with the Exemption List for the Department of Land and Natural Resources, approved by the Environmental Council on June 5, 2015, the subject request for issuance for right-of-entry is exempt from the preparation of an environmental assessment pursuant to Exemption Class No. 5, Item 1 that states "Conduct surveys or collect data on existing environmental conditions (e.g. noise, air quality, water flow, water quality, etc.)."

The request is related to due diligence needs for the proposed easement for the proposed shelter site for the homeless population.

Consulted Parties: None. Recently, agencies were solicited for a similar right-of-entry request. See Board submittal.

Recommendation: That the Board find this project will probably have minimal or no significant effect on the environment and is presumed to be exempt from the preparation of an environmental assessment.

Paragraph VI. OTHER

1. aioFoundation as an entity has no prior experience in building housing facilities for people of need. However, one of the founders of aioFoundation, Duane Kurisu, has over 30 years of experience in commercial real estate and he has committed his time and resources to help aioFoundation execute on its vision and plan for this shelter project. While aioFoundation has no experience in running housing facilities, its intention is to bring in a not-for-profit institution that has this kind of experience to partner with it, not only in the planning process but also in operating the facility after it is completed.

2. aioFoundation intends this development to help provide a long-term solution for homelessness in Hawaii. It is, therefore, its intention to either keep its interest in the development, partner with another entity or to turn over the development to a third party not-for-profit institution so that its vision for a long-term provider for homeless people is realized.

Part III: Program Activities and Persons to be Served

15. What activities will be conducted on the premises to be leased?

Construction of a village for those in need of shelter, primarily single mothers with children and families with children.

16. What are the specific objectives of these activities?

To provide a long-term solution for homelessness, primarily targeting (1) single mothers with children and (2) families with children, by creating an environment that encourages old-time plantation culture.

17. Describe the community need for and the public benefit derived from these activities.

Help provide basic needs for homeless people in Hawaii in a dignified way.

18. Describe the targeted population for these activities by: 1) age group, 2) gender, 3) ethnic background, 4) income level, 5) geographic location of residence, 6) special needs/disability, and 7) other applicable characteristic(s).

We are targeting children and making no distinction for age, gender, ethnic background, income level and special needs.

19. Describe all eligibility requirements of clients to participate in the activities, e.g. age, income level, ethnic background, income level, disability, etc.

Our priority is to provide housing for children with the first priority being single mothers with children. Secondly, we will give priority to families.

20. Do you require membership to participate in these activities? Yes\(^\text{No}\)

If yes, list the requirements of becoming and remaining a member:
21. How many unduplicated persons will engage in the activities annually?

<table>
<thead>
<tr>
<th>Activity</th>
<th>Persons Per Year</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>200+ per year</td>
</tr>
</tbody>
</table>

22. Is State funding made available for the activities to be conducted on the leased premises?  
Yes/No

If yes, by which State agency: ____________________________________________

23. List all activities to be conducted on the leased premises which require payment of excise taxes, e.g. subleasing, sale of products or services. Include an estimate of annual gross revenues from each activity.

Shelter. Annual gross revenues will be to cover cost of services, maintenance and repairs and utilities only. We may include a drive-by convenience store which would also provide basic needs for those in the proposed village.

Development of the Land

24. Describe the proposed site development plan for the property, indicating the location and size of buildings, parking areas, landscaped areas and related uses. Attach sketch of plan if available.

The development is proposed for reclaimed land on the makai side of Nimitz Highway between Sand Island and Keehi Lagoon Park which is currently occupied by a paintball game operator. Attached is a sketch of the general development plan which is proposed to be done in phases.

25. What improvements to the land do you intend to make and at what cost?

Multiple single-family and duplex housing units, the number which is to be determined. We also plan to construct a common area for recreation and shared kitchen and restroom facilities, including gardens to raise vegetables and fish ponds to raise fish for the dining table.

26. How will the improvements be funded?

Private funding.
27. Describe all environmental, land use and other permitting requirements which must be met to develop the land as proposed.

To be determined after site due diligence review is conducted.

28. Will you be subleasing any portion of the property? If yes, describe the sublease uses.

To be determined.

Part V: Notarized Certification

I/We hereby certify that the statements and information contained in this Application and Questionnaire, including all attachments, are true and accurate to the best of my/our knowledge and understand that if any statements are shown to be false or misrepresented, I/we may be disqualified from receiving a lease or my/our lease may be canceled.
