
APPLICANT AND REQUEST:

Heide & Cook, LLC, a Hawaii Limited Liability Company.

Improvements to leasehold property financed by Lessee, pursuant to Act 207, Session Laws of Hawaii and Sections 17136(b) in the amount of approximately $69,000.00.

In order for Lessee to amortize this expenditure, the Lessee is requesting an extension of General Lease No. S-3595 for 10 years, commencing on January 16, 2016 and expiring on January 15, 2026 for an aggregate term (initial 55 year term plus extension) of 65 years.

LEGAL REFERENCE:

Act 207, Session Laws of Hawaii 2011
Sections 17136(b)(3), Hawaii Revised Statutes, as amended.

LOCATION:

Portion of Government lands of Kanoelehua Industrial Lots situated at Waiakea, South Hilo, Hawaii, identified by Tax Map Key: 3rd/2-2-50:86, consisting of approximately 11,250 square feet, as shown on the attached map labeled Exhibit A.

AREA:

11,250 square feet, more or less.

ZONING:

State Land Use District: Urban
County of Hawaii CZO: ML-20 Limited Industrial Use
TRUST LAND STATUS:

Section 5(b) lands of the Hawaii Admission Act
DHHL 30% entitlement lands pursuant to the Hawaii State Constitution: NO

CHARACTER OF USE:

Commercial use purposes. (amended 2/24/12, D-2)

LEASE TERM:

Requested extension of 10 years commencing on January 16, 2016 and expiring on January 15, 2026.

ANNUAL RENT:

Current rent is $12,840.00, due in semi-annual installments of $6,420.00 on January 16 and July 16 of each year.

RENTAL REOPENINGS:

Reopenings in the original term were at the end of the 20th, 30th, 40th and 50th years of the term. The last rental reopening occurred on January 16, 2011.

Staff is recommending the rent for the extended term be determined by an appraisal that will cover the period from January 16, 2016 through January 15, 2026.

IMPROVEMENTS:

The Lessee has submitted plans for substantial improvements to the property. These improvements include major repairs and renovations to the existing warehouse (Exhibit B). The cost of these improvements is estimated to be approximately $69,000.00.

APPLICANT REQUIREMENTS:

Complete improvements to the subject property by July 31, 2017.

BACKGROUND:

General Lease S-3595 dated 1/16/1961 between the State of Hawaii and Harry Hiroo
Nishimura, dba Harry's Refrigeration Service, was issued pursuant to Act 4, Session Laws of Hawaii (First Special Session 1960). Act 4 provided for the direct issuance of leases to victims of natural disaster who were affected by the 1960 tsunami that struck Hilo and other areas of the State. One of the conditions of the lease was that the lessee:

use the leased land for the first five (5) years of the term of the lease for the same business use or undertaking in which the Lessee was engaged at the time of the natural disaster or a use designated by the Board; provided however, that the Lessee may devote or place said demised premises to a use or uses other than refrigeration in character, with the prior written consent of the Board, which consent shall not be unreasonably or arbitrarily withheld....

At its meeting of October 26, 2001, under agenda item D-1, the Board consented to the assignment of GL S-3595 from Harry Hiroo Nishimura, dba Harry's Refrigeration Service to Merle Lam, Successor Trustee of that certain Unrecorded Harry H. Nishimura Revocable Living Trust and that certain Unrecorded Ellen M. Nishimura Living Trust and then from Merle Lam, Successor Trustee of that certain Unrecorded Harry H. Nishimura Revocable Living Trust and that certain Unrecorded Ellen M. Nishimura Living Trust, Assignor, to Richard Alister Wilson and Pamela Jean Wilson, Assignee.

Then at its meeting of January 14, 2005, under agenda item D-11, the Board consented to the assignment of lease from Richard Alister Wilson and Pamela Jean Wilson, husband and wife to Richard Alister Wilson, single. At its meeting of July 13, 2007, under agenda item D-1, the Board consented to the assignment of lease from Richard Alister Wilson to Opportunity Management Hawaii, Inc. (OMHI).

At its meeting of February 24, 2012, under agenda item D-2, the Board consented to the assignment of lease from Opportunity Management Hawaii, Inc. to Hawaii HVAC, LLC. In addition to the assignment, the Board also consented to the amendment of lease terms and conditions to include the most current general lease language regarding assignments, subleases, insurance, and performance bond requirements.

The Applicant has not had a lease, permit, easement or other disposition of State lands terminated within the last five years due to non-compliance with such terms and conditions. The proposed use is allowable in the county zoning. The Applicant is in compliance with all the lease terms and conditions.

LEASE EXTENSION:

The Lessee's current 55 year lease is set to expire on January 15, 2016 and Lessee is requesting a 10 year extension pursuant to Act 207, Session Laws of Hawaii 2011 in order

---

1 Articles of Amendment to Change Limited Liability Company Name were filed with the State Hawaii, Department of Commerce and Consumer Affairs dated June 4, 2012, Hawaii HVAC, LLC became Heide & Cook, LLC.

2 Act 207, Session Laws of Hawaii 2011 amends Section 171-36(b) of the Hawaii Revised Statutes by allowing the Lessee to: Extend or modify the fixed rental period of the lease: provided that the aggregate of the initial term and any extension granted shall not exceed sixty-five years.
to amortize the cost of improvements to the property. These improvements involve major renovations to the exterior and interior of the building including the replacement of the warehouse roof along with the replacement of the existing front retaining wall, painting of the interior and exterior surfaces and the installation of a new security alarm system all at a cost of approximately $69,000.00. An appraisal evaluation performed by Robert G. Bloom, Jr., a certified appraiser, has determined that the economic life of the improvements will exceed the ten-plus year period necessary to amortize the refurbishments.

The subject parcel is located in an area served by aging and/or substandard infrastructure. The area also includes numerous other DLNR parcels currently encumbered by long term leases that are also scheduled to expire between 2016 and 2021. Most of the DLNR leases in this area were established pursuant to Act 4, First Special Session of 1960, enacted after the destruction of the Hilo bay front caused by the 1960 tsunami. Businesses that were severely impacted by the tsunami were given the opportunity to relocate to the newly created industrial area of Kanoelehua. The act provided lessees with an option to purchase the land within two years. Several businesses exercised this option creating an industrial area of mixed DLNR leases and fee simple properties.\(^3\)

Since the implementation of Act 207, SLH 2011, a number of leases within the Kanoelehua Industrial area have been granted ten year extensions. Several of these leases are in the immediate vicinity of GL S-3595 and are direct leases awarded as a result of Act 4. The other lease, although in the Kanoelehua Industrial Area, is located along Railroad Avenue and was initially awarded through the public auction process.

The East Hawaii economic region is unique in that a majority of the available land suitable for commercial and/or industrial use is under the management of a government agency.\(^4\) As one of the largest stake holders of commercial/industrial land in the Hilo area, the Department of Land and Natural Resources understands the need for a comprehensive analysis of the area in order to develop an economic strategy that will encourage new enterprises in addition to supporting the established businesses.

With this concept in mind, the Land Division has retained the services of the consulting firm Munekiyo & Hiraga, Inc. for the purpose of providing a feasibility study and analysis of the Kanoelehua Industrial Area in order to determine the future direction of this very important economic area of East Hawaii.

Key elements of the study/analysis will be:

- Determine the market demand for the KIA properties, particularly the demand for industrial-commercial use or some other use for long-term leasing (30 years or more)
- Determine whether some properties should be consolidated and reconfigured to maximize the utility of the land in view of the results from the above findings.

---

3 There are currently twenty six (26) leases and fifteen (15) fee simple properties within the area set aside as a result of Act 4 First Special Session 1960. The area borders are Kawili St., Makaala St., Pookela St. (both sides) and Wiwoole St.

4 The Department of Land and Natural Resources (DLNR) and the Department of Hawaiian Home Lands (DHHL) are the two major land holders in the industrial area of East Hawaii.
• Assess the feasibility and desirability of placing management of the leasehold properties (or clusters of properties) under a master lease (or multiple master leases for each cluster) from the State for industrial, commercial or other uses permitted by the applicable zoning.

The results of this study and public comments thereon will be used to assist the department and the Board in determining the future of the Kanoeluhia Industrial Area and create an economic region that will benefit not only the people of East Hawaii, but the State as well.

Staff is recommending that the rent payable for the 10-year extension period commencing January 16, 2016 be determined by immediate appraisal.

RECOMMENDATION: That the Board:

1. Authorize the extension of General Lease No. S-3595 under the terms and conditions cited above, which are by this reference incorporated herein and further subject to the following:

   A. The standard terms and conditions of the most current lease extension form, as may be amended from time to time;

   B. Heide & Cook, LLC. shall complete the renovations and improvements to the warehouse and submit to Land Division staff receipts verifying payment for the improvements by July 31, 2017;

   C. Review and approval by the Department of the Attorney General; and

   D. Such other conditions as may be prescribed by the Chairperson, which are in the best interests of the State.

Respectfully Submitted,

Gordon C. Heit
District Land Agent

3. State Tax 4%
4. Sub Total
5. Less Down Payment
6. Total Balance Due upon completion of job.

The Seller agrees to provide all of the items and services described above at the purchase price agreed upon in this Agreement.

The Seller shall meet all commitments as stated in the sales Agreement no later than sixty days from the date of this Agreement; provided, however, that the Seller shall not be responsible for delays not subject to its control, such as shipping delays, strikes, and acts of God. Any holder of this sales Agreement is Recovery hereunder by the Purchaser shall not exceed amounts paid by the Purchaser hereunder.

1. Quotes for roof:
2. Remove existing metal roof and dispose it away from premise in a proper manner. (This is for both quotes.)
3. Furnish and lay Protector seal on the top of each metal purling to prevent the existing rust touching the new roof. (For both quotes.)
4. Quote #1 Furnish and install new 24 gauge, prepainted, metal corrugated roof. Fastener shall be stainless steel roofing nuts.
5. Screws, Furnish and Install new roof flashing where required. 5 years warranty against roof leakage, after completion of job.
6. This quote shall be $39,900.00 Tax Inc.
7. Quote #2 Furnish and install new 20 gauge, prepainted, aluminum standing seam roof. Fastener shall be stainless steel roofing nuts.
8. Sliding clips and screws. 7 years warranty against roof leakage, after completion of job. 35 years Factory's warranty on the roof finish.
9. Paint finish. Furnish and install new roof flashings where required. This quote shall be $49,900.00 Tax Inc.
10. Note: If any of these quotes is accepted; 50% down payment is required. Thank you. Both quotes do not include any painting.
11. Electrical or replacing any metal rafters or metal purlins; however if any of these types of work need to be done while installing the new roof, it shall be at cost plus basic (Material & Labor).
12. Note: We will use 20 gauge aluminum standing due to the span of the existing metal purlins are far apart from each rows.
13. Both quotes includes the County Building Permit. All commercial building requires building permit.
14. Note: If all possible, I recommend using aluminum standing seam roof for your building, because aluminum will not rust, rot or crack. It is a maintenance free type of roof. Aluminum will reflect approximately 85% of the sun heat, which means cooler building.
15. On the sunny days and warmer during the winter months. On the regular steel types of roof; approximately 5 to 7 years after the roof installation, surfaces rust starting to appear due to the volcano fog and acid rain that we have lot's on the East Side of this Island.
