Board of Land and Natural Resources
State of Hawai'i
Honolulu, Hawai'i

SUBJECT: Renewal of Volunteer Agreement with 'Ahahui Mālama I Ka Lōkahi at the Nā Pōhaku o Hauwahine Site, Kawainui State Park Reserve, Kailua, Ko'olaupoko, O'ahu [TMK: (1) 4-2-13: por. 10].

The Curator Program was initiated in 1987 by the State Historic Preservation Division (SHPD) and the Division of State Parks to encourage community involvement in the care and management of historic and cultural sites on State-owned properties. Over the years, the volunteer program has expanded to include natural resources in the parks and projects such as educational programs, interpretation, and site restoration. The agreements developed between the organization and the Department of Land and Natural Resources (DLNR) outline the responsibilities of the volunteer organization for a 5-year term.

The Kawainui State Park Reserve (SPR) was established in 2005 and is comprised of two sections of fastland along the north and west sides of Kawainui Marsh. The Park Reserve, along with Ulupō Heiau State Historical Park on the eastern side of Kawainui, were set-aside to the Division of State Parks to preserve, protect, and interpret the significant cultural sites of Kawainui and provide opportunities for passive outdoor recreation. The large 800-acre wetland of Kawainui is under the jurisdiction of the Division of Forestry and Wildlife and designated the Kawainui Wildlife Sanctuary.

The Nā Pōhaku o Hauwahine Section of Kawainui SPR (Parcel 10) consists of 48 acres along Kapa'a Quarry Road on the western side of Kawainui Marsh. The volunteer agreement with 'Ahahui Mālama I Ka Lōkahi (AML) addresses a 15-acre portion of Parcel 10 and encompasses the cultural and geological site known as Nā Pōhaku o Hauwahine.

AML is a 501(c)(3) organization formed in 1994 to promote a native Hawaiian conservation ethic in the preservation of native species and ecosystems. AML has been working on the restoration of the lowland forest ecosystem at the 12-acre Nā Pōhaku o Hauwahine site since the late 1990s. Their restoration project has involved the removal of alien vegetation and the planting of native species appropriate to the area. A water catchment system has been installed to water the native plants and a trail system has been developed for visitation. The regular volunteer workdays promote stewardship of Kawainui and assist with the maintenance of the site. AML has continued to expand their community outreach and education program by hosting schools, groups, and volunteers. The initial agreement between State Parks and AML was executed in 2005 and was renewed in 2011. The agreement was amended in 2015 to add an additional 3 acres to the south of the site for parking and a plant nursery.

Federal grant funds from the Land and Water Conservation Fund (LWCF) program were used in 1985 to purchase these lands around Kawainui Marsh. A requirement of this program administered by the National Park Service is to provide public access and opportunities for outdoor recreation. By establishing trails and keeping the site accessible to the public, AML is meeting the requirements of the federal program. In the Master Plan being developed by DLNR for the Kawainui-Hāmākua Complex, an educational center with parking and restrooms is being proposed at the southern end of the Nā Pōhaku o Hauwahine site. The dryland forest restoration is being incorporated into the planning for this area. DLNR is also preparing an Environmental Impact Statement (EIS) for the Draft Master Plan. No new structures will be built until the EIS has been accepted.

RECOMMENDATION:

State Parks encourages community involvement and assistance with the care, management, and interpretation of the resources in the parks. AML has indicated a willingness to assist with the care of the Nā Pōhaku O Hauwahine Site within the Kawainui State Park Reserve in coordination with State Parks. State Parks recommends that the Board grant approval for DLNR to enter into a 5-year agreement with AML to allow them to care for the 15-acres of Kawainui SPR referred to as Nā Pōhaku o Hauwahine subject to the following conditions:

1. Review and approval of the agreement by the Department of the Attorney General.
2. AML continues to meet the requirements of the LWCF Program for public access and outdoor recreation in compliance with Section 6(f) of the LWCF Act of 1965.
3. Amendments and renewals of the volunteer agreement are delegated to the Chairperson.
4. And such other terms and conditions as may be prescribed by the Chairperson to best serve the interests of the State.

Respectfully submitted,

CURT A. COTTRELL
State Parks Administrator
