Phone: 587-3822
FAX: 587-3827

Aloha Commissioners,

I am submitting written testimony to add to my earlier verbal testimony. I understand the State of Hawaii Department of Transportation has expressed a delay to the construction of the North-South Road and widening of Ft. Weaver Road. I am truly disappointed with the lack of results from the city and state agencies that are truly responsible for our traffic nightmare on the Ewa plain.

With all those disappointments in mind I still support the zoning reclassification Gentry is requesting. It is this reclassification that will help support the construction of Kapolei Parkway, which is the vital link to the long awaited North-South Road. The moral dilemma our community is faced with is do we deny Hawaii's families the American dream of owning a home and stifle the economy by cutting job opportunities, or do we rot in traffic because the government cannot fulfill their duties.

It is my hope that our community and the developers on the Ewa plain will stand together to force the government to make good on their promises.

Mahalo for your time and consideration

Tesha H. Malama
