

**CRAIG S. ARAKAKI**  
**Civil Engineer**

**General Background:** Mr. Arakaki is responsible for the planning and design of land development projects including field investigations and the preparation of preliminary engineering reports; infrastructure master plans; and construction plans, specifications, and cost estimates for various site improvements such as roads, grading, drainage systems, water transmission and distribution systems, and sewerage systems. He is also involved in the coordination, review, and approval processes required by government agencies and utility companies. He is Project Manager for the planning and design of major infrastructure improvements at Kapolei City, a planned secondary urban center in Leeward Oahu, and the other major properties owned by the Estate of James Campbell or its affiliates.

**Education:** University of Hawaii, B.S. in Civil Engineering, 1980

**Registration:** Civil Engineer, Hawaii, Certificate #5510, 1983

**Work Experience:**

1987 - Present	Vice President, Engineering Concepts, Inc. Honolulu, Hawaii
1980 - 1987	Project Engineer, M&E Pacific, Inc. Honolulu, Hawaii
