About Us

Aloha! Thank you for visiting Kona Veterinary Service. With our website, hope to provide information, answer questions, and over all provide you with a bit of our office at your fingertips 24 hours a day. If there is something you would like to see here, don't hesitate to let us know!

At Kona Veterinary Service, we believe each patient and their owner deserve personalized pet care. It is our goal to treat each pet as an individual as unique as the family that cares for them. We strive to provide a healthy and safe environment and to provide open communication to each owner for the proper care, nutrition, and needs of each pet. More than just great pet care, we hope to become a part of you and your pets life for years to come.

Kona Veterinary Service has been serving the local community since 1995. Originally a mixed animal practice it has now evolved to a small animal exclusive, general practice hospital.

Geographically, we may be in the middle of the Pacific Ocean, but that doesn't mean the latest technology and specialists are out of reach! We are proud to provide our patients with the latest diagnostics and treatments available. Our in house laboratory, digital radiology, ultrasound, dentistry, orthopedic equipment, and state of the art monitoring equipment as well as an extensive network of specialists available for visiting consultations, procedures, and via telemedicine enable us to provide outstanding veterinary care right here in our own Kona office.

We are a small hospital with a staff that takes the time to know the patient and the owner. Appointments are scheduled for 30 minutes to allow ample time to discuss your pets' health and needs.

Before Dental Cleaning & Care

After Dental Cleaning & Care

We prefer appointments only as this helps us ensure your pet will get the attention and care they deserve. To set up an appointment, please call us at 325-6637. Urgent care and emergency appointments are scheduled on a case-by-case basis. Please call our office, so we may advise on how best to proceed.

HOURS:

Mon-Fri 8am - 12pm, 1pm - 5pm
Saturday 8am - 12pm, 1pm - 4pm
Appointments Required

Meet The Staff

Dr's. Bob Jordan and Jenny Chartier, a husband and wife team, are the owners of Kona Veterinary Service. They moved to the Big Island in April 2004, and have embraced life on the Big Island and their extended family of the KVS staff. In 2015 & 2019, Kona Veterinary was voted as a top 3 Finalist in Best of the West for "Best Pet Care."

Dr. Bob Jordan is a native of the East Coast. His undergraduate career began at the University of Pennsylvania and ended at Temple University. He attended veterinary school at the University of Minnesota and then spent one year at the University of Missouri completing an internship in small animal medicine and surgery. Prior to moving to Hawaii he has practiced both in small animal hospitals and in emergency & critical care centers. In 2008 & 2012, Dr. Jordan was voted by the residents of West Hawaii, Best Veterinarian, and one of the top 3 in 2020.

Dr. Robert Jordan

Dr. Jenny Chartier grew up in Missouri where she attended undergraduate studies at the University of Missouri-Columbia. She graduated from the University of Missouri College of Veterinary Medicine in 1997. She then spent the next 7 years living in northeast Pennsylvania where she practiced in both companion animal general practice and emergency and critical care hospitals.

Dr. Jenny Chartier

Dr. Casey grew up on Kaua'i spending most of her time on her family's horse and cattle ranch. She obtained her Masters and DVM degrees from Colorado State University then moved to Kona to practice small animal medicine. Special interests include internal medicine and general soft tissue surgery. In her spare time, Dr. Casey enjoys spending time with her family and french bulldog Zoey.

Dr. Casey Milnes

Dr. Walker and her dog Broccoli the black lab, relocated to the Big Island from Vancouver Island, Canada. She has a special interest in animal behaviour and surgery, but enjoys all aspects of Veterinary Medicine. In her free time, she can be found playing her guitar, hiking, or paddle boarding with her dog.

Dr. Molly-Rae Walker

Dr. Nicole Becker grew up in Manitoba, Canada, where her family has a grain farm and cattle ranch. She graduated from the Western College of Veterinary Medicine in Saskatchewan, Canada in 2020. She has worked as a vet student in different mixed animal practices in Manitoba and Germany, volunteered for Global Vets in Thailand, and practiced as a mixed animal veterinarian in rural Canada. Dr. Becker joined Kona Veterinary Service in November 2022 and has embraced island life by spending time in the ocean, hiking, and the beach.

Dr. Nicole Becker

Dr. Sean Crimmins was born in the Hawaiian Islands and attended school on the mainland, Florida. He joined the Kona Veterinary Service family in 2022 and can be found helping the pets of Waikoloa Veterinary Service. In his free time, Dr. Crimmins enjoys paddling with a local outrigger canoe club.

Dr. Sean Crimmins
