

June 16, 2020

Daniel Orodenker, Executive Director
State of Hawai'i
Land Use Commission
P.O. Box 2359
Honolulu, Hawai'i 96804-2359

SUBJECT: State Land Use Commission Special Use Permit for Hawaiian
Cement Pohakea Quarry, TMK 3-6-004:007(por.), Mā'alaea, Maui,
Hawai'i; SUP1 2006/0001

Dear Mr. Orodenker:

In December 2006, the State Land Use Commission (LUC) approved a Special Use Permit (SUP) for the expansion of an existing rock quarry and base course operation at Pohakea Quarry, subject to 23 conditions. On January 7, 2011, the LUC approved a time extension request for the above-mentioned SUP. The SUP time extension was granted until December 15, 2019.

Condition Number 6 was amended with the 2011 SUP time extension approval and now states:

On each anniversary date of this Decision and Order, the Applicant shall file annual reports to the LUC and DP in connection with the status of the subject project and the Applicant's progress in complying with the conditions imposed herein. The annual report shall be submitted in a form prescribed by the Executive Officer of the Commission.

On behalf of the SUP holder, Hawaiian Cement, we are submitting this compliance report to meet Condition Number 6 and address compliance with the conditions set forth in the approved SUP. A copy of the 2011 time extension request approval is provided as **Exhibit "A"**.

Additionally, we note that the Pohakea Quarry is covered by two (2) additional approvals by the County of Maui, a County Special Use Permit (CUP) and a Conditional Permit (CP). Both County permits also include regular reporting requirements (CUP – biannual report and CP – annual report), which have been filed with the County of Maui,

Department of Planning. The CUP and CP conditions are similar in nature to the SUP conditions. A copy of the most recent CUP and CP compliance reports filed with the Department of Planning are attached for reference as **Exhibit "B"** and **Exhibit "B-1"**.

Condition No. 1

That the LUC Special Use Permit shall be valid until December 15, 2019, subject to further extensions by the LUC upon a timely request for extension filed at least one-hundred twenty (120) days prior to its expiration. The appropriate Planning Commission shall make a recommendation to the LUC and may require a public hearing on the time extension.

Response: The permittee concurs with the condition and will comply with time extension request procedures. We note that as the permit expired in December 2019, an Application to Amend Permit Terms, Conditions, and Time Stipulations requesting a time extension was prepared and filed with the County of Maui, Department of Planning in June 2019 and is currently under review.

Condition No. 2

That the conditions of this State Special Use Permit shall be enforced pursuant to sections 205-12 and 205-13, HRS. Failure to comply with one or more of the conditions herein shall result in a notice of violation issued by the appropriate enforcement agency, notifying the permit holder of the violation and providing the permit holder no more than sixty days to cure the violation. If the permit holder fails to cure the violation within sixty days of said notice, the appropriate enforcement agency shall issue an order which may require one or more of the following: that the violative activity cease; that the violative development be removed; that a civil fine be paid not to exceed \$1,000 per violation; that a civil fine not to exceed \$5,000 shall be issued if violation not cured within six months of the issuance of the order. The order shall become final thirty days after the date of its mailing or hand-delivery unless written request for a hearing is mailed or delivered to the DP within said thirty days. Upon receipt of a request for a hearing, the DP shall specify a time and place for the permit holder to appear and be heard. The hearing shall be conducted by the planning director or the director's designee in accordance with the provisions of chapter 91, HRS, as amended.

Response: The permittee concurs with the condition and submits this report to address compliance with all conditions of the SUP.

Condition No. 3

That the subject LUC Special Use Permit shall not be transferred without the prior written approval of the LUC. The appropriate Planning Commission shall make a recommendation to the LUC. However, in the event that a contested case hearing preceded issuance of said LUC Special Use Permit, a public hearing shall be held by the appropriate Planning Commission upon due published notice, including actual written notice to the last known addresses of parties to said contested case and their counsel.

Response: The permittee concurs with the condition. No permit transfer request is anticipated for the SUP.

Condition No. 4

That the Applicant, its successors, and permitted assigns shall exercise reasonable due care as to third parties with respect to all areas affected by subject LUC Special Use Permit and shall procure at its own cost and expense, and shall maintain during the entire period of this LUC Special Use Permit, a policy or policies of comprehensive liability insurance in the minimum amount of ONE MILLION AND NO/100 DOLLARS (\$1,000,000.00) naming the County of Maui and State of Hawai'i as an additional named insured, insuring and defending the applicant, County of Maui and State of Hawai'i against any and all claims or demands for property damage, personal injury and/or death arising out of this permit, including but not limited to: (1) claims from any accident in connection with the permitted use, or occasioned by any act or nuisance made or suffered in connection with the permitted use in the exercise by the applicant of said rights; and (2) all actions, suits, damages and claims by whomsoever brought or made by reason of the non-observance or non-performance of any of the terms and conditions of this permit. Proof of a policy naming County of Maui as an additional named insured shall be submitted to the DP within ninety (90) calendar days from the date of transmittal of the decision and order.

Response: A current Certificate of Insurance is provided as **Exhibit "C"**.

Condition No. 5

That full compliance with all applicable governmental requirements shall be rendered.

Response: The permittee concurs with the condition.

Condition No. 6

On each anniversary date of this Decision and Order, the Applicant shall file annual reports to the LUC and DP in connection with the status of the subject project and the Applicant's progress in complying with the conditions imposed herein. The annual report shall be submitted in a form prescribed by the Executive Officer of the Commission.

Response: The permittee concurs with the condition and submits this report to address compliance with all conditions of the SUP.

Condition No. 7

That the Applicant shall develop the Property in substantial compliance with the representations made to the LUC in obtaining the Special Use Permit. Failure to so develop the property may result in the revocation of the permit.

Response: The property is currently in use as a rock quarry and base course operation as represented to the LUC while obtaining the SUP.

Condition No. 8

That the Applicant shall comply with the following recommendations of the State Department of Transportation ("DOT"):

- a. *The Applicant shall develop a maintenance plan to regularly remove dirt, debris, gravel, and other by-products of quarry operations from the quarry access road's intersection with Honoapi'ilani Highway. The Applicant shall also develop a plan for rapid removal of any quarry products spilled on the State highway right-of-way. Both plans shall be reviewed and approved by the DOT;*

- b. No increase in storm water runoff will be allowed onto the State highway right-of-way. Plans for the construction and maintenance of retention basins shall be submitted to the DOT for review and approval; and*
- c. Plans for work within the State highway right-of-way shall be reviewed and approved by the Highways Division, Maui District.*

- Response:**
- a. A roadway maintenance plan has been prepared as per this condition. A copy of the maintenance plan is attached as **Exhibit “D”**. The plan has been submitted for review and approved by the State Department of Transportation (SDOT).
 - b. Plans for the construction of a retention basin and its maintenance have been prepared as per this condition. A copy of the grading and maintenance plan is attached as **Exhibit “E”**.
 - c. No work in State highways is proposed as part of the quarry’s operations.

Condition No. 9

That in the event any significant cultural deposits or human skeletal remains are encountered, work shall stop in the immediate vicinity and the DLNR, SHPD, shall be contacted.

Response: The permittee concurs with the condition.

Condition No. 10

That prior to initiation of any excavation work within the 64.4-acre expansion, the following shall be resolved with the DLNR, SHPD:

- a. Clarification in the form of archaeological inventory survey level documentation as to whether Temporary Site T-9 is a previously identified historic site;*
- b. A preservation plan for the “agreed upon preservation areas”; and*
- c. A thorough field inspection of the 65+ acres into which the proposed quarry will expand to determine the condition of the previously identified sites as well as documentation of any*

additional sites. Documentation from the DLNR, SHPD, that all concerns have been addressed shall be filed with the DP and the County Department of Public Works and Environmental Management ("DPWEM") prior to issuance of any grading permit, if required, and initiation of excavation work within the expansion area.

Response: As mentioned previously, an Application to Amend Permit Terms, Conditions, and Time Stipulations requesting a time extension has been prepared and filed with the County of Maui, Department of Planning and is currently under review. Also as part of this application, the permittee will be requesting that this condition be removed from the SUP approval. An Archaeological Inventory Survey (AIS) and Archaeological Monitoring Plan (AMP) have been prepared for the quarry expansion area and was submitted to the State Historic Preservation Division (SHPD) for review. Both the AIS and AMP were accepted in 2008 by SHPD. A copy of the SHPD's acceptance letter is provided as **Exhibit "F"**. Further, it is noted that no new expansion is being proposed.

Condition No. 11

That the Applicant shall have an onsite monitor to ensure that the load is covered and material is removed from the exterior of the truck bed and wheels to reduce debris falling onto the public roadways.

Response: The permittee concurs with the condition and confirms that monitoring of loads occurs as part of normal operations.

Condition No. 12

That upon cessation of the Pohakea Quarry operations the Applicant including the owner of the land shall prepare a closure plan to revegetate the site or other measures to reduce erosion. The closure plan shall be reviewed and approved by the DP.

Response: The permittee concurs with this condition. In the event the Pohakea Quarry operations ceases, a closure plan approved by the landowner will be submitted to the Department of Planning.

Condition No. 13

That the Applicant shall incorporate applicable Best Management Practices ("BMP") to mitigate noise, dust, runoff, and infiltration related to the Pohakea Quarry.

Response: The permittee concurs with this condition and incorporates BMPs for noise and dust mitigation into normal operations.

Condition No. 14

That the Applicant shall maintain the area between the Pohakea Stream and the southern boundary of the Property for the life of the Pohakea Quarry to provide a visual buffer.

Response: The permittee concurs with this condition.

Condition No. 15

That base course materials from the Pohakea Quarry shall not be exported off island.

Response: The permittee concurs with this condition and confirms that no base course materials from the quarry is shipped off-island.

Condition No. 16

That the protective construction fencing located around Site T-9 (a remnant of an historic wall) shall be maintained for the life of the LUC Special Use Permit. All individuals and/or organizations working on the site shall be briefed on the location of Site T-9 to avoid damaging this site.

Response: As mentioned previously, an AIS and AMP for the quarry expansion area have been submitted to and approved by the SHPD and that no new expansion of the quarry is being proposed. As such, the permittee is requesting as part of the Application to Amend Permit Terms, Conditions, and Time Stipulations currently being reviewed, that this condition be removed from the SUP approval.

Condition No. 17

That the Applicant will maintain a 25-foot buffer along the northern boundary of the Pohakea Stream. That the bed or banks of Pohakea Stream shall not be altered without an approved stream-channel alteration permit prior to construction.

Response: The permittee concurs with this condition. Alteration of Pohakea Stream is not anticipated.

Condition No. 18

That the Applicant shall obtain a National Pollutant Discharge Elimination System permit for the expansion of the Pohakea Quarry.

Response: The permittee concurs with this condition. The National Pollutant Discharge Elimination System Permit extension is in progress with the State Department of Health. See **Exhibit "G"**.

Condition No. 19

That the Applicant shall maintain its existing State Department of Health air quality permits throughout the operation of the Pohakea Quarry and shall obtain any additional air quality permits that may be required for the quarry expansion.

Response: The permittee concurs with this condition and confirms that it maintains its required air quality permits.

Condition No. 20

That the Applicant shall submit a detailed and final drainage report and a BMP Plan to the DPWEM for its review and approval.

Response: The permittee concurs with this condition and abides by its approved drainage report and BMP plan.

Condition No. 21

That the Applicant shall operate the Pohakea Quarry from Monday through Saturday, 7:00 a.m. to 5:00 p.m.

Response: The permittee concurs with this condition and confirms that the quarry's operational hours are from 7:00 a.m. to 5:00 p.m., Monday through Saturday.

Condition No. 22

That the Applicant shall file a request with the DP to terminate SUP2 96/0013 within six months following the issuance of this Decision and Order.

Response: The permittee concurs with this condition and confirms that SUP2 96/0013 has been terminated.

Condition No. 23

That the permitted uses and activities on the existing 14.8-acre site shall be limited to quarrying, base course production recycling of concrete debris, greenwaste composting, screening of compost material, maintenance and storage facilities to support the onsite rock crusher, and office facilities for the operation. Permitted uses and activities on the approximately 64.4-acre expansion area shall be limited to quarrying and base course production only. There shall be no composting of greenwaste and grubbed material or the recycling of concrete rubble on the expansion area.

Response: The permittee concurs with this condition and confirms that the uses occurring at the site are in compliance with the SUP approval.

DECISION AND ORDER APPROVING TIME EXTENSION TO SPECIAL USE PERMIT

On July 16, 2009, Karlynn Fukuda filed a request on behalf of Hawaiian Cement ("Applicant") for a ten-year time extension to the life of the State Land Use Commission ("LUC") Special Use Permit issued in County Docket No. SUP1 2006/0001 (LUC Docket No. SP06-400) with the County of Maui Department of Planning ("DP"), pursuant to section 205-6, Hawai`i Revised Statutes ("HRS"), and sections 15-15-95 and 15-15-96, Hawai`i Administrative Rules ("HAR").

On January 26, 2010, the County of Maui Planning Commission ("Planning Commission") conducted a hearing on the Applicant's request. There was no public testimony. After due deliberation, the Planning Commission voted to

approve the Applicant's request and to delete Condition Numbers 6 and 7 of the Decision And Order Approving Special Use Permit dated December 4, 2006.

The LUC has jurisdiction over this matter. Section 205-6, HRS, and sections 15-15-95 and 15-15-96, HAR, confer jurisdiction upon the LUC to approve special use permits and amendments thereto for areas greater than 15 acres.

On April 13, 2010, the LUC received copies of the Planning Commission's decision and the record on the request. Upon review of the record, the LUC staff believed that it was incomplete because there was an ambiguity as to the nature of the Planning Commission's action with respect to the disposition of certain conditions previously imposed by the LUC on the Special Use Permit. By letter dated April 15, 2010, the LUC staff notified the DP that it would suspend further processing of the request until such time that the record in this matter was clarified by the County of Maui.

On July 13, 2010, the Planning Commission conducted a hearing to address the concerns of the LUC staff. There was no public testimony. After due deliberation, the Planning Commission clarified that all of the remaining 23 conditions previously imposed by the LUC are included as part of its decision to approve the Applicant's request for a ten-year time extension to the life of the Special Use Permit and to delete Condition Numbers 6 and 7.

On October 20, 2010, the LUC received copies of the Planning Commission's agenda and minutes for its July 13, 2010, hearing.

On December 2, 2010, the LUC met in Honolulu, Hawai'i, to consider the Applicant's request. Karlynn Fukuda and Dave Gomes appeared on behalf of the Applicant. Michael Hopper, Esq., and Paul Fasi appeared on behalf of the DP. Bryan C. Yee, Esq., and Abe Mitsuda were also present on behalf of the State Office of Planning ("OP").

At the meeting, the LUC staff provided a summary of the Applicant's request and recommended that if the LUC were inclined to approve the Applicant's request for a ten-year time extension to the life of the Special Use Permit, Condition Number 6 be amended to read as follows:

6. On each anniversary date of this Decision and Order, the Applicant shall file annual reports to the LUC and the DP in connection with the status of the subject project and the Applicant's progress in complying with the conditions imposed herein. The annual report shall be submitted in a form prescribed by the Executive Officer of the Commission.

The LUC staff further recommended that Condition Number 7 be retained.

Following the presentation by the LUC staff, the Applicant stated that it currently has a 20-year lease for the subject property that expires in 2024, with an option to extend the lease for another 20 years. The Applicant then requested that in addition to its request for a ten-year time extension, the LUC consider the deletion of Condition

Numbers 8, 10, and 16 of the Decision And Order Approving Special Use Permit dated December 4, 2006, as the Applicant represented that these conditions have been met.

The DP stated that it had no objection to amending Condition Number 6 and retaining Condition Number 7 as recommended by the LUC staff nor any objection to the Applicant's request to delete Condition Numbers 8, 10, and 16.

The OP stated that it had a concern about deleting the requirement in Condition Number 8b that no increase in storm water runoff be allowed onto the State highway right-of-way as OP believed that this was a continuing obligation. Upon discussion, the Applicant stated that it had no objection to retaining that part of Condition Number 8b. With respect to Condition Number 10, OP requested the Applicant to clarify whether the State Historic Preservation Division ("SHPD") formally agreed that Site T-9 was not marked for preservation as represented by the Applicant. The Applicant clarified that as part of its compliance report, it included a letter from the SHPD dated April 1, 2008, in which the SHPD did not require the preservation of Site T-9 but recommended the presence of a full-time archaeological monitor for the proposed ground altering activities on the parcel. Upon additional questioning by OP, the Applicant referenced an excerpt from the revised archaeological inventory survey prepared for the expansion area and subsequently accepted by the SHPD, in which Site T-9 was determined following a thorough inspection to be a naturally occurring, unmodified boulder field as there was no evidence of human alteration or uses. Based

on the findings of the survey, Site T-9 was no longer considered an archaeological site, did not warrant archaeological data recovery, and no longer warranted implementation of measures to prevent accidental encroachment.

The DP clarified the requirement that no increase in storm water runoff be allowed onto the State highway-right-of way was also a condition of the County Special Use Permit.

Upon further discussion, the LUC advised the Applicant that its request to delete Condition Numbers 8, 10, and 16 would not be considered by the LUC at this time as it was not part of the Planning Commission's decision in this matter pursuant to section 205-6, HRS, and sections 15-15-95 and 15-15-96, HAR.

Following discussion by the Commissioners, a motion was made and seconded to (i) grant a ten-year time extension to the life of the Special Use Permit by amending Condition Number 1 of the Order Amending Decision And Order Approving Special Use Permit dated December 18, 2006, to read as follows:

1. That the LUC Special Use Permit shall be valid until December 15, 2019, subject to further extensions by the LUC upon a timely request for extension filed at least one-hundred twenty (120) days prior to its expiration. The appropriate Planning Commission shall make a recommendation to the LUC and may require a public hearing on the time extension.

(ii) amend Condition Number 6 of the Decision And Order Approving Special Use Permit dated December 4, 2006, to read as follows:

6. On each anniversary date of this Decision and Order, the Applicant shall file annual reports to the LUC and the DP in connection with the status of the subject project and the Applicant's progress in complying with the conditions imposed herein. The annual report shall be submitted in a form prescribed by the Executive Officer of the Commission.

and (iii) retain Condition Number 7 of the Decision And Order Approving Special Use Permit dated December 4, 2006.

Following deliberation by the Commissioners, a vote was taken on the motion. There being a vote tally of 7 ayes and 2 absent, the motion carried.

ORDER

The LUC, having duly considered the complete record of the Planning Commission's proceedings on the Applicant's request and the oral arguments presented by the parties in this proceeding, and a motion having been made at a meeting conducted on December 2, 2010, in Honolulu, Hawai'i, and the motion having received the affirmative votes required by section 15-15-13, HAR, and there being good cause for the motion,

HEREBY ORDERS that Condition Number 1 of the Order Amending Decision And Order Approving Special Use Permit dated December 18, 2006, be amended as follows:

1. That the LUC Special Use Permit shall be valid until December 15, 2019, subject to further extensions by the LUC upon a timely request for extension filed at least one-hundred twenty (120) days prior to its expiration. The appropriate Planning Commission shall

make a recommendation to the LUC and may require a public hearing on the time extension.

IT IS FURTHER ORDERED that Condition Number 6 of the Decision And Order Approving Special Use Permit dated December 4, 2006, be amended as follows:

6. On each anniversary date of this Decision and Order, the Applicant shall file annual reports to the LUC and the DP in connection with the status of the subject project and the Applicant's progress in complying with the conditions imposed herein. The annual report shall be submitted in a form prescribed by the Executive Officer of the Commission.

All other conditions to the Decision And Order Approving Special Use Permit dated December 4, 2006, are hereby reaffirmed and shall continue in effect.¹

¹ Condition Number 1 was amended pursuant to Order Amending Decision And Order Approving Special Use Permit dated December 18, 2006, and is further amended herein.

Done at Honolulu, Hawai'i, this 6TH day of January, 2011, per motion on December 2, 2010.

SUBJECT: Hawaiian Cement Pohakea Quarry; County Special Use Permit,
TMK (2) 3-6-004:007, Maalaea, Maui, Hawai'i (CUP 2006/0001)

Dear Ms. McLean:

The Maui Planning Commission (Commission), at a regularly scheduled meeting on January 26, 2010, approved the 10-year time extension request for the County Special Use Permit (CUP). The Commission's approval of the time extension request is subject to 13 conditions. See **Attachment "1"**.

Condition Number 5 of the 2010 CUP time extension recommended:

That the Applicant shall submit bi-annually to the Department, five (5) copies of the detailed report addressing its compliance with the conditions established by the County Special Use Permit.

On behalf of the CUP permit holder, Hawaiian Cement, we are submitting this bi-annual compliance report in order to meet Condition No. 5 of the CUP.

COUNTY SPECIAL USE PERMIT CONDITIONS

Condition No. 1:

That the County Special Use Permit shall be valid until December 15, 2019, subject to extension by the Commission upon a timely request for extension filed at least one-hundred twenty (120) days prior to its expiration. The Commission may require a public hearing on the time extension.

Response: The permittee concurs with this condition and will comply with the time extension request procedures. We note that the CUP expired in December 2019. As such, an application to Amend Permit Terms, Conditions, and Time Stipulations requesting a time extension was prepared and filed with the Department of Planning in June 2019 and is currently under review.

Condition No. 2:

That the County Special Use Permit shall not be transferred without the prior written approval of the Commission.

Response: The permittee concurs with this condition. No permit transfer request is anticipated for the CUP.

Condition No. 3:

That the Applicant, its successors, and permitted assigns shall exercise reasonable due care as to third parties with respect to all areas affected by subject County Special Use Permit and shall procure at its own cost and expense, and shall maintain during the entire period of this County Special Use Permit, a policy or policies of comprehensive liability insurance in the minimum amount of ONE MILLION AND NO/100 DOLLARS (\$1,000,000.00) naming the County of Maui as an additional named insured, insuring and defending the Applicant and County of Maui against any and all claims or demands for property damage, personal injury, and/or death arising out of this permit, including but not limited to: (1) claims from any accident in connection with the permitted use, or occasioned by any act or nuisance made or suffered in connection with the permitted use in the exercise by the Applicant of said rights; and (2) all actions, suits, damages, and claims by whomsoever brought or made by reason of the non-observance or non-performance of any terms and conditions of this permit. Proof of a policy naming County of Maui as an additional named insured shall be submitted to the Department within ninety (90) calendar days from the date of transmittal of the Decision and Order.

Response: The permittee concurs with the condition. The current certificate of insurance naming the County of Maui as an additional insured is attached as **Attachment "2"**.

Condition No. 4:

That full compliance with all applicable governmental requirements shall be rendered.

Response: The permittee concurs with the condition.

Condition No. 5:

That the Applicant shall submit bi-annually to the Department, five (5) copies of a detailed report addressing its compliance with the conditions established by the County Special Use Permit.

Response: This bi-annual report is being submitted to satisfy this condition.

Condition No. 6:

That the Applicant shall continue to develop the property in substantial compliance with the representations made to the Commission in obtaining the County Special Use Permit. Failure to so develop the property may result in the revocation of the permit.

Response: The permittee concurs with the condition and continues to utilize the property in substantial compliance with representations made to the Commission.

Condition No. 7:

That the Applicant shall continue compliance with the following recommendations of the State Department of Transportation:

- A. *The Applicant shall continue to regularly remove dirt, debris, gravel, and other byproducts of quarry operations from the quarry access road's intersection with Honoapiilani Highway. The Applicant shall abide by its previous plan for rapid removal of any quarry products spilled on the State highway right-of-way; and*
- B. *No increase in stormwater runoff will be allowed into the State highway right-of-way.*

Response: The permittee concurs with this condition and abides by its plans and procedures regarding quarry operation's to remove by products from the quarry's access road and maintaining its drainage improvements.

Condition No. 8:

That in the event of any significant cultural deposits or human skeletal remains are encountered, work shall stop in the immediate vicinity and the State Historic Preservation Division shall be contacted.

Response: The permittee concurs with this condition and will comply with the procedures.

Condition No. 9:

That the Applicant shall have an on-site monitor to ensure that the load is covered and material is removed from the exterior of the truck bed and wheels to reduce debris falling onto public roadways.

Response: The permittee concurs with this condition and has an on-site monitor.

Condition No. 10:

That upon cessation of the Pohakea Quarry operations, a closure plan shall be prepared to re-vegetate the site or other measures to reduce erosion and shall be reviewed and approved by the Department.

Response: The permittee concurs with this condition. In the event the Pohakea Quarry operations ceases, a closure plan approved by the landowner, will be submitted to the Department of Planning.

Condition No. 11:

That the Applicant shall incorporate applicable Best Management Practices (BMPs) to mitigate noise and dust related to the Pohakea Quarry expansion.

Response: The permittee concurs with this condition and incorporates BMPs for noise and dust mitigation.

Condition No. 12:

That the Applicant shall maintain the existing natural landscape buffer along the southern boundary of the project site for the life of the quarry to provide a visual buffer.

Response: The permittee concurs with this condition.

Condition No. 13:

That base course materials from the quarry shall not be exported off-island.

Response: The permittee concurs with this condition. No base course materials from the quarry are shipped off-island.

Mr. David Gomes
Hawaiian Cement
P.O. Box 488
Kahului, Hawaii 96733

Dear Mr. Gomes:

SUBJECT: TIME-EXTENSION REQUEST FOR STATE LAND USE COMMISSION SPECIAL USE PERMIT, COUNTY SPECIAL USE PERMIT, AND COUNTY CONDITIONAL PERMIT IN ORDER TO CONTINUE OPERATION OF THE POHAKEA QUARRY FACILITIES, CONCRETE RECYCLING AND GREENWASTE COMPOSTING IN THE STATE AND COUNTY AGRICULTURAL DISTRICTS, AT MAALAEA, ISLAND OF MAUI, HAWAII; TMK: (2) 3-6-004:007 (SUP1 2006/0001) (CP 97/0002) (CUP 2006/0001)

At its regular meeting on January 26, 2010, the Maui Planning Commission (Commission) conducted a review on the above requests. After due deliberation, the Commission voted to recommend approval of the State Land Use Commission Special Use Permit, subject to the following recommended conditions:

STATE LAND USE COMMISSION SPECIAL USE PERMIT

The Commission recommends to the State Land Use Commission approval of the ten-year time-extension request for the State Land Use Commission Special Use Permit, subject to the following conditions:

Standard Conditions:

1. That the State Land Use Commission Special Use Permit shall be valid until December 15, 2019, subject to further extensions by the State Land Use Commission upon a timely request for extension filed at least one-hundred twenty (120) days prior to its expiration. The appropriate Planning Commission shall make a recommendation to the State Land Use Commission and may require a public hearing on the time extension.

2. That the conditions of this State Land Use Commission Special Use Permit shall be enforced pursuant to Sections 205-12 and 205-13, Hawaii Revised Statutes (HRS). Failure to comply with one (1) or more of the conditions herein shall result in a notice of violation issued by the appropriate enforcement agency, notifying the permit holder of the violation, and providing the permit holder no more than sixty (60) days to cure the violation. If the permit holder fails to cure the violation within sixty (60) days of said notice, the appropriate enforcement agency shall issue an order which may require one (1) or more of the following: that the violative activity cease; that the violative development be removed; that a civil fine be paid not to exceed \$1,000.00 per violation; and that a civil fine not to exceed \$5,000.00 shall be issued if violation not cured within six (6) months of the issuance of the order. The order shall become final thirty (30) days after the date of its mailing or hand-delivery unless written request for a hearing is mailed or delivered to the Department of Planning (Department) within said thirty (30) days. Upon receipt of a request for a hearing, the Department shall specify a time and place for the permit holder to appear and be heard. The hearing shall be conducted by the Planning Director (Director) or the Director's designee in accordance with the provisions of Chapter 91, HRS, as amended.
3. That the subject State Land Use Commission Special Use Permit shall not be transferred without the prior written approval of the State Land Use Commission. The appropriate Planning Commission shall make a recommendation to the State Land Use Commission. However, in the event that a contested case hearing preceded issuance of said State Land Use Commission Special Use Permit, a public hearing shall be held by the appropriate Planning Commission upon due published notice, including actual written notice to the last known addresses of parties to said contested case and their counsel.
4. That the Applicant, its successors, and permitted assigns shall exercise reasonable due care as to third parties with respect to all areas affected by subject State Land Use Commission Special Use Permit and shall procure at its own cost and expense, and shall maintain during the entire period of this State Land Use Commission Special Use Permit, a policy or policies of comprehensive liability insurance in the minimum amount of ONE MILLION AND NO/100 DOLLARS (\$1,000,000.00) naming the County of Maui and State of Hawaii as an additional named insured, insuring and defending the Applicant, County of Maui and State of Hawaii against any and all claims or demands for property damage, personal injury, and/or death arising out of this permit, including but not limited to: (1) claims from any accident in connection with the permitted use, or occasioned by any act or nuisance made or suffered in connection with the permitted use in the exercise by the Applicant of said rights; and (2) all actions, suits, damages, and claims by whomever brought or made by reason of the non-observance or non-performance of any of the terms and conditions of this permit. Proof of a

Mr. David Gomes
March 9, 2010
Page 3

policy naming County of Maui as an additional named insured shall be submitted to the Department within ninety (90) calendar days from the date of transmittal of the Decision and Order.

5. That full compliance with all applicable governmental requirements shall be rendered.

The Commission authorizes the Director to forward the record and its recommendation on the State Land Use Commission Special Use Permit to the State Land Use Commission.

COUNTY SPECIAL USE PERMIT

The Commission also approved the ten-year time-extension request for the County Special Use Permit subject to the following conditions:

Standard Conditions:

1. That the County Special Use Permit shall be valid until December 15, 2019, subject to extension by the Commission upon a timely request for extension filed at least one-hundred twenty (120) days prior to its expiration. The Commission may require a public hearing on the time extension.
2. That the County Special Use Permit shall not be transferred without the prior written approval of the Commission.
3. That the Applicant, its successors, and permitted assigns shall exercise reasonable due care as to third parties with respect to all areas affected by subject County Special Use Permit and shall procure at its own cost and expense, and shall maintain during the entire period of this County Special Use Permit, a policy or policies of comprehensive liability insurance in the minimum amount of ONE MILLION AND NO/100 DOLLARS (\$1,000,000.00) naming the County of Maui as an additional named insured, insuring and defending the Applicant and County of Maui against any and all claims or demands for property damage, personal injury, and/or death arising out of this permit, including but not limited to: (1) claims from any accident in connection with the permitted use, or occasioned by any act or nuisance made or suffered in connection with the permitted use in the exercise by the Applicant of said rights; and (2) all actions, suits, damages, and claims by whomsoever brought or made by reason of the non-observance or non-performance of any of the terms and conditions of this permit. Proof of a policy naming County of Maui as an additional named insured shall be submitted to the Department within ninety (90) calendar days from the date of transmittal of the Decision and Order.

Mr. David Gomes
March 9, 2010
Page 4.

4. That full compliance with all applicable governmental requirements shall be rendered,
5. That the Applicant shall submit bi-annually to the Department, five (5) copies of a detailed report addressing its compliance with the conditions established by the County Special Use Permit.
6. That the Applicant shall continue to develop the property in substantial compliance with the representations made to the Commission in obtaining the County Special Use Permit. Failure to so develop the property may result in the revocation of the permit.

Project Specific Conditions:

7. That the Applicant shall continue compliance with the following recommendations of the State Department of Transportation:
 - A. The Applicant shall continue to regularly remove dirt, debris, gravel, and other byproducts of quarry operations from the quarry access road's intersection with Honoapiilani Highway. The Applicant shall abide by its previous plan for rapid removal of any quarry products spilled on the State highway right-of-way; and
 - B. No increase in storm water runoff will be allowed onto the State highway right-of-way.
8. That in the event any significant cultural deposits or human skeletal remains are encountered, work shall stop in the immediate vicinity and the State Historic Preservation Division shall be contacted.
9. That the Applicant shall have an on-site monitor to ensure that the load is covered and material is removed from the exterior of the truck bed and wheels to reduce debris falling onto the public roadways.
10. That upon cessation of the Pohakea Quarry operations, a closure plan shall be prepared to re-vegetate the site or other measures to reduce erosion and shall be reviewed and approved by the Department.
11. That the Applicant shall incorporate applicable Best Management Practices (BMPs) to mitigate noise and dust related to the Pohakea Quarry expansion.

Mr. David Gomes
March 9, 2010
Page 5

12. That the Applicant shall maintain the existing natural landscape buffer along the southern boundary of the project site for the life of the quarry to provide a visual buffer.
13. That base course materials from the quarry shall not be exported off-island.

The County Special Use Permit conditions will be enforced, pursuant to the provisions of Chapter 19.530, Section 19.530.030 of the Maui County Code (MCC), as amended, 1980; and the *Rules for Administrative Procedures and Civil Fines for Violations of Titles 12, 14, 16, 19, and 20 of the MCC*.

The Commission adopted the Report and Revised Recommendations prepared by the Department for the January 26, 2010 meeting as the Findings of Fact, Conclusions of Law, and Decision and Order, attached hereto and made a part hereof. Parties to proceedings before the Commission may obtain Judicial Review of Decision and Orders Issued by the Commission in the manner set forth in Chapter 91-14, HRS.

CONDITIONAL PERMIT

The Commission recommended approval of the ten-year time-extension request for the County Conditional Permit to the Maui County Council, subject to conditions as recorded in Ordinance No. 3232, dated December 15, 2004. (See Exhibit 11 in the Department Report)

The pertinent condition (Condition No. 2) as written in Ordinance 3232, in its amended form would thus read:

"That the Conditional Permit is hereby granted to Hawaiian Cement and shall be valid until December 15, 2019. An extension of this permit beyond this ten-year period may be granted pursuant to Section 19.40.090 of the Maui County Code."

Thank you for your cooperation. If additional clarification is required, please contact Staff Planner Paul Fasi at paul.fasi@mauicounty.gov or at 270-7814.

SUBJECT: County Conditional Permit for Hawaiian Cement Pohakea Quarry,
TMK (2)3-6-004:007(por.), Mā'alaea, Maui, Hawai'i; (CP 97/0002)

Dear Mr. Fasi:

Ordinance No. 3787, granting a time extension to the abovementioned Conditional Permit (CP), was passed on final reading by the Maui County Council on October 19, 2010 and took effect on October 22, 2010. The CP time extension was granted until December 15, 2019. The approval of the time extension request was subject to seven (7) conditions. See **Attachment "1"**.

Condition Number 7 of the 2010 CP time extension approval stated:

"That Hawaiian Cement shall submit to the Department of Planning annual reports addressing its compliance with the conditions established with the subject Conditional Permit."

On behalf of the CP holder, Hawaiian Cement, we are submitting this compliance report to meet Condition Number 7 and address compliance with the conditions set forth in the approved CP time extension.

Condition No. 1

That full compliance with all conditions of the State Special Use Permit, with the conditions of the State Department of Health, Clean Air Branch, Noncovered Source Permit, and with all other applicable governmental requirements shall be rendered;

Response: The permittee concurs with this condition and will comply with the conditions in the State Special Use Permit, with the conditions of the State Department of Health, Clean Air Branch, Noncovered Source Permit and applicable governmental requirements. The permittee submitted a renewal modification application for a Covered Source Permit as required, to the State Department of Health (DOH). By letter dated July 21, 2008, DOH acknowledged receipt of permittee's permit renewal-modification application. DOH confirmed via email on April 28, 2014, that permittee follow the guidelines of covered source permit 0386-02-C issued on June 12, 2008. See attached **Attachment "2"**.

DOH notified the permittee by letter dated December 9, 2013, that a new National Pollutant Discharge Elimination System (NPDES) permit was granted for stormwater discharge in accordance with Hawai'i Administration Rules, Title 11, Chapter 55, Appendix B which became effective December 9, 2013. The NPDES Permit extension is in progress with the State Department of Health. See **Attachment "3"**.

Condition No. 2

That the Conditional Permit is hereby granted to Hawaiian Cement and shall be valid [for a period of five years from the effective date of the most recent amendment to this ordinance;] until December 15, 2019; provided that, an extension of this permit beyond this [five-year] period may be granted pursuant to Section 19.40.090, Maui County Code;

Response: The permittee concurs with the condition and will comply with time extension request procedures. We note that the CP for the operation of a concrete recycling facility in conjunction with the permitted quarry and rock crushing operation expired in December 2019. As such, an application to Amend Permit Terms, Conditions, and Time Stipulations requesting a time extension was prepared and filed with the Department of Planning in June 2019 and is currently under review.

In addition, it is noted that the permittee sent the DOH, Solid and Hazardous Waste Branch a letter dated December 6, 2013, that it will not be seeking a permit renewal application for a green waste composting operation. The green waste operation was not initiated and as such, no green waste has been accepted and no composting activities were performed. DOH sent permittee a letter dated December 26, 2013, that it closed its file regarding the green waste composting permit which expired December 4, 2013. See **Attachment "4"**. The Application to Amend

Permit Terms, Conditions, and Time Stipulations currently under review also requests that this activity be removed from the scope of the approved CP.

Condition No. 3

That the Conditional Permit shall be nontransferable unless the Council approves the transfer by ordinance;

Response: The permittee concurs with the condition. No permit transfer request is anticipated for the CP.

Condition No. 4

That Hawaiian Cement, its successors and permitted assigns shall exercise reasonable due care as to third parties with respect to all areas affected by subject Conditional Permit and shall procure at its own cost and expense, and shall maintain during the entire period of this Conditional Permit a policy or policies of comprehensive liability insurance in the minimum amount of ONE MILLION AND NO/100 DOLLARS (\$1,000,000.00), naming the County of Maui as an additional [named] insured, insuring and defending Hawaiian Cement and County of Maui against any and all claims or demands for property damage, personal injury and/or death arising out of this permit, including but not limited to: (1) claims from any accident in connection with the permitted use, or occasioned by any act or nuisance made or suffered in connection with the permitted use in the exercise by Hawaiian Cement of said rights; and (2) all actions, suits, damages and claims by whomsoever brought or made by reason of the nonobservance or non-performance of any of the terms and conditions of this permit. A copy of a policy naming County of Maui as an additional [named] insured shall be submitted to the Department of Planning within ninety (90) calendar days from the effective date of the most recent amendment to this ordinance[.]

Response: An updated Certificate of Insurance is attached hereto as **Attachment "5"**.

Condition No. 5

That this Conditional Permit shall be limited to the composting of green waste and grubbed material, [and] the recycling of concrete rubble in connection with the base course production, and the use of the scale house/office structure located on the site;

Response: In regards to the recycling of concrete rubble, the permittee concurs with the condition and continues to comply. The permittee did not seek a renewal of the green waste composting permit which expired December 4, 2013. The green waste operation was not initiated and as such no green waste has been accepted and no composting activities were performed on the quarry site. See response to Condition No. 2.

Condition No. 6

That Hawaiian Cement shall employ dust control measures at the green waste composting area to minimize dust emissions.

Response: The green waste permit expired December 4, 2013 and the permittee did not seek a renewal of the permit. The green waste operation was not initiated and as such no green waste has been accepted and no composting activities were performed on the quarry site. See response to Condition No. 2. As such, there are no dust emissions at this area.

Condition No. 7

That Hawaiian Cement shall submit to the [Planning Department] Department of Planning annual reports addressing its compliance with the conditions established with the subject Conditional Permit."

Response: This report is being submitted to satisfy this condition.

Conditional Permit Approval Ordinance No. 3787

ORDINANCE NO. 3787

BILL NO. 74 (2010)

A BILL FOR AN ORDINANCE TO EXTEND A CONDITIONAL PERMIT TO ALLOW THE OPERATION OF A CONCRETE RECYCLING AND GREEN WASTE COMPOSTING FACILITY IN CONJUNCTION WITH THE PERMITTED QUARRY AND ROCK CRUSHING OPERATION WITHIN THE COUNTY AGRICULTURAL DISTRICT FOR PROPERTY SITUATED AT TAX MAP KEY NO. (2) 3-6-004:007 (POR.),
WAILUKU, MAUI, HAWAII

BE IT ORDAINED BY THE PEOPLE OF THE COUNTY OF MAUI:

SECTION 1. Pursuant to Chapter 19.40, Maui County Code, the Conditional Permit granted by Ordinance No. 2669 (1998), as amended by Ordinance No. 2853 (2000), as amended by Ordinance No. 3232 (2004), is extended, subject to the conditions imposed in Section 2 of this ordinance, for the operation of a concrete recycling and green waste composting facility in conjunction with the permitted quarry and rock crushing operation within the County Agricultural District. The site is identified for real property tax purposes by Tax Map Key No. (2) 3-6-004:007 (por.), and is comprised of approximately 14.8 acres of land.

SECTION 2. The conditions imposed in Ordinance No. 3232 (2004) are amended to read as follows:

- "1. That full compliance with all conditions of the State Special Use Permit, with the conditions of the State Department of Health, Clean Air Branch, Noncovered Source Permit,

and with all other applicable governmental requirements shall be rendered;

2. That the Conditional Permit is hereby granted to Hawaiian Cement and shall be valid [for a period of five years from the effective date of the most recent amendment to this ordinance;] until December 15, 2019; provided that, an extension of this permit beyond this [five-year] period may be granted pursuant to Section 19.40.090, Maui County Code;
3. That the Conditional Permit shall be nontransferable unless the Council approves the transfer by ordinance;
4. That Hawaiian Cement, its successors and permitted assigns shall exercise reasonable due care as to third parties with respect to all areas affected by subject Conditional Permit and shall procure at its own cost and expense, and shall maintain during the entire period of this Conditional Permit a policy or policies of comprehensive liability insurance in the minimum amount of ONE MILLION AND NO/100 DOLLARS (\$1,000,000.00), naming the County of Maui as an additional [named] insured, insuring and defending Hawaiian Cement and County of Maui against any and all claims or demands for property damage, personal injury and/or death arising out of this permit, including but not limited to: (1) claims from any accident in connection with the permitted use, or occasioned by any act or nuisance made or suffered in connection with the permitted use in the exercise by Hawaiian Cement of said rights; and (2) all actions, suits, damages and claims by whomsoever brought or made by reason of the non-observance or non-performance of any of the terms and conditions of this permit. A copy of a policy naming County of Maui as an additional [named] insured shall be submitted

to the Department of Planning within ninety (90) calendar days from the effective date of the most recent amendment to this ordinance[.];

5. That this Conditional Permit shall be limited to the composting of green waste and grubbed material, [and] the recycling of concrete rubble in connection with the base course production, and the use of the scale house/office structure located on the site;
6. That Hawaiian Cement shall employ dust control measures at the green waste composting area to minimize dust emissions; and
7. That Hawaiian Cement shall submit to the [Planning Department] Department of Planning annual reports addressing its compliance with the conditions established with the subject Conditional Permit."

SECTION 3. This ordinance shall take effect upon its approval.

Dear Mr. DeLong:

Subject: Covered Source Permit (CSP) 0386-02-C
Renewal-Modification Application No. 0386-08
Hawaiian Cement
800 tph Crushing and Screening Plant
Located at: Waikapu Quarry, Waikapu, Maui

The Department of Health acknowledges receipt of your renewal-modification application on June 24, 2008, for the subject facility. The renewal-modification application has been assigned No. 0386-08. Please reference this number in future correspondence regarding this permit. A receipt for the application filing fee of \$500.00 is enclosed.

The Department has completed the initial review of your permit application. You propose to add a grizzly feeder, jaw crusher, and a diesel engine generator, and to delete the annual production limit of 540,800 tons per year and the annual hourly limit of 2,080 hours per year.

In your application, the Department of Health has noted a discrepancy in the ambient air quality impact assessment. In Appendix A, page A-10, ISC3 Screening calculations, for the nitrogen dioxide annual concentration, the multi-tiered ambient ratio method was applied. But in the ambient ratio method, the 2080 hours of operation was used to proportionally reduce the annual concentration, which is no longer applicable since you requested to delete the annual hourly limit of 2,080 hours per year. Without that hourly limit, the predicted nitrogen dioxide annual concentration exceeds the allowable Hawaii air standard of 70 micrograms per cubic meter. The proposed operation for the new diesel engine generator needs to be revised to meet the Hawaii air standard for the annual nitrogen dioxide ambient air quality impact.

Please note that in accordance with Hawaii Administrative Rules (HAR), Title 11, Chapter 60.1, during the processing of an application, if it is determined that additional information is necessary to evaluate the application, the Department may request additional information.

If you have any questions, please call Mr. Glenn Nagamine of my staff at (808) 586-4200.

Sincerely,

A handwritten signature in black ink, appearing to read "Wilfred K. Nagamine".

Kevin,

We are doing a compliance review for Walkapu Quarry. Can you confirm we are in good standing by replying to this e-mail.

Your July 21, 2008 letter acknowledges receipt of our renewal – modification application. The technical details for developing a new permit are being worked out between your office and our consultant, Dr. Jim Morrow. In the meantime, we are following the guidelines of permit 0386-02-C issued June 12, 2008.

Let me know if more information is required.

Thank you,

Dane Wurlitzer

Mr. Jason Macy
President
Hawaiian Cement
99 Halawa Valley Street
Aiea, Hawaii 96701

Dear Mr. Macy:

**Subject: Administrative Extension of
Notice of General Permit Coverage (NGPC) for
Hawaiian Cement – Waikapu Quarry
Island of Maui, Hawaii
File No. HI R32C427**

The Department of Health (DOH), Clean Water Branch (CWB), acknowledges receipt of your 2017 Renewal Notice of Intent (NOI) and \$500 filing fee for coverage under the National Pollutant Discharge Elimination System general permit provisions, in accordance with the Hawaii Administrative Rules (HAR), Section 11-55-34.08.

The DOH is unable to complete the processing of your NOI prior to the current NGPC expiration date. Therefore, in accordance with HAR, Section 11-55-34.09(d), the DOH hereby administratively extends the subject NGPC until a notice of renewed coverage under the applicable general permit is issued or until notified by the DOH, whichever occurs first. Please note that the DOH may request you submit additional information in order to complete the processing of your NOI for renewed coverage.

The Permittee shall not be held in violation of Hawaii Revised Statutes, Chapter 342D-6(h), and HAR, Chapter 11-55, during the pendency of its renewal NOI, so long as it acts consistently with the NGPC presently granted. **Note: The Permittee shall continue any sampling required by the current NGPC.** Any non-compliance with the conditions of the administratively extended NGPC may be subject to penalties of up to \$25,000 per violation per day.

It is the Permittee's responsibility to ensure that anyone working under this administrative extension of your NGPC understands and complies with the terms and conditions therein.

Mr. Jason Macy

WARNING LETTER (S1134SL)

Dear Mr. Chang:

On behalf of our client, Hawaiian Cement, we provide this response to the State Department of Health's Warning Letter dated November 27, 2013 which was received by Hawaiian Cement on December 4, 2013.

Hawaiian Cement's Green Waste Recycling permit (Solid Waste Management Permit No. RY-0087-08) expired December 4, 2013. Please be informed that Pohakulepo Recycling, LLC and Hawaiian Cement will not be seeking a permit renewal application for a Greenwaste Composting operation. The greenwaste operation was not initiated and, as such, no greenwaste has been accepted and no composting activities were performed.

Dear Messrs. Jacintho, Sr. and Gomes:

SUBJECT: Solid Waste Management Permit by Rule No. CO-0087-08 File Closure
Pohakulepo Recycling, LLC and Hawaiian Cement
Approximately 0.2 Miles West of Honoapiilani, in the Vicinity of
Kuihelani Hwy. and Honoapiilani Hwy. Intersection, Maui
TMK: 3-6-04:007

The Department of Health, Solid Waste Section received a letter dated December 6, 2013 responding to our warning letter dated November 27, 2013. The letter was submitted by Munekiyo and Hiraga, Inc.

The letter stated that Pohakulepo Recycling, LLC and Hawaiian Cement would not be seeking a permit renewal for the greenwaste composting operation. The letter further stated that the greenwaste operation was never initiated—no greenwaste has been accepted and no composting activities have been performed. The subject permit expired on December 4, 2013.

With this understanding, we have closed the subject permit file. If, in the future, you decide to open a greenwaste facility at the subject site, or any other site, a new solid waste management permit application is required to be submitted to our office for our review and approval prior to commencement of activities.

Mr. Ronald Jacintho, Sr.
Mr. David Gomes

ROADWAY MAINTENANCE PLAN

**HAWAIIAN
CEMENT**

Maui Concrete and Aggregate Division

August 1, 2006

Mr. Ferdinand Cajigal
State of Hawaii
Department of Transportation
Highways Division

Subject: Maintenance Plan

Dear Mr. Cajigal,

The following is Hawaiian Cement's proposed maintenance plan for the Puunene quarry (located off Mokulele Highway) and Waikapu quarry (located off Honoapiilani Highway) :

1. *Inspection(s)* – Routine daily inspections will be made by our aggregate and concrete manager's (they travel in and out of our quarry on a constant daily basis). If spillage is found during these inspections, our water wagon operator will be dispatched to shoot off any aggregate build up from the affected area.
2. *Spillage* – In the event of any material spillage (concrete or aggregate) a labor crew will be dispatched to control the flow of traffic and immediately clean the affected area of roadway (or intersection). If necessary, our water wagon and front end loader can be utilized to assist in the clean up process.
3. *Major Spillage* – In the event of a major spillage....the same actions will be taken, however, a larger work force will be dispatched and a designated manager will be sent to supervise the clean up process.
4. *Contacts* – Should the need arise to contact a Hawaiian Cement representative, please call the following phone numbers:

- | | |
|--------------------------------------|----------------------|
| • Concrete - David Padgett | Cell. (808) 870-7605 |
| • Aggregate - Keoni DeRego | Cell. (808) 357-7458 |
| • Alternate to the above - Ed McCary | Cell. (808) 357-7900 |

If we can be of any further assistance or answer any questions, please contact me at our Maui Office.

Very Truly Yours,

David Gomes
Assistant Division Manager, Maui

- GRADED AREAS SHALL BE THOROUGHLY WATERED AFTER CONSTRUCTION ACTIVITY HAS CEASED FOR THE DAY AND FOR THE WEEKEND AND HOLIDAYS.
- ALL EXPOSED AREAS SHALL BE PAVED, GRASSED, OR PERMANENTLY LANDSCAPED AS SOON AS FINISHED GRADING IS COMPLETED.
- THE CONTRACTOR SHALL BE RESPONSIBLE TO OBTAIN AND PAY FOR THE WATER NECESSARY FOR DUST CONTROL AND IRRIGATION PURPOSES.
- CONTRACTOR TO CONSTRUCT TEMPORARY DIVERSION DITCHES OR SWALES AWAY FROM GRADED AREAS TO NATURAL DRAINAGEWAYS DURING CONSTRUCTION.
- CONTRACTOR SHALL SUBMIT A SATISFACTORY SOIL EROSION CONTROL PLAN TO MINIMIZE SOIL EROSION PRIOR TO AN ISSUANCE OF A GRADING PERMIT.
- SEE ALSO GRADING NOTES NO. 2.
- THE FOLLOWING ADDITIONAL MEASURES SHALL BE TAKEN TO CONTROL SOIL EROSION DURING THE SITE DEVELOPMENT PERIOD:
 - MINIMIZE TIME OF CONSTRUCTION.
 - RETAIN EXISTING GROUND COVER UNTIL LATEST DATE TO COMPLETE CONSTRUCTION.
 - STATION WATER TRUCK(S) ON SITE DURING CONSTRUCTION PERIOD TO PROVIDE FOR IMMEDIATE SPRINKLING, AS NEEDED, IN ACTIVE CONSTRUCTION ZONES (WEEKENDS AND HOLIDAYS INCLUDED).
 - ALL CUT AND FILL SLOPES SHALL BE PROVIDED WITH EROSION CONTROL BLANKETS AND BE SODDED OR PLANTED IMMEDIATELY AFTER GRADING WORK HAS BEEN COMPLETED.
 - INSTALLATION OF SILT AND DUST CONTROL FENCE IN UET OF SILT FENCE, GRAVEL BAGS OR OTHER APPROVED SEDIMENT-TRAPPING DEVICES CAN BE USED.
- THE CONTRACTOR IS THE SOLE PARTY RESPONSIBLE FOR THE ADEQUACY OF ALL TEMPORARY CONTROL MEASURES TO PROTECT THE WORK FROM THE EFFECTS OF DUST AND EROSION. HE SHALL BE RESPONSIBLE FOR RESPONDING TO COMPLAINTS FROM NEIGHBORING PROPERTIES AND WILL PROVIDE ADDITIONAL MITIGATION MEASURES AS NECESSARY AT NO ADDITIONAL COST TO OWNER.
- OIL OR PETROLEUM-BASED PRODUCTS SHALL NOT BE USED FOR DUST CONTROL.
- STORM WATER CONTROL MEASURES SHALL BE IN PLACE AND FUNCTIONAL PRIOR TO CONSTRUCTION AND SHALL REMAIN OPERATIONAL THROUGHOUT THE CONSTRUCTION PERIOD OR UNTIL PERMANENT CONTROLS ARE IN PLACE.
- DISCHARGES ASSOCIATED WITH THE OPERATION AND MAINTENANCE OF EQUIPMENT SHALL BE FIELD MONITORED BY THE CONTRACTOR. ANY MECHANICAL AND HYDRAULICS FLUID LEAKAGE SHALL BE REPAIRED AS SOON AS IT IS IDENTIFIED AND LOCATED. LARGE LEAKAGE OF MECHANICAL FLUIDS SHALL BE CONTAINED, PROPERLY DISPOSED AND NOT ALLOWED TO IMPACT THE OCEAN.
- DUST AND SILT FENCES SHOWN ARE MINIMUM REQUIREMENTS. CONTRACTOR SHALL LOCATE OR INSTALL ADDITIONAL FENCES AS NECESSARY TO PROVIDE MAXIMUM PROTECTION AT NO ADDITIONAL COST TO THE OWNER.
- PRIOR TO ISSUANCE OF THE GRADING PERMIT, THE CONTRACTOR SHALL MEET WITH THE DEVELOPMENT SERVICES ADMINISTRATION AND PROVIDE INFORMATION ON THE SOURCE OF WATER FOR DUST CONTROL, AND JUSTIFY THE NUMBER OF WATER TRUCKS TO BE USED FOR THE CLEARING, GRUBBING, AND LOADING OPERATIONS.
- IF THE CONTRACTOR IS NOT ABLE TO SATISFACTORILY CONTROL DUST EMISSIONS FROM THE PROJECT SITE, ALL CONSTRUCTION WORK SHALL CEASE EXCEPT FOR WATERING AND OTHER STABILIZATION EFFORTS.
- THE CONTRACTOR SHALL BE RESPONSIBLE FOR IMMEDIATELY CLEANING THE ROADWAY OF MUD OR SILT TRACKED FROM THE PROJECT SITE.

BMPS NOTES

- APPLICABLE SECTIONS, WHETHER CALLED FOR OR NOT ON THIS PLAN, OF THE COUNTY STANDARD BEST MANAGEMENT PRACTICES (STD. BMPS), "CONSTRUCTION BEST MANAGEMENT PRACTICES FOR THE COUNTY OF MAUI", MAY 2001 SHALL BE COMPLIED WITH DURING CONSTRUCTION. SECTIONS, BUT NOT LIMITED TO THE FOLLOWING ARE APPLICABLE TO THIS PROJECT:
 - SECTION 6.06 - TEMPORARY GRAVEL CONSTRUCTION ENTRANCE/EXIT
 - SECTION 6.10 - SEEDING
 - SECTION 6.30 - MATS, NETS & BLANKETS
 - SECTION 6.31 - MULCHING
 - SECTION 6.32 - PRESERVATION OF EXISTING VEGETATION
 - SECTION 6.33 - PROTECTION OF STOCKPILES
 - SECTION 6.62 - SEDIMENT FENCE (SILT FENCE)
 - SECTION 6.70 - DUST CONTROL
 - SECTION 6.71 - GOOD NEIGHBOR BARRIERS
 - SECTION 6.91 - SOLID WASTE MANAGEMENT
 - SECTION 6.92 - CONCRETE WASTE MANAGEMENT
 - SECTION 6.93 - VEHICLE FUEL & MAINTENANCE MANAGEMENT

GRADING NOTES:

- CONTRACTOR SHALL OBTAIN A GRADING PERMIT FROM THE DEVELOPMENT SERVICES ADMINISTRATION TWO (2) WEEKS PRIOR TO COMMENCEMENT OF ANY GRADING OR GRUBBING.
- CONTRACTOR SHALL BE REQUIRED TO SUBMIT A SATISFACTORY GRADING WORK METHOD TO MINIMIZE DUST POLLUTION BEFORE A GRADING PERMIT IS ISSUED.
- ALL GRADING OPERATIONS SHALL CONFORM WITH APPLICABLE PROVISIONS OF THE "WATER POLLUTION CONTROL AND WATER QUALITY STANDARDS" CONTAINED IN THE STATE OF HAWAII PUBLIC HEALTH REGULATIONS, STATE DEPT. OF HEALTH ON WATER POLLUTION CONTROL AND WATER QUALITY STANDARDS AND THE COUNTY GRADING ORDINANCE.
- THE CONTRACTOR, AT HIS OWN EXPENSE, SHALL KEEP THE PROJECT AREA AND SURROUNDING AREA FREE FROM DUST NUISANCE AT ALL TIMES, INCLUDING WEEKEND AND HOLIDAYS. THE WORK SHALL BE IN CONFORMANCE WITH THE AIR POLLUTION CONTROL STANDARDS AND REGULATION OF THE STATE DEPARTMENT OF HEALTH AND GRADING ORDINANCE.
- THE CONTRACTOR SHALL REMOVE ALL SILTS AND DEBRIS RESULTING FROM HIS WORK. THE COST INCURRED FOR ANY NECESSARY REMEDIAL ACTION BY THE DIRECTOR OF THE DEPARTMENT OF PUBLIC WORKS (DPW) OF THE COUNTY OF MAUI SHALL BE PAYABLE BY THE CONTRACTOR.
- CONSTRUCTION DEBRIS AND WASTES SHALL BE DEPOSITED AT AN APPROPRIATE SITE. THE CONTRACTOR SHALL INFORM THE DIRECTOR OF DPW OF THE LOCATION OF THE DISPOSAL SITES. THE DISPOSAL SITE SHALL ALSO FULFILL THE REQUIREMENTS OF THE GRADING ORDINANCE.
- APPROXIMATE:
EXCAVATION = 2190 C. Y.
EMBANKMENT = 0 C. Y.
AREA = 0.4 ACRES
FOR GRADING PERMIT PURPOSES ONLY

MAINTENANCE NOTES:

- SILT FENCES OR FILTER BARRIERS SHALL BE INSPECTED IMMEDIATELY AFTER EACH RAINFALL AND AT LEAST DAILY DURING PROLONGED RAINFALL. ANY REQUIRED REPAIRS SHALL BE MADE IMMEDIATELY.
- SHOULD THE FABRIC ON THE SILT FENCE OR FILTER BARRIER DECOMPOSE OR BECOME INEFFECTIVE PRIOR TO THE END OF THE EXPECTED USABLE LIFE AND THE BARRIER STILL BE NECESSARY, THE FABRIC SHALL BE REPLACED PROMPTLY.
- SEDIMENT DEPOSITS SHOULD BE REMOVED AFTER EACH STORM EVENT. THEY MUST BE REMOVED WHEN DEPOSITS REACH APPROXIMATELY ONE-HALF THE HEIGHT OF THE BARRIER.
- ANY SEDIMENT DEPOSITS REMAINING IN PLACE AFTER THE SILT FENCE OR FILTER BARRIER IS NO LONGER REQUIRED SHALL BE DRESSED TO CONFORM WITH THE EXISTING GRADE, PREPARED AND SEED.

LOG NO: 2007.0464
DOC NO: 0803JP20
Archaeology

Dear Ms. Dagher:

**SUBJECT: Chapter 6E-42 Historic Preservation Review –
Revised Archaeological Inventory Survey Review of the
Proposed Pohakea Rock Quarry Expansion Project
Waikapu Ahupua'a, Wailuku District, Island of Maui
TMK (2) 3-6-004:007**

Thank you for the opportunity to review this revised report which our Maui staff received on December 28, 2007 (Dagher and Dega, *An Archaeological Inventory Survey of a 60 Acre Property for the Proposed Pohakulepo Quarry Expansion Project TMK (2) 3-6-004:007, Waikapu Ahupua'a, Wailuku District, Maui, Hawai'i*)...Scientific Consultant Services, Inc.

We reviewed the original report which was received on August 10, 2006 and requested some revisions (LOG NO: 2006.3729/ DOC NO: 0611JP27). Thank you for making the recommended revisions and submitting the final report to our office. Pursuant to the applicable Hawaii Revised Statutes, this Archaeological Inventory Survey Report is now acceptable.

Prior to the submittal of the inventory survey report, we provided comments for the Land Use Commission Special Use Permit and the County Special Use permit applications for the expansion and indicated that some outstanding archaeological issues need to be addressed (LOG NO: 2006.1656/ DOC NO: 0605MK47).

Seven historic properties comprising 23 features were documented and issued Statewide Inventory of Historic Places (SIHP) 50-50-09-6061 (rock wall and an enclosure); 50-50-09-6062 (rock wall); 50-50-09-6063 (16 features: walls, C-shape, circular enclosure, depressions, modified boulder field); 50-50-09-6064 (modified outcrop/rock wall); 50-50-09-6065 (rock wall); 50-50-09-6066 (enclosure); 50-50-09-6067 (modified outcrop/rock wall). Five of the seven sites were originally identified in 1988 by Paul H. Rosendahl, Inc. (PHRI). The current inventory survey re-identified and recorded five of the six previously identified archaeological sites in the project area. All of the sites are significant under Criterion D and have yielded adequate information. Archaeological monitoring has been agreed upon and the Archaeological Monitoring Plan specifying details of the monitoring program has been submitted to our office for review (refer to DOC NO: 0803JP21).

Ms. Cathleen A. Dagher
Page 2

Again, this revised Archaeological Inventory Survey Report is now acceptable. Should there be any concerns, please feel free to contact the Maui/Lana'i section of the SHPD at (808) 243-4641.

Aloha,

LOG NO: 2007.2875
DOC NO: 0803JP21
Archaeology

Dear Dr. Dega:

**SUBJECT: Archaeological Monitoring Plan Review and Acceptance for the
Proposed Pohakea Rock Quarry Expansion Project
Waikapu Ahupua'a, Wailuku District, Island of Maui
TMK (2) 3-6-004:007**

Thank you for the opportunity to review the archaeological monitoring plan, which was received by our staff in August 2007 [Chaffee and Spear 2007, *An Archaeological Monitoring Plan for the Proposed Pohakea (Pohakulepo) Quarry Expansion Project TMK (2) 3-6-004:007, Waikapu Ahupua'a, Wailuku District, Island of Maui, Hawai'i*)...Scientific Consultant Services, Inc.

We have recently accepted the correlating revised Archaeological Inventory Survey related to this monitoring plan (Dagher and Dega, *An Archaeological Inventory Survey of a 60 Acre Property for the Proposed Quarry Expansion Project SHPD DOC NO: 0803JP20*).

We have previously provided comments pertaining to the subject property, including the Land Use Commission Special Use Permit and the County Special Use permit applications for the expansion and indicated that some outstanding archaeological issues need to be addressed (LOG NO: 2006.1656/ DOC NO: 0605MK47). We reviewed the first submittal of the Archaeological Inventory Survey report (received August 10, 2006) and recommended some revisions (LOG NO: 2006.3729/ DOC NO: 0611JP27). Seven historic properties comprising 23 features were documented during the inventory survey and issued Statewide Inventory of Historic Places (SIHP) 50-50-09-6061 (rock wall and an enclosure); 50-50-09-6062 (rock wall); 50-50-09-6063 (16 features: walls, C-shape, circular enclosure, depressions, modified boulder field); 50-50-09-6064 (modified outcrop/rock wall); 50-50-09-6065 (rock wall); 50-50-09-6066 (enclosure); 50-50-09-6067 (modified outcrop/rock wall). Five of the seven sites were originally identified in 1988 by Paul H. Rosendahl, Inc. (PHRI).

The current inventory survey re-identified and recorded five of the six previously identified archaeological sites in the project area. We understand that two sites were identified and documented by your firm for the first time. All seven of the sites are significant under Criterion D and have yielded adequate information. During the lengthy process of the completion of the additional archaeological work and the completion of the requested revisions, some of the historic properties were bulldozed. A road was bulldozed through the middle of the parcel and several features were impacted. Full-time archaeological monitoring has previously been agreed upon in order to document any undocumented sites that may have been missed during the fieldwork and to identify any inadvertent significant findings.

We have recommended the presence of a full time archaeological monitor for the proposed ground altering activities on the parcel. Subsequently, this archaeological monitoring plan was submitted to our office. Until we receive adequate correspondence indicating otherwise, we will continue to recommend and anticipate that full time archaeological monitoring will ensue for any proposed construction activities on the subject parcel.

The Archaeological Monitoring Plan is acceptable and conforms to Hawaii Administrative Rules Chapter 13-279, which governs standards for archaeological monitoring. This archaeological monitoring program includes the following provisions: A qualified archaeologist will be on-site on a full-time basis and one archaeologist will be assigned for each piece of operating heavy equipment. All excavation activities on the subject parcel will have an archaeological monitor actively observing the construction activities. The on-site archaeologist will have the authority to halt excavation in the event that cultural materials are identified. Consultation with the State Historic Preservation Division (SHPD) will occur in this event, to determine an acceptable course of action.

If human burials are identified, work will immediately cease, and your firm will notify the SHPD Burial Sites Program/Culture and History Branch (243-4640), Maui SHPD Archaeology Branch (243-1285), Oahu SHPD (692-8015), and the Maui/Lanai Islands Burial Council. Compliance with procedures outlined in HRS 6E-43 will be followed. Coordination meetings with the construction crew will be held prior to project initiation. The plan further indicates that an acceptable report will be submitted to this office within 45 days of project completion. Please note that our rules indicate that the report shall be submitted within 180 days of project completion.

We believe it is unlikely that any historic properties will be affected by construction work related to the project, with the implementation of this accepted archaeological monitoring plan. Please notify our Maui (243-5838) and Oahu offices (692-8020), via facsimile, at onset and completion of the project and monitoring program (and/or submit phased reports based on findings). If there are any concerns or questions, feel free to contact us at (808) 243-4641 or (808) 243-1285.

Aloha,

Nancy McMahon, Archaeologist and Acting Archaeology Branch Chief
State Historic Preservation Division

Mr. Jason Macy
President
Hawaiian Cement
99 Halawa Valley Street
Aiea, Hawaii 96701

Dear Mr. Macy:

**Subject: Administrative Extension of
Notice of General Permit Coverage (NGPC) for
Hawaiian Cement – Waikapu Quarry
Island of Maui, Hawaii
File No. HI R32C427**

The Department of Health (DOH), Clean Water Branch (CWB), acknowledges receipt of your 2017 Renewal Notice of Intent (NOI) and \$500 filing fee for coverage under the National Pollutant Discharge Elimination System general permit provisions, in accordance with the Hawaii Administrative Rules (HAR), Section 11-55-34.08.

The DOH is unable to complete the processing of your NOI prior to the current NGPC expiration date. Therefore, in accordance with HAR, Section 11-55-34.09(d), the DOH hereby administratively extends the subject NGPC until a notice of renewed coverage under the applicable general permit is issued or until notified by the DOH, whichever occurs first. Please note that the DOH may request you submit additional information in order to complete the processing of your NOI for renewed coverage.

The Permittee shall not be held in violation of Hawaii Revised Statutes, Chapter 342D-6(h), and HAR, Chapter 11-55, during the pendency of its renewal NOI, so long as it acts consistently with the NGPC presently granted. **Note: The Permittee shall continue any sampling required by the current NGPC.** Any non-compliance with the conditions of the administratively extended NGPC may be subject to penalties of up to \$25,000 per violation per day.

It is the Permittee's responsibility to ensure that anyone working under this administrative extension of your NGPC understands and complies with the terms and conditions therein.

Mr. Jason Macy
