**Ko Olina Fairways Association of Apartment Owners in OPPOSITION to
The City and County of Honolulu's Application to extend the disposal of
MSW at the Waimanalo Gulch [Kapolei] Sanitary Landfill.**

Gentlemen:

As President of the Ko Olina Fairways Association of Apartment Owners ("AOAO") representing 280 townhouses at Ko Olina Resort, I am responding on behalf of our associations' members to be heard by the City Department of Planning & Permitting regarding the City's submission of a Permit Application to expand the disposal of MSW past the termination date of July 31, 2012. The Ko Olina Fairways Association of Apartment Owners joins our community master association, the Ko Olina Community Association (KOCA), in **OPPOSING** the City's Permit Application.

The State Land Use Commission ("SLUC") has already ruled that the Landfill must close by July 1, 2012. It appears that the City, again without a plan or alternative site, has decided to seek yet another angle to extend the life of the dump.

The City continues to pursue this site for over eleven (11) years, without a plan, without alternative sites, without alternative methods, and without alternative technologies to integrate into a comprehensive waste management plan for the Island of Oahu. The Waimanalo facility has already contaminated the shoreline including the delivery of medical waste on beach goers from Ko Olina to Waianae. The location and condition of the facility is a disaster looming for more taxpayers' dollars to clean up future overflows.

I hope the decision makers at the City Department of Planning & Permitting will take the time (un-announced) to drive the roads and highways through Kapolei and then towards Kahe and see the litter and filth that accumulates daily from the trash trucks delivering to the Landfill at Waimanalo Gulch, Kapolei. I am sure you would not allow these condition near your home. Please reject the application for expansion past July 2012.

Sincerely,
for Ko Olina Fairways
Association of Apartment Owners
