Reference No: 2011/GEN-8 --

Dear Director Tanoue:

We are residents of Ko Olina and we enthusiastically request the City and County of Honolulu to comply with its obligation to close the landfill next year.

We heard the general manager of the landfill testify that there was room in the landfill for another 30 years.

When the landfill was scheduled to close seven years ago, we were told there was no time to find an alternative because it takes seven years to develop a site. The extension was allowed but no action was taken to start the process of developing an alternative.

Here we are again. Same lack of options, same shortness of time, same old story. While in the mean time, we have been subjected to the stifling foul odors & hazardous medical waste run off.

Enough is enough! Close the landfill and get on with developing other options.

Sincerely

James Handsel
