Chair Sakumoto noted that Petitioner was seeking relief in relation to the Petitioner’s educational fair share contribution. The LUC had previously authorized the issuance of a subpoena to the DOE, Patricia Hamamoto, or her designee to appear

**A00-730 LANIHAU PROPERTIES, LLC (Hawaii)***

Chair Sakumoto stated that this was an action meeting on Docket No. A00-730 Lanihau Properties, LLC, to consider the request for time extension of six months to allow Petitioner to comply with certain conditions of approval.
APPEARANCES
Michael Moore, Esq., represented Petitioner
Bryan Yee, Esq., represented State Office of Planning
Laura Thielen, Director, State Office of Planning
Abe Mitsuda, State Office of Planning

Chair Sakumoto noted that there were no public witnesses.

Chair Sakumoto noted that the Commission has received communication from the County Planning Department and the National Park Service (intervenors) that both parties were not able to attend today’s meetings and that they both have no objections to the request for time extension.

Staff’s Report

Mr. Ching provided the procedural history relevant to this time extension.

Mr. Moore summarized petitioner’s request and reported on the status of condition 1c, which relates to the individual wastewater systems required; condition 3b, which relates to pollution prevention plans that are required prior to any construction or occupation of the property; and condition 8, the affordable housing assessment requirement.

Mr. Yee noted that the State had no questions.

Chair Sakumoto raised a few questions related to condition 8 and the County of Hawaii ordinance on affordable housing for industrial properties.

Mr. Yee stated that OP has no objections to the request for extension and also noted that the National Park Service is supporting the request. Mr. Yee added that if a future extension is required, they would request that a formal motion be submitted, as it was difficult to respond and formulate a response to an extension request in the form of a letter, where more discussion and justification could have been provided.

Chair Sakumoto asked what is the commencement date being requested for the time extension of 6 months and noted that the last extension expired in February.

Mr. Moore commented that he would request the date to start from today, the date of action from the board.
Commissioner Im stated that he was not opposed to the extension but if the extension expired in February, he believed that the condition has not been met and technically the Petitioner is in violation of that condition. Commissioner Im discussed whether the LUC would need to waive that lapse and then grant the extension. Commissioner Im believed that the extension should begin from the date of the termination of the last extension (February) so that there is no gap in the time period. Commissioner Im added that he agreed with the State’s counsel that a formal motion needs to be filed, if necessary in the future. Commissioner Im asked if the Petitioner would have adequate time if the time extension is granted from February.

Mr. Moore commented that their request is for 6 months and would like that date effected as of today, with the inclusion of a waiver from the last extension.

Mr. Yee suggested that the date should begin from the expiration date to assure that there is no lapse.

Commissioner Formby concurred with Commissioner Im that the date should start from the date of expiration. Commissioner Formby suggested that since there are no waivers before the LUC, the extension could be for 8 months and treated as a motion for extension.

Commissioner Kanuha raised a few questions regarding the modification of the County’s affordable housing policy for industrial developments. Commissioner Kanuha commented that TSA, which is in the same area as the petitioner, has recently submitted a housing needs assessment and has addressed the pending modification to this policy. Commissioner Kanuha added that since TSA could produce an adequate housing needs assessment, he believed that Petitioner may not need the proposed extension.

After a brief discussion, Commissioner Formby moved to approve a time extension of 8 months from the expiration of the prior extension, which was in February 2006, on conditions 1c, 3b and 8. In addition, should Petitioner come back to this Commission for another extension that it be only by formal motion with a discussion of substantive issues. The motion was seconded by Commissioner Montgomery.

The Commission was polled as follows:

Ayes: Commissioners Formby, Montgomery, Contrades, Im, Kanuha, and Sakamoto.
The motion passed with 6 ayes, 2 absent.

The meeting adjourned at 12:10 p.m.
