Changes to Note

- The federal provisions relating to the qualified ABLE programs (except for the 10% penalty on distributions not used for disability expenses) are adopted for taxable years beginning after December 31, 2014. Under the program, distributions from the ABLE accounts are tax-free if used to pay qualified disability expenses of beneficiaries who are blind or disabled. Contributions to the ABLE accounts are not deductible. Earnings in the ABLE accounts accumulate tax-free. (Act 52, SLH 2015)
- You may exclude up to \$6,198 of your military reserve or Hawaii national guard duty pay from your income for taxable years beginning after December 31, 2014. (Act 197, SLH 2004)
- The following federal provisions that were adopted by Hawaii expired at the end of 2014: (1) the \$250 deduction for educator expenses, (2) the election to deduct state and local general sales taxes instead of state and local income taxes, (3) the deduction for mortgage insurance premiums, (4) the tax-free distributions from individual retirement plans for charitable purposes, and (5) the exclusion from gross income of discharge from qualified principal residence indebtedness. At the time this instruction booklet was printed, there was pending federal legislation that would reinstate certain provisions. If federal legislation is passed in 2015 to reinstate these provisions and these provisions are adopted by the 2016 Hawaii State Legislature, then these provisions may be claimed. If Hawaii tax law changes after you file your return, you may file an amended return to claim any reinstated deductions that you qualify for that you did not claim on your original tax return.
- The Cesspool Upgrade, Conversion, or Connection Income Tax Credit is a new credit for taxable years 2016 to 2020 for the costs to upgrade or convert a cesspool into a septic system or an aerobic treatment unit system, or to connect a cesspool to a sewer system. (Act 120, SLH 2015)
- The Refundable Food/Excise Tax Credit is amended for taxable years 2016 to 2017 by (1) increasing the tax credit amount, and (2) deleting the residency requirement. (Act 223, SLH 2015)
- Form N-13 will be made obsolete next year.

Important Reminders

File and Pay on Time

- Please file your return and pay your taxes by April 20, 2016.
- When you mail your return:
 - (1) Mail it to the appropriate address as stated in "Where to File".
 - (2) Enclose only one return per envelope.
 - (3) Use proper postage. If there is insufficient postage on the envelope, the U.S. Postal Service will return it to you.
- Keep a copy of your return for your records.

Extension of Time to File

- If you are unable to file by April 20, 2016, you are granted an automatic 6-month extension of time to file your return through October 20, 2016. The extension of time to file is not an extension of time for payment of tax.
 - (1) If you are due a refund, you do not have to file a form to request an extension. Just file your return by October 20, 2016.
 - (2) If you have a balance due, you must pay your taxes in full by April 20, 2016. File Form N-101A with your payment. You may **not** use federal Form 4868 instead of Form N-101A.
 - (3) If you're not sure if you have a balance due, use the worksheet on Form N-101A.

Make Sure Your Tax Return is Correct and Complete

- You can avoid processing delays, adjustments to your return, and additional correspondence from the Department of Taxation if you:
 - (1) Make sure all social security numbers are correct.
 - (2) Check the appropriate filing status box.
 - (3) Complete all required entries on your return. The following lines **must** be filled in: Form N-11, line 24; Form N-13, line 13; and Form N-15, line 41.
 - (4) Check the arithmetic on your return.
 - (5) Attach all required forms and statements.
 - (6) Attach your employee earning statements (HW-2s or federal W-2s) to the front of your return.
 - (7) Sign your return. If you paid someone to prepare your return, the preparer must sign and complete the Paid Preparer's Information box.
- You may be required to file an amended return to complete missing entries or provide missing forms or statements.

Amended Returns

- If you are filing an amended return, you must submit a complete return and attach Schedule AMD along with all required forms and statements. If you are claiming any tax credits, remember to attach the required forms, such as Schedule CR and Schedule X, even if you claimed the credits on the original return. See "Make Sure Your Tax Return is Correct and Complete" above.

Married Taxpayers

- If you are married, print your spouse's social security number in the designated area on your return whether a joint or separate return is filed.
- If your spouse is an alien and was issued an ITIN by the IRS, enter your spouse's ITIN. If your spouse has applied for an ITIN but the IRS has not yet issued the ITIN, write "Applied For".
- If you are married and filing separate returns, the refund from your spouse's return cannot be applied to your liability.

Items To Note

- The *Hawaii Taxpayer Bill of Rights* is reprinted inside the back cover.
- The Department of Taxation is a proud partner with the Missing Child Center - Hawaii, Department of the Attorney General (MCCH). Photographs of missing children selected by the Center may appear in this instruction booklet on pages that would otherwise be blank. You can help bring these children home by looking at the photographs and calling MCCH at 1-808-586-1449 if you recognize a child.

Form N-11 — General Instructions

Guidelines for Filling in Scannable Forms

Form N-11 and Schedule CR are designed for electronic scanning that permits faster processing with fewer errors. To avoid delays:

- Print amounts only on those lines that are applicable.
- Use only a black or dark blue ink pen. Do not use red ink, pencil, felt tip pens, or erasable pens.
- Because this form is read by a machine, print your numbers inside the boxes like this:

1 2 3 4 5 6 7 8 9 0 X

- Do NOT print outside the boxes.
- Fill in ovals completely. Do not ✓ or ✗ the ovals.
- Do NOT enter cents. For numbers that are required to be rounded to the nearest dollar, do NOT print over the zeros printed on the form that are used to designate cents.
- Do NOT use dollar signs, slashes, dashes or parentheses in the boxes.
- Photocopying of this form could cause delays in processing your return.

Same-Sex Marriage

Effective December 2, 2013, Hawaii recognizes marriages between individuals of the same-sex, and extends to such same-sex couples the same rights, benefits, protections, and responsibilities of marriage that opposite-sex couples receive.

As it relates to taxation, all same-sex couples that are legally married in Hawaii or any other jurisdiction where such marriages are valid are married for all tax purposes, including Hawaii income tax purposes.

Note: *The federal government recognizes marriages between individuals of the same sex for federal income tax purposes.*

Civil Unions

Effective January 1, 2012, civil unions are recognized in Hawaii. Civil unions entered into in a jurisdiction other than Hawaii are also recognized, provided that the relationship meets Hawaii's eligibility requirements, has been entered into in accordance with the laws of the other jurisdiction, and can be documented.

The Internal Revenue Code (IRC) provisions referred to in Hawaii's Income Tax Law that apply to a husband and wife, spouses, or person in a legal marital relationship shall be deemed to apply to partners in a civil union with the same force and effect as if they were "husband and wife", "spouses", or other terms that describe persons in a legal marital relationship. Accordingly, references to "married", "unmarried", and "spouse" also means

"in a civil union", "not in a civil union", and "civil union partner", respectively.

For Hawaii income tax purposes, civil union couples have the same tax filing status options as married couples. Also, if an employee benefit is tax-exempt when extended to the opposite sex spouse of an employee, or to the children of the spouse, the benefit is tax-exempt when extended to a civil union partner of an employee, or to the children of the civil union partner.

Note: *Individuals who have entered into a registered domestic partnership, civil union, or other similar relationship that is not considered a marriage under state (or foreign) law are not considered married for federal income tax purposes. Since the federal government does not recognize civil unions as married individuals for federal income tax purposes, civil unions will continue to file as unmarried individuals on their federal income tax returns. Also, the income reported for federal and for Hawaii income tax purposes may differ, depending on the situation. For example, certain employee benefits that are tax-exempt when provided to married couples and the children of married couples may be taxable federally when they are provided for civil union partners and their children, unless the civil union partner or their children qualify as dependents under IRC section 152.*

Who Must File

1. Every individual doing business in Hawaii during the taxable year must file a return, whether or not the individual derives any taxable income from that business.

"Doing business" includes all activities engaged in or caused to be engaged in with the object of gain or economic benefit, direct or indirect, except personal services performed as an employee under the direction and control of an employer.

For example, every person receiving rents from property owned in Hawaii is "doing business" and must file a return whether or not the person's expenses exceed the gross rental income.

2. Every individual receiving more than the following amounts of gross income subject to taxation under Hawaii Income Tax Law, including amounts received as salaries and wages for services rendered by an employee to an employer, must file a return:

For Individuals Under Age 65	
Filing Status	Gross Income of
Married filing separately	\$3,344
Single	\$3,344
Head of household	\$4,356
Qualifying widow(er) with a dependent child	\$5,544
Married filing jointly	\$6,688

For Individuals Age 65 or older	
Filing Status	Gross Income of
Married filing separately	\$4,488
Single	\$4,488
Head of household	\$5,500
Qualifying widow(er) with a dependent child	\$6,688
Married filing jointly, one is 65 or older	\$7,832
Married filing jointly, both are 65 or older	\$8,976

These threshold amounts will be higher for persons who are blind, deaf, or totally disabled, and who have completed and filed a certification with the Department of Taxation (Department) of their disability on Form N-172 before filing their income tax return.

For individuals who can be claimed as **dependents** on the tax return of another taxpayer, the threshold amount is the amount of the dependents' standard deduction.

For **nonresident aliens**, the threshold amount is \$1,144 for individuals under 65, and \$2,288 for individuals 65 or older.

For **nonresident individuals**, the threshold amounts stated above must be multiplied by the ratio of Hawaii adjusted gross income to total adjusted gross income from all sources to determine whether the individual must file a return.

3. Individuals who took up residence in Hawaii after attaining the age of 65 years and before July 1, 1976, may elect to be taxed only on Hawaii source income. See *Election Under Act 60, SLH 1976* on page 5.

4. Children who receive unearned income during the taxable year and have not attained the age of 14 years before the end of the taxable year must file their own returns to report their income unless their parent or parents report that income.

However, the Department will, administratively, not require the filing of a State income tax return if the child's total earned and/or unearned income for the taxable year is \$500 or less and the application of the standard deduction amount results in no taxable income for the child. Children who must file a return may need to file Form N-615, Computation of Tax for Children Under Age 14 Who Have Unearned Income of More than \$1,000. Parents may report income of their children by filing Form N-814, Parent's Election to Report Child's Interest and Dividends.

5. If you need to report additional tax from Form N-2, Distribution from an Individual Housing Account; Form N-103, Sale of Your Home; Form N-152, Tax on Lump-Sum Distributions; Form N-312, Recapture of Capital Goods Excise Tax Credit; Form N-318, Recapture of High Technology Business Investment

Tax Credit; Form N-338, Recapture of Tax Credit for Flood Victims; Form N-344, Recapture of Important Agricultural Land Qualified Agricultural Cost Tax Credit; Form N-348, Recapture of Capital Infrastructure Tax Credit; Form N-405, Tax on Accumulation Distribution of Trusts; Form N-586, Recapture of Low-Income Housing Tax Credit; or Form N-814, Parent's Election to Report Child's Interest and Dividends, then you must file a return regardless of income level.

Who Should File

Even if you do not have to file, you should file to get a refund if too much income tax was withheld from your pay. Also, if you are eligible for refundable credits, you need to file a return to claim the credits.

Residency Status

Resident

A resident is taxed on income from all sources.

A resident must file an Individual Income Tax Return—Resident (Form N-11 or N-13), if required to do so.

A Hawaii resident is (1) Every individual domiciled in Hawaii, and (2) Every other individual whether domiciled in Hawaii or not, who resides in Hawaii for other than a temporary or transitory purpose.

An individual domiciled outside Hawaii is presumed to be a resident if he or she spends more than 200 days in Hawaii during the taxable year. This presumption may be overcome by evidence satisfactory to the Department that the individual maintained a permanent place of abode outside the State and was in the State for a temporary or transitory purpose. No person shall be deemed to have gained or lost a residence simply because of his or her presence or absence in compliance with military or naval orders of the United States, while engaged in aviation or navigation, or while a student at any institution of learning. See Tax Information Release No. 97-1, "Determination of Residence Status".

Nonresident

A Hawaii nonresident is an individual who is in Hawaii for a temporary or transient purpose, and whose permanent domicile is not Hawaii.

A nonresident must file an Individual Income Tax Return—Nonresident and Part-Year Resident (Form N-15), if required to do so. A nonresident will be taxed on income from Hawaii sources only.

A nonresident married to a Hawaii resident may choose to file a joint return with the resident spouse on Form N-11 or N-13; **however, the nonresident will then be taxed on all income from all sources.** For more information, see *Married Filing Joint Return* on page 8.

Election Under Act 60, SLH 1976

Individuals who took up residence in Hawaii after attaining the age of 65 years and

before July 1, 1976, may elect to be taxed only on Hawaii source income. To make the election, attach a signed statement to Form N-11 setting forth the date that the individual established residence in Hawaii and the individual's date of birth (which must be before July 1, 1911). Individuals making this election must file a return regardless of the amount of income earned, and **may not use Form N-13.**

Part-Year Resident

A part-year resident is an individual who was a Hawaii resident for part of the year, and who was a nonresident during the other part of the year. This includes those who moved to Hawaii during the year and those who moved away from Hawaii during the year.

A part-year resident must file an Individual Income Tax Return—Nonresident and Part-Year Resident (Form N-15), if required to do so. A part-year resident will be taxed on all income from all sources during the period of residency, and on income from Hawaii sources only during the period of nonresidency.

Domicile Defined

The term "domicile" means the place where an individual has a true, fixed, permanent home and principal establishment, and to which place the individual has, whenever absent, the intention of returning. It is the place in which an individual has voluntarily fixed the habitation of himself or herself and family, **not for a mere special or temporary purpose, but with the present intention of making a permanent home.** Three things are necessary to create a new domicile: first, abandonment of the old domicile; second, the intent to establish a new domicile; and third, actual physical presence in the new domicile. Once a domicile is established, the intent to abandon it is not itself sufficient to create a new domicile; a new domicile must be shown.

Reminder: If you are in Hawaii because of military orders and do not intend to make Hawaii your permanent home, you are not considered a Hawaii resident for income tax purposes, even though you have been in Hawaii for more than 200 days in 2015. File a resident return with your home state, and file a Hawaii nonresident and part-year resident return (Form N-15) to report your Hawaii income.

Resident and Nonresident Examples

Note: For more information, see *Tax Information Release No. 90-3, "Income Taxation and Eligibility for Credits of an Individual Taxpayer Whose Status Changes from Resident to Nonresident or from Nonresident to Resident"*, *Tax Information Release No. 90-10, "Clarification of Taxation and the Eligibility for Personal Exemptions and Credits of Residents and Nonresidents in the Military and Spouses and Dependents of Persons in the Military"*, *Tax Information Release No. 97-1, "Determination of Residence Status"*, and *Tax Information Release No. 2010-01, "Military Spouses Residency Relief Act ("MSRRA")*.

Example 1—A Hawaii resident who enlists in the military normally will remain a Hawaii

resident regardless of the length of absence from Hawaii while stationed outside of Hawaii.

Example 2—A Hawaii resident working in a foreign country will remain a Hawaii resident unless permanent resident status is granted by the foreign country.

Example 3—Foreign students who are granted entry into the United States on "F" visas are nonresidents for Hawaii tax purposes. Researchers and faculty members who are granted entry into the United States on "H", "J", or "Q" visas, and who have been in Hawaii for more than 200 days during the taxable year may be considered Hawaii residents.

Example 4—Spouses of those in the military service do not become Hawaii residents if their principal reason for moving to Hawaii was the transfer of the service member spouse to Hawaii, and if it is their intention to leave Hawaii when the service member spouse either is transferred to another military station or leaves the service.

Example 5—A Hawaii resident who marries a nonresident will remain a Hawaii resident unless the three requirements for changing his or her domicile are also met. (Refer to "Domicile Defined" on this page.) This situation applies in reverse to a nonresident who marries a resident. A person's residence status will not change just because of marriage.

Which Form to File

You must file resident Form N-11 or N-13, as appropriate, if you were a resident for the full year. File Form N-15 if you were a nonresident for the full year or a part-year resident.

Generally, you MUST use Form N-11 if:

- You were a resident for the **full** year, or, if married filing jointly, **either** spouse was a resident for the full year (however, the nonresident spouse would be taxed on their worldwide income for the full year).
- But if you qualify to file Form N-13, you may file it instead of Form N-11.
- You were a resident for the full year as described above and you file your return on a fiscal year basis.

You MUST use Form N-15 if:

- You were a nonresident for the **full** year, or, if married filing jointly, **both** spouses were nonresidents for the full year.
- You are taking up residence in Hawaii during the tax year. (Part-year resident).
- You are giving up residence in Hawaii during the tax year. (Part-year resident).

You MAY Be Able to Use Form N-13 if:

- You were a resident for the **full** year, or, if married filing jointly, **either** spouse was a resident for the full year (however, the nonresident spouse would be taxed on their worldwide income for the full year);
- You had only wages, salaries, tips, interest, ordinary dividends, and unemployment compensation, AND

- Your taxable income (adjusted gross income less standard deduction and personal exemptions) is less than \$100,000.

Form N-13 is a simplified form. However, Form N-11 may allow you to pay less tax.

If you are eligible to file Form N-13 but you filed a federal resident return, you may want to file Form N-11 instead because it uses information you already entered on your federal return.

To see if you qualify to use Form N-13, see the instructions for Form N-13.

When to File

Note: *If any due date falls on a Saturday, Sunday, or legal holiday, substitute the next regular work day as the due date.*

You should file as soon as you can after January 1, but not later than April 20, 2016. If you file late, you may have to pay penalties and interest if you owe taxes on your return. Please see the instructions for *Penalties and Interest* on page 31. If you cannot meet the deadline, you are automatically granted a 6-month extension without the need to file anything with the Department unless an additional tax payment must be made. As long as the following conditions are met, you are deemed to have made an application for the 6-month extension to file an income tax return on the prescribed due date:

1. On or before April 20, 2016, 100% of the properly estimated tax liability is paid;
2. The tax return is filed on or before the expiration of the 6-month extension period;
3. The tax return is accompanied by full payment of any tax not already paid; and
4. You are not bound by a court order to file a tax return on or before the prescribed due date.

If you must make an additional payment of tax on or before April 20, 2016 in order to meet the condition requiring payment of 100% of the properly estimated tax liability, you must file Form N-101A with your payment. The extension of time to file is not an extension of time for payment of tax.

Form N-101A can be filed and payment made electronically through the State's Internet portal. Go to tax.hawaii.gov/eservices/ for more information. Federal Form 4868, Application for Automatic Extension of Time To File U.S. Individual Income Tax Return, may **not** be used in lieu of Form N-101A.

Note: *Returns for fiscal year taxpayers must be filed on or before the 20th day of the fourth month following the close of the fiscal year.*

Note: *Under Hawaii Income Tax Law, certain tax credits must be claimed within 12 months from the close of the tax year.*

The official U.S. Post Office cancellation mark will be considered primary evidence of the date of filing of tax documents and payments. If you want to keep evidence that you mailed your return on time, ask your Post Office for a Certificate of Mailing. It is **NOT** necessary to get a certified or registered mail return receipt.

Hawaii has adopted the Internal Revenue Code provision to allow documents and payments delivered by a designated private delivery service to qualify for the "timely mailing treated as timely filing/paying rule." The Department will conform to the Internal Revenue Service listing of designated private delivery service and type of delivery services qualifying under this provision. Timely filing of mail which does not bear the U.S. Post Office cancellation mark or the date recorded or marked by the designated delivery service will be determined by reference to other competent evidence. The private delivery service can tell you how to get written proof of the mailing date.

Other Information

Death of Taxpayer

Did the taxpayer die before filing a return for 2015? If so, the taxpayer's spouse or personal representative may have to file a return and sign it for the person who died (decedent) if the decedent was required to file a return. A personal representative can be an executor, administrator, or anyone who is in charge of the taxpayer's property.

If the decedent did not have to file a return but either had State income tax withheld, made estimated tax payments, or is eligible for various tax credits, a return must be filed to get a refund.

If your spouse died in 2015 and you did not remarry in 2015, or if your spouse died in 2016 before filing a return for 2015, you may still file a joint return for the 2015 tax year.

A return filed for a deceased taxpayer, including a joint return with a surviving spouse, must have the word "**DECEASED**" written on the top middle of the return. The words "**TAXPAYER DECEASED**" or "**SPOUSE DECEASED**" and the date of death also must be written in the space **below** the "**THIS SPACE RESERVED**" box.

Generally, the personal representative or other responsible individual must sign the return on behalf of the decedent. **If a refund is due, Form N-110, Statement of Person Claiming Refund Due a Deceased Taxpayer**, must be completed and attached to the return to ensure that the refund check will be issued in the name of the surviving spouse, personal representative, or other responsible individual instead of in the decedent's name. A personal representative or other individual may be required to attach other documents such as the death certificate. See Form N-110 for further information.

Exception for joint returns filed by surviving spouse. If a *joint* return is being filed by the decedent and the decedent's spouse, the spouse should write, "Filing as surviving spouse", on the signature line which the decedent would have signed, and then the surviving spouse should sign his or her name on the other signature line. If a refund is being claimed on the return, Form N-110 is not required. The refund check will be issued to the surviving spouse.

Filing a Final Return

If you are giving up your Hawaii residency at the end of the year, write the words "**FINAL RETURN**" on the top middle of the return.

Declaration of Estimated Tax

Basic rules. Individuals who must pay more tax than is withheld, or who have no withholding, may have to file a declaration of estimated tax and pay that tax in a lump sum or installments. Income tax obligations might not be satisfied through withholding when an individual has income not subject to withholding, such as from self-employment, rent, gains from sales of property, interest and dividend income, unemployment compensation, or distributions from deferred compensation plans.

Who Must File a Declaration on Form N-1. An individual subject to Hawaii net income tax generally must file Form N-1, *Declaration of Estimated Tax for Individuals*, unless: (a) his or her estimated tax liability for the taxable year, after taking into account all taxes withheld or collected at the source, is less than \$500, or (b) the taxpayer did not have any tax liability for the preceding taxable year. See Form N-1 for details. Form N-1 can be filed and payment made electronically through the State's Internet portal. For more information, go to tax.hawaii.gov/eservices/.

Date and Payment of Estimated Tax. Your declaration for 2016 must be filed on or before April 20, 2016. The tax may be paid in full with the declaration, or in equal installments on or before April 20, 2016, June 20, 2016, September 20, 2016, and January 20, 2017. Each installment payment must be sub-

mitted with a payment voucher. Make checks or money orders payable to the “Hawaii State Tax Collector”.

Penalties. If you are required to file a declaration but you fail to do so, you may be subject to penalties. See *Penalties and Interest* on page 31.

Multistate Tax Compact Act

Any taxpayer, other than a corporation acting as a business entity in more than one state, who is required by Hawaii Income Tax Law to file a return and whose only activities in the State consist of sales and who does not own or rent real estate or tangible personal property and whose annual gross sales in or into the State during the tax year are not in excess of \$100,000, may elect to report and pay a tax of .5 percent of such annual gross sales. Taxpayers who elect the foregoing shall file Form N-310 in lieu of Form N-11.

Special Instructions for Nonresident Aliens

In certain situations, a taxpayer may be considered a nonresident alien for federal income tax purposes and a resident for Hawaii income tax purposes. In these situations, the special rules applicable to individuals who are considered nonresident aliens for federal income tax purposes will apply when the individual files a Hawaii resident income tax return. See Tax Information Release No. 97-1, *Determination of Residence Status*.

Steps for Preparing Your Return

These instructions consist of 11 steps. You should complete the first 3 steps that follow BEFORE you begin to fill in your return.

Step 4, filling in the return through line 6e, begins on this page and ends on page 11. Step 5, filling in the rest of the return, is on page 11. The Line-By-Line Instructions for Form N-11 begin on page 11 and end on page 30.

Finally, steps 6 through 11 begin on page 30. These are the steps you should take after your Form N-11, and other schedules and forms you need, are filled in.

If you follow these steps and read the Line-By-Line Instructions, we feel you can fill in your return quickly and accurately. If you have any questions, call our Taxpayer Services staff.

Step 1

Get all of your income records together.

These include any Forms HW-2 and federal Forms W-2 or 1099 that you received. If you don't receive a Form HW-2 or federal Form W-2 by January 31, or if the one you get isn't correct, please contact your employer as soon as possible. Only your employer can give you a Form HW-2 or federal Form W-2, or correct it. If you cannot get a Form HW-2 or federal

Form W-2 by February 15, please contact our Taxpayer Services staff.

If you have someone prepare your return for you, make sure that person has all your income and expense records so he or she can fill in your return correctly. Remember, even if someone else prepares your return incorrectly, YOU are still responsible.

Step 2

If you plan to claim tax credits or itemize deductions, get the information and expense records you need.

These instructions tell you what credits and deductions you can claim. Some of the records you may need are:

- Medical and dental payment records.
- Real estate and income tax receipts.
- Interest payment records for a home mortgage.
- Receipts for charitable contributions.

Step 3

Get any forms, schedules, or information you need.

All forms and instructions you need may be picked up at any district tax office. You may also request that the forms and publications be mailed to you. Please allow approximately 10 days for the mailing of the tax forms. Tax forms are also available on the Internet. See page 6 for the phone number to request the forms you need and for the Department's website address.

Step 4

Fill in your tax year, name, address, filing status, and exemptions.

Note: If you are filing your return on a fiscal year basis, you **must** fill in the dates that your fiscal year begins and ends.

Note: Fill in the appropriate oval above the name and address area of the tax return if you are filing a tax return for the first time or if your address or name has changed.

Note: Enter your social security number and name at the top of Form N-11, pages 2, 3, and 4. If you are married and filing a joint return, also enter your spouse's social security number and name at the top of Form N-11, pages 2, 3, and 4.

If you requested a forms booklet, take the mailing label from the booklet we sent to you and make sure the information is correct. If any information is incorrect, do not use the mailing label. Instead, print the entries in this section.

After you have completed and checked all entries, attach your label (if the information is correct) to the return over the mailing address area where indicated. Use of the label

helps us identify your account, saves processing time, and speeds refunds.

Do not attach your label to the envelope. It may get separated from your return.

If you did not receive a label, print the entries in this section.

Do not use the IRS mailing label.

Note: Your social security number is no longer printed on the mailing label. You must write your social security number in the space provided on your tax return.

Note: You must write the first four letters of your last name in the boxes provided. If you are married, you must also write the first four letters of your spouse's last name in the boxes provided whether joint or separate returns are filed.

Name

You must use your legal name. Nicknames are not permitted. If you have changed your name because of marriage, divorce, etc., make sure you immediately notify the Social Security Administration so that the name on your tax return is the same as the name on the social security records. If these names do not match, your refund may be delayed.

If you file joint returns, write the names in the same order every year. There is a separate line for the spouse's name.

Write any descriptions (e.g. Jr., III, etc.) after your last name.

Address

Write your current mailing address in the space provided. If you receive your mail “in care of” someone else (i.e., your mail is sent to an address belonging to someone other than yourself), fill in that person's name in the space provided.

If your address is outside the United States or its possessions or territories, enter the city in the space provided for “City, town or post office”, and enter the postal code in the space provided for “Postal/ZIP code.” Enter the province and/or state, and the name of the country in the space provided. **Do not** abbreviate the country name.

Important: If your address should change after you file your return, you must notify the Department **in writing** of your new address. Please include your social security number and your signature. You can also complete Form ITPS-COA, Change of Address Form, to notify the Department of your new address. Any refund checks due to you will not be forwarded to your new address by the U.S. Postal Service.

Social Security Number

Write your social security number in the space provided. If you are married, you must also write your spouse's social security number in the space provided whether joint or separate returns are filed. Your social security numbers must be written in the same order as your names are written on your return.

If you are an alien and was issued an individual taxpayer identification number (ITIN) by

the IRS, enter your ITIN. If you have applied for an ITIN but the IRS has not yet issued the ITIN, write "ITIN Applied For" in the space below the "THIS SPACE RESERVED" box.

Filing Status

Fill in oval 1, 2, 3, 4, or 5 as appropriate. Fill in only one oval.

Note: *Civil union couples have the same tax filing status options as married couples.*

Note: *More than one filing status may apply to you. Choose the one that will give you the lowest tax. Your Hawaii filing status may or may not be the same as your federal filing status.*

Single

Note: *Civil union couples may not choose "single" as their filing status.*

Select oval 1, Single, if on December 31, 2015, you were unmarried, divorced, or separated from your spouse under a separate maintenance decree. State law governs whether you are married, divorced, or legally separated.

If you are married on December 31, 2015, consider yourself married for the whole year.

Note: *If you are in a civil union on December 31, 2015, consider yourself married for the whole year.*

If your spouse died during 2015, consider yourself married to that spouse for the whole year, unless you remarried before the end of 2015.

If you are unmarried and provide a home for certain other persons, you may be able to file as Head of Household. See *Head of Household* on this page.

If you were married in 2015, had a child living with you, and lived apart from your spouse during the last 6 months of 2015, you may be able to file as Head of Household. See *Married persons who live apart* on page 9.

Married Filing Joint Return

In most cases, married couples will pay less tax if they file a joint return. You must report all income, exemptions, deductions, and credits for you and your spouse. Both of you must sign the return, even if only one of you had income.

You and your spouse can file a joint return even if you did not live together for the whole year. Both of you are responsible for any tax due on a joint return, so if one of you doesn't pay, the other may have to.

Note: *If you and your spouse file a joint return for the year and later decide to file separately, both you and your spouse **MUST** file amended returns on or before the due date of the original return (April 20). You may not change your filing status from married filing jointly to married filing separately after that date.*

If your spouse died in 2015 or in 2016 before filing a return for 2015, see *Death of Taxpayer* on page 6.

Tax Savings. If you decide not to file a joint return and plan to file a separate return, see

if you can lower your tax by meeting the tests described on page 9 under *Married persons who live apart*. If you can, you should fill in oval 4 for Head of Household.

Special Rule for Nonresidents of Hawaii Who File a Joint Return With a Hawaii Resident. If at the end of the taxable year you were a nonresident of Hawaii (but you were a U.S. resident) who is married to a resident of Hawaii, you may choose to file a joint return with the resident spouse. By filing a joint return, however, you and your spouse agree to be taxed on your combined worldwide income.

Special Rule for Nonresident Aliens and Dual-Status Aliens. Generally, you cannot file a joint return if either spouse was a nonresident alien at any time during the tax year. However, nonresident aliens married to U.S. citizens or residents can elect to be taxed as a U.S. resident on their federal income tax return and file joint returns. If you and your spouse have made that election on your federal return, you also may choose to file a joint Hawaii return. By filing a joint return, you and your spouse agree to be taxed on your combined worldwide income.

Special Rule When One Spouse Is a Nonresident or Part-Year Resident. If one spouse is a resident and the couple files a joint return, both spouses are taxed on worldwide income. If at least one spouse is a part-year resident and the couple files a joint return, the couple is taxed on worldwide income for the period in which either spouse was a resident.

Note: *For purposes of filing a joint return, common law marriages are not recognized under Hawaii law unless they began in a state which permits common law marriages.*

Married Filing Separate Returns

You may file separate returns whether both you and your spouse had income, only one of you had income, or neither of you had income.

If you choose to file separate returns, both you and your spouse must figure your tax the same way. This means that if one of you itemizes your deductions, the other must also itemize their deductions. You each report only your own income, exemptions, deductions, and credits, and you are responsible only for the tax due on your own return.

If you file a separate return, write your spouse's full name in the space after oval 3 and your spouse's social security number in the space provided for that number. Also write the first four letters of your spouse's last name in the boxes provided.

If your spouse does not file a Hawaii tax return, you may be able to claim the exemptions for your spouse. See the instructions for lines 6a and 6b.

Special Rule for Nonresident Aliens and Dual-Status Aliens. Married nonresident aliens must file separate returns. However, nonresident aliens who are married to U.S. citizens or residents and who elect to be taxed as a U.S. resident may file joint returns. However, see *Married persons who live apart* on page 9.

Head of Household

Note: *Since this filing status is for unmarried individuals who provide a home for certain other persons, a person in a civil union may not choose "head of household" as their filing status. However, a person in a civil union may file as "head of household" if the person is considered unmarried because they lived apart from their civil union partner for the last 6 months of 2015 and they meet the other rules under *Married persons who live apart* on page 9.*

This filing status is for unmarried individuals who provide a home for certain other persons. (Some married persons who live apart are considered unmarried. See *Married persons who live apart* on page 9.) You can fill in oval 4 only if you were unmarried or legally separated (according to State law) under a decree of divorce or separate maintenance at the end of 2015 and either 1 or 2 below applies.

1. You paid over half the cost of keeping up a home that was the main home for all of 2015 of your parent whom you can claim as a dependent, except under a multiple support agreement (see page 11). Your parent did not have to live with you.
2. You paid over half the cost of keeping up a home in which you lived and in which one of the following also lived for more than half of the year (if half or less, see *Exception to time lived with you* on this page).
 - a. Any person whom you can claim as a dependent. But do not include:
 - i. Your qualifying child (as defined in Step 1 on page 9) whom you claim as your dependent based on the rules for *Children of divorced or separated parents* on page 10,
 - ii. Any person who is your dependent only because he or she lived with you for all of 2015, or
 - iii. Any person you claimed as a dependent under a multiple support agreement. See page 11.
 - b. Your unmarried qualifying child who is not your dependent.
 - c. Your married qualifying child who is not your dependent only because you can be claimed as a dependent on someone else's 2015 return.
 - d. Your child who is neither your dependent nor your qualifying child because of the rules for *Children of divorced or separated parents* on page 10.

If the child is not your dependent, enter the child's name on line 4.

Dependent. To find out if someone is your dependent, see the instructions for line 6c that begin on page 9.

Exception to time lived with you. Temporary absences by you or the other person for special circumstances, such as school, vacation, business, medical care, military service, or detention in a juvenile facility, count as time lived in the home. Also see *Kidnapped child* on page 11, if applicable.

If the person for whom you kept up a home was born or died in 2015, you still may be able to file as head of household. If the person is your qualifying child, the child must have

lived with you for more than half the part of the year he or she was alive. If the person is anyone else, see federal Publication 501.

Keeping up a home. To find out what is included in the cost of keeping up a home, see federal Publication 501.

Note: *If you used payments you received under Temporary Assistance for Needy Families (TANF) or other public assistance programs to pay part of the cost of keeping up your home, you cannot count them as money you paid. However, you must include them in the total cost of keeping up your home to figure if you paid over half the cost.*

Special Rule for Nonresident Aliens and Dual-Status Aliens.—If you were a nonresident alien or dual-status alien during the tax year, you cannot file as Head of Household.

Married persons who live apart. Even if you were not divorced or legally separated at the end of 2015, you are considered unmarried if all of the following apply.

- You lived apart from your spouse for the last 6 months of 2015. Temporary absences for special circumstances, such as for business, medical care, school, or military service, count as time lived in the home.
- You file a separate return from your spouse.
- You paid over half the cost of keeping up your home for 2015.
- Your home was the main home of your child, stepchild, or foster child for more than half of 2015 (if half or less, see *Exception to time lived with you* on page 11).
- You can claim this child as your dependent or could claim the child except that the child's other parent can claim him or her under the rule for *Children of divorced or separated parents* on page 10.

Adopted child. An adopted child is always treated as your own child. An adopted child includes a child lawfully placed with you for legal adoption.

Foster child. A foster child is any child placed with you by an authorized placement agency or by judgment, decree, or other order of any court of competent jurisdiction.

Special Rule for Nonresident Aliens and Dual-Status Aliens.—The special rules for Qualifying Widow(er) With Dependent Child will not apply unless the surviving spouse meets all of the tests previously stated, and was a resident alien or U.S. citizen the year their spouse died. The residency status refers to the surviving spouse's actual status, and not the election that some nonresident aliens make to be taxed as U.S. residents.

Qualifying Widow(er) With Dependent Child

You can fill in oval 5 and use joint return tax rates for 2015 if all of the following apply.

- Your spouse died in 2013 or 2014 and you did not remarry in 2015.

- You have a child or stepchild whom you claim as a dependent. This does not include a foster child.
- This child lived in your home for all of 2015. If the child did not live with you for the required time, see *Exception to time lived with you* below.
- You paid over half the cost of keeping up your home.
- You could have filed a joint return with your spouse the year he or she died, even if you did not actually do so.

If your spouse died in 2015, you cannot file as qualifying widow(er) with dependent child. Instead, see the instructions for *Married Filing Joint Return* on page 8.

Adopted child. An adopted child is always treated as your own child. An adopted child includes a child lawfully placed with you for legal adoption.

Dependent. To find out if someone is your dependent, see the instructions for line 6c that begin on this page.

Exception to time lived with you. Temporary absences by you or the child for special circumstances, such as school, vacation, business, medical care, military service, or detention in a juvenile facility, count as time lived in the home. Also see *Kidnapped child* on page 11, if applicable.

A child is considered to have lived with you for all of 2015 if the child was born or died in 2015 and your home was the child's home for the entire time he or she was alive.

Keeping up a home. To find out what is included in the cost of keeping up a home, see federal Publication 501.

Note: *If you used payments you received under Temporary Assistance for Needy Families (TANF) or other public assistance programs to pay part of the cost of keeping up your home, you cannot count them as money you paid. However, you must include them in the total cost of keeping up your home to figure if you paid over half the cost.*

Note: See *Death of Taxpayer* on page 6 for more information.

Special Rule for Nonresident Aliens and Dual-Status Aliens.—The special rules for Qualifying Widow(er) With Dependent Child will not apply unless the surviving spouse meets all of the tests previously stated, and was a resident alien or U.S. citizen the year their spouse died. The residency status refers to the surviving spouse's actual status, and not the election that some nonresident aliens make to be taxed as U.S. residents.

Step 1 Do You Have a Qualifying Child?

A qualifying child is a child who is your:

- Son, daughter, stepchild, foster child, brother, sister, stepbrother, stepsister, half brother, half sister, or a descendant of any of them (for example, your grandchild, niece, or nephew), and

- Who was not a qualifying child of any taxpayer for 2015. For this purpose, a person is not a taxpayer if he or she is not required to file a Hawaii income tax return and either does not file such a return or files only to get a refund of withheld income tax or estimated tax paid, and
- Who had gross income of less than \$4,000 in 2015. If the person was permanently and totally disabled, see *Exception to gross income test* on this page, and

Definitions and Special Rules.

Adopted child. An adopted child is always treated as your own child. An adopted child includes a child lawfully placed with you for legal adoption.

Children of divorced or separated parents. A child will be treated as the qualifying child or qualifying relative of his or her noncustodial parent if all of the following conditions apply.

1. The parents are divorced, legally separated, separated under a written separation agreement, or lived apart at all times during the last 6 months of 2015 (whether or not they are or were married).

2. The child received over half of his or her support for 2015 from the parents (and the rules on *Multiple support agreements*, on page 11, do not apply). Support of a child received from a parent's spouse is treated as provided by the parent.

3. The child is in custody of one or both of the parents for more than half of 2015.

4. Either of the following applies.

a. The custodial parent signs federal Form 8332 or a substantially similar statement that he or she will not claim the child as a dependent for 2015, and the noncustodial parent includes a copy of the form or statement with his or her return. If the divorce decree or separation agreement went into effect after 1984 and before 2009, the noncustodial parent may be able to include certain pages from the decree or agreement instead of federal Form 8332. See *Post-1984 and pre-2009 decree or agreement* and *Post-2008 decree or agreement*.

b. A pre-1985 decree of divorce or separate maintenance or written separation agreement between the parents provides that the noncustodial parent can claim the child as a dependent, and the noncustodial parent provides at least \$600 for support of the child during 2015.

If conditions (1) through (4) apply, only the noncustodial parent can claim the child for

purposes of the dependency exemption. However, this special rule does not apply to the head of household filing status. See federal Publication 501 for details.

Custodial and noncustodial parents. The custodial parent is the parent with whom the child lived for the greater number of nights in 2015. The noncustodial parent is the other parent. If the child was with each parent for an equal number of nights, the custodial parent is the parent with the higher federal adjusted gross income. See federal Publication 501 for an exception for a parent who works at night, rules for a child who is emancipated under state law, and other details.

Post-1984 and pre-2009 decree or agreement. The decree or agreement must state all three of the following.

1. The noncustodial parent can claim the child as a dependent without regard to any condition, such as payment of support.

2. The other parent will not claim the child as a dependent.

3. The years for which the claim is released.

The noncustodial parent must include all of the following pages from the decree or agreement.

- Cover page (include the other parent's social security number on that page).
- The pages that include all the information identified in (1) through (3) above.
- Signature page with the other parent's signature and date of agreement.

You must include the required information even if you filed it with your return in an earlier year.

Post-2008 decree or agreement. If the divorce decree or separation agreement went into effect after 2008, the noncustodial parent cannot include pages from the decree or agreement instead of federal Form 8332. The custodial parent must sign either federal Form 8332 or a substantially similar statement the only purpose of which is to release the custodial parent's claim to an exemption for a child, and the noncustodial parent must include a copy with his or her return. The form or statement must release the custodial parent's claim to the child without any conditions. For example, the release must not depend on the noncustodial parent paying support.

Release of exemption revoked. A custodial parent who has revoked his or her previous release of a claim to exemption for a child must include a copy of the revocation with his or her return. For details, see federal Form 8332.

Exception to citizen test. If you are a U.S. citizen or U.S. national and your adopted child lived with you all year as a member of your household, that child meets the requirement to be a U.S. citizen.

Exception to gross income test. If your relative (including a person who lived with you all year as a member of your household) is permanently and totally disabled (defined on page 11), certain income for services per-

formed at a sheltered workshop may be excluded for this test. For details, see federal Publication 501.

Exception to time lived with you. Temporary absences by you or the other person for special circumstances, such as school, vacation, business, medical care, military service, or detention in a juvenile facility, count as time the person lived with you. Also see *Children of divorced or separated parents* on page 10, or *Kidnapped child* on this page.

If the person meets all other requirements to be your qualifying child but was born or died in 2015, the person is considered to have lived with you for more than half of 2015 if your home was this person's home for more than half the time he or she was alive in 2015.

Any other person is considered to have lived with you for all of 2015 if the person was born or died in 2015 and your home was this person's home for the entire time he or she was alive in 2015.

Foster child. A foster child is any child placed with you by an authorized placement agency or by judgment, decree, or other order of any court of competent jurisdiction.

Kidnapped child. If your child is presumed by law enforcement authorities to have been kidnapped by someone who is not a family member, you may be able to take the child into account in determining your eligibility for head of household or qualifying widow(er) filing status, and the dependency exemption. See federal Publication 501.

Married person. If the person is married and files a joint return, you cannot claim that person as your dependent. However, if the person is married but does not file a joint return or files a joint return only to claim a refund of withheld income tax or estimated tax paid, you may be able to claim him or her as a dependent. See federal Publication 501. In that case, go to Step 2, Question 3, on page 10 (for a qualifying child) or Step 3, Question 4, on page 10 (for a qualifying relative).

Multiple support agreements. If no one person contributed over half of the support of your relative (or a person who lived with you all year as a member of your household) but you and another person(s) provided more than half of your relative's support, special rules may apply that would treat you as having provided over half of the support. For details, see federal Publication 501.

Permanently and totally disabled. A person is permanently and totally disabled if, at any time in 2015, the person cannot engage in any substantial gainful activity because of a physical or mental condition and a doctor has determined that this condition has lasted or can be expected to last continuously for at least a year, or can be expected to lead to death.

Qualifying child of more than one person. Even if a child meets the conditions to be the qualifying child of more than one person, only one person can claim the child as a qualifying child for (1) the dependency exemption, and (2) head of household filing status, unless the

specific rule for *Children of divorced or separated parents* on page 10 applies.

No other person can take any of the two tax benefits listed above unless he or she has a different qualifying child. If you and any other person can claim the child as a qualifying child, the following rules apply.

- If only one of the persons is the child's parent, the child is treated as the qualifying child of the parent.
- If the parents file a joint return together and can claim the child as a qualifying child, the child is treated as the qualifying child of the parents.
- If the parents do not file a joint return together but both parents claim the child as a qualifying child, the child will be treated as the qualifying child of the parent with whom the child lived for the longer period of time in 2015. If the child lived with each parent for the same amount of time, the child will be treated as the qualifying child of the parent who had the higher federal adjusted gross income (AGI) for 2015.
- If no parent can claim the child as a qualifying child, the child is treated as the qualifying child of the person who had the highest federal AGI for 2015.
- If a parent can claim the child as a qualifying child but no parent does so claim the child, the child is treated as the qualifying child of the person who had the highest federal AGI for 2015, but only if that person's federal AGI is higher than the highest federal AGI of any parent of the child who can claim the child.

Example. Your daughter meets the conditions to be a qualifying child for both you and your mother. Your daughter does not meet the conditions to be a qualifying child of any other person, including her other parent. Under the rules just described, you can claim your daughter as a qualifying child for any of the two tax benefits listed above for which you otherwise qualify. Your mother cannot claim any of the two tax benefits listed above unless she has a different qualifying child. However, if your mother's federal AGI is higher than yours and you do not claim your daughter as a qualifying child, your daughter is the qualifying child of your mother.

If you will be claiming the child as a qualifying child, go to Step 2 on page 10. Otherwise, stop; you cannot claim any benefits based on this child.

Student. A student is a child who during any part of 5 calendar months of 2015 was enrolled as a full-time student at a school, or took a full-time, on-farm training course given by a school or a state, county, or local government agency. A school includes a technical, trade, or mechanical school. It does not include an on-the-job training course, correspondence school, or school offering courses only through the Internet.

Birth or Death of Dependent. You can take an exemption for a dependent who was born or who died during the taxable year if he or she met the tests for a dependent while alive.

This means that a baby who lived only a few minutes can be claimed as a dependent.

Line 6e

Add the numbers you entered in the boxes 6a, 6b, 6c and 6d. Enter the total in the box on line 6e.

Step 5

Fill in your return.

Line-By-Line instructions for filling in Form N-11 begin on this page and end on page 30. Please read and follow the instructions carefully.

Rounding Off to Whole Dollars

The Department is requiring individual taxpayers to round off cents to the nearest whole dollar for all dollar entries on the tax return and schedules. To do so, drop amounts under 50 cents and increase amounts from 50 to 99 cents to the next dollar. For example: \$1.39 becomes \$1 and \$2.69 becomes \$3. If you have to add two or more amounts to figure the amount to enter on a line, schedule, or worksheet, you may choose to use one of two methods. Once a method of rounding is established, you must use the same method throughout the return. The first method is to include the cents when adding and round off only the total. The other method is to round off each entry. For example: You received two W-2 forms, one showing Hawaii withholding of \$50.55 and one showing Hawaii withholding of \$185.73. For rounding method 1, show your total Hawaii withholding as \$236, ($\$50.55 + \$185.73 = \236.28 rounded to \$236). For rounding method 2, show your total Hawaii withholding as \$237, ($\50.55 rounded to \$51.00 + $\$185.73$ rounded to \$186.00 = $\$51 + \$186 = \$237$).

Line-By-Line Instructions - Form N-11

Special Note to Part-Year Residents

Form N-11 is to be filed by full-year residents only. If you were a Hawaii resident for only part of 2015, you must file Form N-15 instead.

Caution: *The dates to be entered at the top of Form N-11 are not for part-year residents to enter the period of their Hawaii residency.*

Income

An individual who was a Hawaii resident for the **entire** year is subject to income tax on his or her **entire** income, computed without regard to source in the State.

Line 7

Federal Adjusted Gross Income (Federal AGI)

Report the federal AGI from the appropriate line of federal Form 1040, Form 1040A, or Form 1040EZ. If you are not required to file a

federal income tax return, use federal Form 1040 as a worksheet to determine the amount to report as your federal AGI.

If you are filing a joint return for federal income tax purposes and a married filing separate return for state income tax purposes, use federal Form 1040 as a worksheet to determine the amount to report as your federal AGI. Your federal AGI must be calculated as if you are filing a federal married filing separate return.

Note: *Since the federal government does not recognize civil unions as married individuals for federal income tax purposes, civil unions will continue to file as unmarried individuals on their federal income tax returns. Therefore, they should use federal Form 1040 as a worksheet to determine the amount to report as their federal AGI. Their federal AGI must be calculated as if they are filing a federal married filing joint return or a federal married filing separate return.*

If the federal AGI is a negative number, shade the minus (-) in the box to the left of the amount boxes.

Hawaii Additions to Federal AGI

Line 8

Difference Between State and Federal Wages

If the amount in Form W-2, Box 16 (State wages) is larger than Form W-2, Box 1 (Federal wages), subtract the federal wages from the state wages and enter the difference here. If you receive more than one Form W-2, add the differences from all of the forms. For example, federal employees getting Cost of Living Allowance (COLA) or Living Quarter Allowance (LQA) may see a difference that must be reported here. If you received COLA or LQA and do not see a difference between state and federal wages, enter the amount of COLA or LQA reported on your Form W-2. State or County employees who are in the contributory or hybrid plan of the Employees Retirement System also will see a difference that must be reported here.

Line 9

Interest on Out-of-State Bonds, Including Municipal Bonds

If you received interest from bonds issued by another State, or a county, city, or political subdivision of another State (including interest distributions from a mutual fund investing in these bonds), enter the interest on line 9. Do not include interest from bonds issued by the Governments of Puerto Rico, U.S. Virgin Islands, Guam, and American Samoa, or any of their political subdivisions. Also, do not include distributions of short-term or long-term gains because these amounts are included in federal AGI.

Line 10

Other Hawaii Additions to Federal AGI

This line is used to report other items that are taxed by Hawaii but are not taxed by the federal government, such as:

- Differences in the taxable portion of the Hawaii tax refund.
- Distributions and deemed distributions from Individual Housing Accounts.
- Peace Corps compensation.
- Differences in depreciation and gain.
- Compensation from temporary employment outside the United States.
- Differences in the deduction for student loan interest.
- Differences in the taxable portion of employer-provided adoption benefits.
- Distributions from certain foreign corporations.
- Other adjustments.

These items are explained in more detail as follows.

Taxable Refund of State Income Taxes

Note: *A refundable state tax credit (except for the refundable food/excise tax credit, credit for low-income household renter, credit for child and dependent care expenses, and credit for child passenger restraint system(s)) is subject to income tax to the extent the refundable credit exceeds the taxpayer's tax liability and results in a cash payment from the state. Because such a payment is not actually a refund of prior taxes paid, it is not treated as a tax refund potentially excludable under Internal Revenue Code section 111 (recovery of tax benefit items). Therefore, the State Tax Refund Worksheet on page 37 should not be used to determine the taxable portion of these refundable state tax credits. For more information, see Tax Information Release No. 2010-10, "Common Income Tax & General Excise Tax Issues Associated with the Renewable Energy Technologies Income Tax Credit, HRS § 235-12.5".*

The taxable portion of your Hawaii tax refund may be different from the amount claimed on your federal return. Use the *State Tax Refund Worksheet* on page 37 to figure the taxable portion of your refund and to determine if an adjustment needs to be made here.

Note: *None of your refund is taxable if, in the year you paid the tax, you either (a) did not itemize deductions, or (b) elected to deduct state and local general sales taxes instead of state and local income taxes.*

If you received a refund or credit in 2015 for state income taxes you paid before 2015, you may have to report it as income on your Hawaii income tax return. You should receive federal Form 1099-G, or a similar statement, showing the amount of the refund.

Any part of a refund of state or local income taxes paid before 2015 that you were entitled

to receive in 2015 but chose to apply to your 2015 estimated state income tax is considered to have been received in 2015.

If you received a refund of 2014 taxes and you itemized deductions in 2014, figure the taxable portion of your refund using the *State Tax Refund Worksheet* on page 37. When completing the *State Tax Refund Worksheet* on page 37, enter an amount on line 2e only if the carryover of the residential construction and remodeling tax credit was claimed for construction or renovation costs for a residential unit that does not constitute business property.

Note: *If you received income tax refunds from other states, include these amounts on line 1 of the State Tax Refund Worksheet on page 37.*

If your refund included taxes from any previous year in which you itemized deductions, a similar calculation must be done for each previous year.

If part of your refund was interest, you should include that part in your federal Form 1040, 1040A, or 1040EZ as taxable interest income.

If your 2014 Hawaii AGI was over \$166,800 (\$83,400 for married taxpayers filing separately), you may be able to report a smaller amount of your tax refund as income because your itemized deductions were reduced in 2014. To compute the proper amount, see federal Publication 525, "Taxable and Nontaxable Income", under *Itemized deductions limited*. In the computation, however, the Hawaii standard deduction amounts must be used, the amount of the refund due to the Hawaii credits listed in the *State Tax Refund Worksheet* is subtracted, and the base amount for the limitation of itemized deductions remains at \$166,800 (\$83,400 for married taxpayers filing separately). If you use this calculation, enter the result on line 8 of the *State Tax Refund Worksheet* on page 37.

If your 2014 state and local income tax refund is more than your 2014 state and local income tax deduction minus the amount you could have deducted as your 2014 state and local general sales taxes, see federal Publication 525, "Taxable and Nontaxable Income", under *Recoveries*.

Individual Housing Accounts

If you purchased a principal residence with an Individual Housing Account (IHA), or you are notified by an IHA trustee that you have received a taxable distribution, report the taxable amount on line a of the *Hawaii Additions Worksheet* on page 37.

- If you purchased residential property before January 1, 1990, with a distribution from an IHA, you must include in gross income in the year the property is sold, conveyed, or transferred an amount equal to the amount of the distribution, unless an election was made to include one-tenth of the distribution in gross income each year for ten years. In addition, a penalty is added to your gross income. Attach Form N-103, Sale of Your Home, to figure the additional gross income.

- If you purchased residential property after December 31, 1989, you must include in gross income one-tenth of the distribution each year for ten years. If you sell the property purchased with an IHA distribution before the end of the ten-year period, the remaining amount of the distribution not previously reported must be included in gross income in the year of sale. In addition, a penalty is added to your tax liability. Attach Form N-103, Sale of Your Home, to figure the additional tax liability.
- If you purchased residential property after December 31, 1996, with a distribution from an IHA established prior to January 1, 1990, and you have made the election to do so, you must include in gross income in the year the property is sold, conveyed, or transferred an amount equal to the amount of the distribution. In addition, a penalty is added to your gross income. Attach Form N-103, Sale of Your Home, to figure the additional gross income.
- If you use an IHA distribution for any purpose **other than** to purchase a first principal residence in Hawaii, or if you borrow against the IHA for such a purpose, the distribution (or the loan amount) is taxable, and a 10% penalty tax is imposed. The additional tax is the same amount shown in Box 4 of Form N-2, Distribution from an Individual Housing Account, and must be included on line 27.
- If you establish an IHA and later marry a person owning residential property, the IHA will terminate and distribute all of the assets to you. In this case, you must include the total distribution in your gross income. No penalty tax is imposed, but the 10% is still withheld. Be sure to claim the withheld amount on line 37.
- If an individual establishes an IHA and then dies or becomes totally disabled, special rules apply. For more information, see sections 18-235-5.5(r) and (s), Hawaii Administrative Rules.

Peace Corps Compensation

If you received compensation for working with the Peace Corps, include the amount of that compensation on line **c** of the *Hawaii Additions Worksheet* on page 37.

Depreciation and Gain Adjustments

Note: *Hawaii did not adopt the federal provisions for bonus depreciation, increased IRC section 179 deduction (Hawaii limit is \$25,000), and inclusion of off-the-shelf computer software as property qualifying for the IRC section 179 deduction. If the bonus depreciation, increased IRC section 179 deduction, or IRC section 179 deduction for off-the-shelf computer software is claimed for federal tax purposes, you must: (a) complete a federal Form 4562 for Hawaii tax purposes, (b) attach the completed federal Form 4562 to the Hawaii tax return, (c) make the necessary adjustments to the Hawaii tax return for the depreciation difference between federal and Hawaii on line **d** of the Hawaii Additions Worksheet on page 37, and (d) attach to the*

Hawaii tax return any worksheet showing the computation of the adjustments. You must also keep records of the differences in the asset's depreciable basis for federal and Hawaii tax purposes.

If you claimed the capital goods excise tax credit, hotel construction and remodeling tax credit, technology infrastructure renovation tax credit, or drought mitigating water storage facility income tax credit, and did not include the amount of the credit as income in the year in which it is properly recognized under your method of accounting, then your adjusted basis in the assets was decreased by the amount of the credit claimed.

- If you are claiming a **depreciation deduction** for any such asset, multiply the depreciation percentage for this taxable year by the amount of the applicable income tax credit. Add the results for all of your assets for which the applicable income tax credit was claimed, and enter this amount on line **d** of the *Hawaii Additions Worksheet* on page 37.
- If you **sold or otherwise disposed of** any such asset, your gain or loss will be different from that reported on your federal return. The difference will be the amount of the applicable income tax credit that has not already been recovered through depreciation deductions. Enter this amount on line **e** of the *Hawaii Additions Worksheet* on page 37. In addition, you may need to file Form N-312, Recapture of Capital Goods Excise Tax Credit; see Form N-312 for more information.

Temporary Employment Outside the U.S.

If, while you were a Hawaii resident, you worked outside the United States and you filed federal Form 2555 or 2555-EZ to exclude some of your earned income, you need to add back the amounts here because Hawaii does not have this exclusion. On line **f** of the *Hawaii Additions Worksheet* on page 37, enter:

- The amount on Form 2555-EZ, line 18; or
- The **sum of** Form 2555, line 43, and Form 2555, line 48.

Student Loan Interest Deduction

The student loan interest deduction may be different from the amount claimed on your federal return since your Hawaii modified adjusted gross income must be used in the computation instead of your federal modified adjusted gross income, and Hawaii's modified adjusted gross income ranges for phasing out the deduction will not be adjusted for inflation. Use the *Student Loan Interest Deduction Worksheet* on page 40 to determine if an adjustment needs to be made here.

Employer-Provided Adoption Benefits

The taxable portion of your employer-provided adoption benefits may be different from the amount claimed on your federal return since your Hawaii modified adjusted gross income must be used in the computation instead of your federal modified adjusted gross

income, and Hawaii's exclusion amount and modified adjusted gross income limit will not be adjusted for inflation. Use the *Adoption Benefits Worksheet* on page 40 to determine if an adjustment needs to be made here.

Owners of Certain Foreign Corporations

Certain foreign corporations are classified as Controlled Foreign Corporations (CFCs), Passive Foreign Investment Companies (PFICs), or Foreign Personal Holding Companies (FPHCs). Federal law requires that shareholders of these foreign companies recognize certain income earned by these companies before the companies distribute dividends. Hawaii has no comparable provisions. If you own one or more of these corporations, you had to file federal Form 5471, or you sold stock in any of these kinds of companies, you may need to make an adjustment here.

Other Adjustments

Other adjustments to federal AGI include the following:

- Hawaii has not adopted the federal provisions relating to:
 - the deduction for capital costs incurred in complying with environmental protection agency sulfur regulations,
 - the election for qualifying film and television productions to deduct certain production expenditures in the year the expenditure is incurred,
 - the deduction for U.S. production activities, and
 - the exclusion from income of benefits under a dependent care assistance program that increases the amount of income that is treated as having been earned by a spouse who is either a full-time student or not able to care for himself or herself.
- The special federal election for capital assets acquired in tax years beginning before January 1, 2001 (election under section 311 of the Taxpayer Relief Act of 1997) is not available for Hawaii income tax purposes.
- Taxpayers who took up residence in Hawaii after attaining the age of 65 years and before July 1, 1976, and who elect to be taxed only on Hawaii source income, may have to make an adjustment here since only Hawaii source income and adjustments are included in the Hawaii adjusted gross income.

There may be other adjustments to federal AGI that are not discussed in these instructions. Such adjustments arise, for example, if a taxpayer makes an election for federal tax purposes (such as an IRC section 179 election) but does not make the same election for Hawaii tax purposes. If you believe that an additional adjustment is needed to arrive at Hawaii adjusted gross income, enter the amount of the adjustment on line **i** of the *Hawaii Additions Worksheet* on page 37, write "X" on the dotted line next to line 10, and attach an explanation to Form N-11 that includes the amount of the adjustment and how you calculated it.

Line 11

Total Hawaii Additions to Federal AGI

Add the amounts on lines 8, 9, and 10. Enter the result on this line.

Line 12

Add lines 7 and 11. Enter the result on this line.

If line 12 is a negative number, shade the minus (-) in the box to the left of the amount boxes.

Hawaii Subtractions from Federal AGI

Line 13

Pensions

Hawaii does not tax qualifying distributions from an employer-funded pension plan. If you received qualifying distributions from an employer-funded profit sharing, defined contribution, or defined benefit plan, or from a government retirement system (e.g., federal civil service, military pension, state or county retirement system), enter the qualifying amount here.

Nontaxable Distributions

The following lines describe what qualifying distributions are. These qualifying distributions were included in your federal AGI and will be excluded on this line. For a distribution to qualify, it must be paid by a pension plan by reason of retirement, disability, or death. The pension plan does not have to be a "qualified plan" as defined in section 401 of the Internal Revenue Code.

Employer-Funded Pension Plans

The following three types of distributions are not taxed by Hawaii and should be included on line 13:

(1) Pension or annuity distributions from a public (i.e., government) retirement system (e.g., federal civil service annuity, military pension, state or county retirement system).

(2) Distributions from a private employer pension plan received upon retirement (including early retirement and disability retirement) if the employee did not contribute to the pension plan.

(3) Distributions from a pension plan at age 70-1/2 that are made to comply with the federal mandatory payout rule do qualify as a retirement payment whether or not the employee is still working full time.

Distributions from a private employer pension plan received upon retirement are partially taxed by Hawaii if the employee contributed to the pension plan.

Rollover IRAs

A rollover IRA is treated as a continuation of the original plan that provided the money that

is rolled over. If distributions from the original plan would be characterized as a qualified distribution, distributions out of the rollover IRA need not be reported as well.

Example - In 1997, an individual received a lump sum distribution from an employer-funded profit-sharing plan upon retirement. The individual did not contribute to the profit-sharing plan. The entire lump sum distribution was rolled over to an IRA. In 2015, the individual rolled over \$50,000 from the IRA to a Roth IRA. The entire amount rolled over to the Roth IRA represents the lump sum distribution received by the individual upon retirement and earnings thereon. Since the lump sum distribution that the individual received upon retirement qualifies as a pension, the amount rolled over from the regular IRA to the Roth IRA also qualifies as a pension. Therefore, the amount rolled over to the Roth IRA is exempt from Hawaii's income tax.

Taxable Pensions and Annuities

Early Distributions

Early distributions from a pension plan that are subject to the 10% federal penalty tax do not qualify and are taxable.

Deferred Compensation Plans

Distributions from a deferred compensation plan may be partly or fully taxable. A deferred compensation plan includes any plan in which the employee has a choice of whether to contribute money into the plan or take that amount in cash or property. Examples include 401(k) plans, salary reduction Simplified Employee Pension (SARSEP) plans, the Federal Thrift Savings Plan, and section 457 plans like the State of Hawaii Deferred Compensation Plan.

Annuity Plans

Retirement vehicles that you fund yourself, such as annuity plans and Individual Retirement Accounts (IRAs) that are not funded through a Simplified Employee Pension (SEP) plan, are considered to be your own investments. Distributions from these plans may be fully or partly taxable, depending on whether your IRAs include deductible or nondeductible contributions. See federal Publication 590 and federal Form 8606, for more details.

Rollover IRAs

A rollover IRA is treated as a continuation of the original plan that provided the money that is rolled over. If distributions from the original plan would be characterized as taxable, distributions out of the rollover IRA would be taxable as well.

Example - In 1997, an individual received a lump sum distribution from an employer-funded profit-sharing plan upon separation from service before retirement. The individual did not contribute to the profit-sharing plan. The entire lump sum distribution was rolled over to an IRA. In 2015, the individual rolled over \$50,000 from the IRA to a Roth IRA. The entire amount rolled over to the Roth IRA represents the lump sum distribution received by the individual upon separation from service

and earnings thereon. Since the lump sum distribution that the individual received upon separation from service does not qualify as a pension (the distribution is not paid upon retirement, disability, or death), the amount rolled over from the regular IRA to the Roth IRA also does not qualify as a pension. Therefore, the amount rolled over to the Roth IRA is taxable for Hawaii's income tax.

Hybrid Plans

If you received a distribution from a plan that is partly pension and partly deferred compensation, such as a 401(k) plan with a profit sharing component or an employer matching program, a SEP plan with employer contributions as well as a salary reduction option, or a similar hybrid plan, attach Schedule J to figure the taxable amount.

Lump-Sum Distributions

If you received a lump-sum distribution from a pension plan and you are electing to use the special ten-year averaging method, attach Schedule J and Form N-152, Tax on Lump Sum Distributions, to figure the taxable amount.

Note: *If your lump-sum distribution included capital gain amounts, you may be able to reduce your tax by including the capital gain amounts on Form N-152 and electing the capital gains treatment. See Form N-152 Instructions for more information.*

To compute the taxable portion of your annuity or pension, use Schedule J.

Caution: *Certain transactions, such as loans against your interest in a qualified plan, may be treated as taxable distributions.*

For more information on the taxation of pensions, see sections 18-235-7-01 to 18-235-7-03, Hawaii Administrative Rules, Tax Information Release No. 90-4, "Taxability of Benefit Payments from Pension Plan to Participants who Attain Age 70-1/2 as Required by the Internal Revenue Code Section 401(a)(9)(C)", and Tax Information Release No. 96-5, "Taxation of Pensions Under the Hawaii Net Income Tax Law: Deferred Compensation Arrangements; Rollover IRAs; Sub-Accounts of Pension Plans; Social Security and Railroad Retirement Act Benefits; Limitation on Deductions for Contributions to a Nonqualified Plan".

Line 14

Social Security Benefits

Hawaii does not tax Social Security or first tier Railroad Retirement Act benefits. Enter the amount from Form 1040, line 20b, or Form 1040A, line 14b.

Line 15

Military Reserve or Hawaii National Guard Duty Pay Exclusion

Hawaii does not tax the first \$6,198 received by each member of the reserve components of the army, navy, air force, marine corps, coast

guard of the United States of America, and the Hawaii national guard, as compensation for performance of duty as such. If you qualify, enter the **smaller** of:

- \$6,198, or
- Your pay, as shown on Box 16 of the Form W-2 sent to you by your reserve component.

If you are married filing a joint return, and you and your spouse qualify, add the exclusions for both of you and enter the total on line 15.

Line 16

Payments to an Individual Housing Account

You may be able to deduct from your gross income up to \$5,000 paid in cash during the taxable year into a trust account which is established for saving for a down payment on your first principal residence. A deduction not to exceed \$10,000 shall be allowed for a married couple filing a joint return. No deduction shall be allowed on any amounts distributed less than 365 days from the date on which a contribution is made to the account. Any deduction claimed for a previous taxable year for amounts distributed less than 365 days from the date on which a contribution was made shall be disallowed and the amount deducted shall be included in the previous taxable year's gross income and the tax reassessed. The account is to encourage first-time home buyers to save money for a down payment on a home.

The "first principal residence" means a residential property purchased with the payment or distribution from the individual housing account which shall be owned and occupied as the only home by an individual who did not have any previous interest in, individually, or if the individual is married, whose spouse did not own any interest in a residential property inside or outside of Hawaii within the last 5 years prior to opening the IHA.

The amounts paid in cash allowable as a deduction for all taxable years are limited to \$25,000, in the aggregate, excluding interest earned or accrued. This limitation also applies to married individuals having separate accounts; the sum of such separate accounts and the deduction shall not exceed \$25,000 in the aggregate, excluding interest income earned or accrued.

For more information, see section 18-235-5.5, Hawaii Administrative Rules.

Line 17

Exceptional Trees Deduction

You may deduct up to \$3,000 per exceptional tree for qualified expenditures you made during the taxable year to maintain the tree on your private property. The tree must be designated as an exceptional tree by the local county arborist advisory committee under chapter 58, HRS. Qualified expenditures are those expenses you incurred to maintain the

exceptional tree (excluding interest) that are deemed "reasonably necessary" by a certified arborist. No deduction is allowed in more than one taxable year out of every three consecutive taxable years. The deduction is allowed for amounts paid in taxable years beginning after December 31, 2003.

An affidavit signed by a certified arborist stating that the amount of expenditures are deemed reasonably necessary must be attached to your tax return. The affidavit also must include the following information: (1) type of tree, (2) location of tree, and (3) description and amount of expenditures made in 2015 to maintain the tree. The affidavit must be notarized.

Line 18

Other Hawaii Subtractions From Federal AGI

This line is used to report other items that are taxed by the federal government but are not taxed by Hawaii, such as:

- Interest on federal obligations, including U.S. Savings Bonds.
- Differences in the taxable portion of the Hawaii tax refund.
- Interest earned on an Individual Housing Account.
- Compensation earned by patients with Hansen's disease.
- Expenses not allowed on your federal return because they were connected with federal credits.
- Unearned income of children that you included in your federal return, if the children are filing Hawaii returns.
- Benefits from or premiums paid to legal services plans.
- Differences in the deduction for student loan interest.
- Differences in the taxable portion of employer-provided adoption benefits.
- Certain income from a qualified high technology business.
- Contributions to and interest earned by an individual development account.
- Section 235-7(a)(14), HRS, capital gain.
- Undistributed income earned by certain foreign corporations.
- Other adjustments.

These items are explained in more detail as follows.

Interest on Federal Obligations, Including U.S. Savings Bonds

If you reported for federal purposes any interest received on federal obligations, including Treasury bills and notes and U.S. Savings Bonds, enter the amount of that interest on line **a** of the *Hawaii Subtractions Worksheet* on page 37.

For more information about what kinds of obligations should be reported here, see Tax Information Release No. 84-1, "Taxability of Interest on U.S. Obligations".

If you filed federal Form 8815: If you redeemed U.S. Savings Bonds to pay for higher education tuition and fees and excluded some or all of the interest for federal purposes, subtract the amount from Form 8815, Line 14, before entering it on line **a**. That amount was already excluded on your federal return.

Taxable Refund of State Income Taxes

See the instructions for line 10, *Taxable Refund of State Income Taxes*, on page 12. In some cases, the worksheet may call for an adjustment to be made here.

Interest on an Individual Housing Account

If you have an Individual Housing Account, enter the interest earned by the account, as it appears on federal Form 1099-INT, on line **c** of the *Hawaii Subtractions Worksheet* on page 37.

Patients With Hansen's Disease

Hawaii does not tax compensation by Hawaii or the U.S. to a patient affected with Hansen's disease (also known as leprosy). Enter the amount of the qualifying compensation on line **d** of the *Hawaii Subtractions Worksheet* on page 37.

Expenses Disallowed Because They Were Connected with Federal Credits

If you are a business taxpayer; you claimed the work opportunity credit or the credit for qualified clinical testing expenses; and some of your business expenses were disallowed because you took the credits (section 280C, Internal Revenue Code), enter the amount of the disallowed expenses on line **e** of the *Hawaii Subtractions Worksheet* on page 37. Hawaii does not have those credits, and does allow the expense deductions.

Children Having Unearned Income

If you filed federal Form 8814, Parents' Election to Report Child's Interest and Dividends, and you are **not** filing Form N-814 because your child will file a Hawaii tax return, enter the total amount from line 12 of federal Form(s) 8814 on line **f** of the *Hawaii Subtractions Worksheet* on page 37. Attach a copy of Form(s) 8814.

Legal Services Plans

If you received benefits from a qualified group legal services plan or if your employer contributed to a group legal services plan, and you reported these benefits or contributions as taxable income on your federal return, check with your plan to see that it qualifies under Hawaii standards. If it does, Hawaii will not tax these amounts. Enter the amount of federally taxable benefits or contributions on line **g** of the *Hawaii Subtractions Worksheet* on page 37.

Student Loan Interest Deduction

The student loan interest deduction may be different from the amount claimed on your federal return since your Hawaii modified

adjusted gross income must be used in the computation instead of your federal modified adjusted gross income, and Hawaii's modified adjusted gross income ranges for phasing out the deduction will not be adjusted for inflation. Use the *Student Loan Interest Deduction Worksheet* on page 40 to determine if an adjustment needs to be made here.

Employer-Provided Adoption Benefits

The taxable portion of your employer-provided adoption benefits may be different from the amount claimed on your federal return since your Hawaii modified adjusted gross income must be used in the computation instead of your federal modified adjusted gross income, and Hawaii's exclusion amount and modified adjusted gross income limit will not be adjusted for inflation. Use the *Adoption Benefits Worksheet* on page 40 to determine if an adjustment needs to be made here.

Certain Income from a Qualified High Technology Business

- **Royalties and other income derived from patents, copyrights, and trade secrets.** Amounts received by an individual or a qualified high technology business as royalties and other income derived from patents, copyrights, and trade secrets (1) owned by the individual or qualified high technology business, and (2) developed and arising out of a qualified high technology business are excluded from gross income, adjusted gross income, and taxable income. If you reported these amounts for federal purposes, include that amount on line j of the *Hawaii Subtractions Worksheet* on page 37.

- **Stock options income from qualified high technology business.** All income earned and proceeds derived from stock options or stock, including stock issued through the exercise of stock options or warrants, from a qualified high technology business or from a holding company of a qualified high technology business by an employee, officer, or director of the qualified high technology business, or investor who qualifies for the high technology business investment tax credit is excluded from income taxes. If you reported these amounts for federal purposes, include that amount on line j of the *Hawaii Subtractions Worksheet* on page 37.

Individual Development Accounts

If you have an individual development account, enter the amount of contributions you made to the account, and the amount of interest earned by the account (as it appears on federal Form 1099-INT) on line k of the *Hawaii Subtractions Worksheet* on page 37.

Section 235-7(a)(14), HRS, Capital Gain

For taxable years beginning after December 31, 2007, and ending prior to January 1, 2018, all of the gain realized by a fee simple owner from the sale of a leased fee interest in units within a condominium project, co-

operative project, or planned unit development, to the association of apartment owners or the residential cooperative corporation of the leasehold units is exempt from Hawaii income taxes. If you reported these amounts for federal purposes, include that amount on line l of the *Hawaii Subtractions Worksheet* on page 37.

For purposes of this exemption, "fee simple owner" means the person who owns the fee simple title to the land which is leased, including a life tenant with a remainder over, vested or contingent, and a holder of a defeasible estate, and the holder's heirs, successors, legal representatives, and assigns. A fee simple owner includes legal and equitable owners. "Leased fee interest" means all of the interests of the fee owner, lessor, and all legal and equitable owners of the land which is leased, other than the lessee's interest as defined by chapter 516, HRS. "Legal and equitable owners" means the fee simple owner and all persons having legal or equitable interests in the fee or in the lessor's leasehold estate, including mortgagees, developers, lienors, and sublessors, and their respective heirs, successors, legal representatives, and assigns. "Condominium project" means a real estate condominium project; a plan or project whereby a condominium of two or more units located within the condominium property regime have been sold or leased or are offered or proposed to be offered for sale or lease. "Cooperative project" means a real estate cooperative housing corporation project; a plan or project whereby two or more apartments located in a building owned by a cooperative housing corporation have been leased or are offered or proposed to be offered to be leased.

Owners of Certain Foreign Corporations

If you own an interest in a CFC, PFIC, or FPHC, you had to file federal Form 5471, or you sold stock in any of these kinds of companies, see page 13 for further information. You may need to make an adjustment here.

Other Adjustments

Other adjustments to federal AGI include the following:

- Scholarship grants received by a student under the Nursing Scholars Program under section 304A-3304(d), HRS, is not subject to Hawaii income tax.
- The amount of payment stipend waived by Department of Education coaches and dispensed to the school for the benefit of the coach's team is not subject to Hawaii income tax.
- The special federal election for capital assets acquired in tax years beginning before January 1, 2001 (election under section 311 of the Taxpayer Relief Act of 1997) is not available for Hawaii income tax purposes.
- The capital loss carryover for qualified high technology businesses is 15 years.
- Taxpayers who took up residence in Hawaii after attaining the age of 65 years and before July 1, 1976, and who elect to be taxed only on Hawaii source income, may

have to make an adjustment here since only Hawaii source income and adjustments are included in the Hawaii adjusted gross income.

There may be other adjustments to federal AGI that are not discussed in these instructions. Such adjustments arise, for example, if a taxpayer makes an election for Hawaii tax purposes (such as an IRC section 179 election) but does not make the same election for federal tax purposes. If you believe you are entitled to an additional subtraction to arrive at Hawaii adjusted gross income, enter the amount of the adjustment on line m of the *Hawaii Subtractions Worksheet* on page 37, write "X" on the dotted line next to line 18, and attach an explanation to Form N-11 that includes the amount of the adjustment and how you calculated it.

Line 19

Total Hawaii Subtractions from Federal AGI

Add the amounts on lines 13 through 18. Enter the result on this line.

Line 20

Hawaii Adjusted Gross Income

Subtract line 19 from line 12. Enter the result on this line. If line 19 is larger than line 12, you may have a net operating loss.

If the Hawaii AGI is a negative number, shade the minus (-) in the box to the left of the amount boxes.

Note: In general, a net operating loss for the taxable year is carried back 2 years and then carried forward for up to 20 years.

Note: If you carry back the loss and are due a refund from the carryback, you may use Form N-109, Application for Tentative Refund from Carryback of Net Operating Loss, to get a quick refund. But if you elect to carry the loss forward instead, you must attach a statement to this effect on a timely filed return (including extensions). If you make such an election, it cannot be changed later.

Deductions and Taxable Income Computation

Note: If you can be claimed as a dependent on another person's return, fill in the oval above line 21. Complete the "Standard Deduction for Dependents" worksheet on page 21 and enter the appropriate amount on line 23 if you do not itemize your deductions.

Lines 21a to 21f

Itemized Deductions

Taxpayers who itemize their deductions may deduct certain kinds of expenses from their adjusted gross income.

Taxpayers who do not itemize their deductions may reduce their adjusted gross income

by the amount of the standard deduction appropriate to their filing status. The amount of the standard deduction is determined on line 23.

You will fall into one of the following three classes:

- You **MUST** itemize deductions,
- You choose to itemize, or
- You do not itemize.

The three classes are described as follows:

You MUST Itemize Deductions

You must itemize deductions if:

- You are married, filing a separate return, and your spouse itemizes.
- You are making a return under IRC section 443(a)(1) for a period of less than 12 months because of a change in your annual accounting period.

You Choose to Itemize

You may choose to itemize your deductions if you are:

- Married and filing a joint return, or a qualifying widow(er) with dependent child, and your itemized deductions are more than \$4,400.
- Married and filing a separate return, or Single, and your itemized deductions are more than \$2,200.
- Head of Household, and your itemized deductions are more than \$3,212.
- A dependent of another taxpayer and your itemized deductions are more than the greater of (1) \$500 or (2) your earned income up to the amount of the standard deduction for your filing status.

You Do Not Itemize

If your itemized deductions are less than the amount shown above for your filing status (or you choose not to itemize), go to line 23 and enter your standard deduction amount there (unless you **MUST** itemize as described earlier).

If you itemize, you can deduct part of your medical and dental expenses, and amounts you paid for certain taxes, interest, contributions, casualty and theft losses, and other miscellaneous expenses. These deductions are explained on the pages that follow.

If you do itemize, complete *Worksheets A-1 through A-6* and enter the amounts on Form N-11, lines 21a to 21f.

Line 21a

Medical and Dental Expenses

Before you can figure your total deduction for medical and dental expenses, you must first figure your adjusted gross income.

If you itemized deductions on your 2015 federal return, enter the number from line 1 of federal Form 1040, Schedule A on *Worksheet A-1*, line 1.

If you did **not** itemize on your 2015 federal return, consult the instructions below to see which medical and dental expenses you may deduct.

You can deduct only the part of your medical and dental expenses that exceeds 10% of your Hawaii adjusted gross income. However, for taxable years from 2013 to 2016, if either you or your spouse was born before January 2, 1951, you can deduct the part of your medical and dental expenses that exceeds 7.5% of your Hawaii adjusted gross income. The 7.5% threshold applies whether you file a joint or separate return as long as one spouse was born before January 2, 1951. If your filing status is married filing separately and you were not born before January 2, 1951, attach a statement to your return indicating that you are taking the 7.5% threshold because your spouse meets the requirements. To figure this amount, use *Worksheet A-1*.

On *Worksheet A-1*, line 1, include medical and dental bills you paid for:

- Yourself;
- Your spouse;
- All dependents you list on your return;
- Your child whom you do not claim as a dependent because of the rules explained on page 10 for *Children of divorced or separated parents*; and
- Any person that you could have listed as a dependent on your return if that person had not received \$4,000 or more of gross income or had not filed a joint return.
- Any person you could have claimed as a dependent except that you, or your spouse if filing jointly, can be claimed as a dependent on someone else's 2015 return.

Example—You provided more than half of your mother's support but cannot list her as a dependent because she received \$4,000 of wages during 2015. If part of your support was the payment of her medical bills, you can include that part in your medical expenses.

You should include all amounts you paid during 2015, but do not include amounts repaid to you, or paid to anyone else, by hospital, health or accident insurance, or by your employer, or paid through a medical savings account or health savings account.

Examples of Medical and Dental Payments You CAN Deduct

To the extent you were not reimbursed, you can deduct what you paid for:

- Qualified long-term care services.
- Premiums for qualified long-term care contracts, subject to dollar limitations based on a person's age. See the federal instructions to Form 1040 for the dollar limits.
- Hospital, medical, dental, and extra Medicare (Medicare B) insurance.
- Prescription drugs and insulin.
- Medical doctors, dentists, eye doctors, gynecologists, chiropractors, osteopaths, podiatrists, psychiatrists, psychologists, physical therapists, acupuncturists, and psychoanalysts (medical care only).

- Medical examinations, X-ray and laboratory services, insulin treatment, and whirlpool baths the doctor ordered.
- Nursing help. If you pay someone to do both nursing and housework, you can deduct only the cost of nursing help.
- Hospital care (including meals and lodging), clinic costs, lab fees.
- Medical treatment at a center for drug or alcohol addiction.
- Medical aids such as hearing aids (and batteries), false teeth, eyeglasses, contact lenses, braces, orthopedic shoes, crutches, wheelchairs, guide dogs and the cost of maintaining the dogs.
- Ambulance service and other travel costs to get medical care. If you used your own car, you can claim what you spent for gas and oil to go to and from the place you received medical care; or you can claim 23 cents a mile. Add parking and tolls to the amount you claim under either method.
- Cosmetic surgery or procedure that is necessary to correct a deformity arising from, or directly related to:
 - a congenital abnormality;
 - a personal injury resulting from an accident or trauma; or
 - a disfiguring disease.

Examples of Medical and Dental Payments You CANNOT Deduct

You cannot deduct the following:

- The basic cost of Medicare insurance (Medicare A).
- Note:** *If you are 65 or over and are not entitled to social security benefits, you may deduct premiums you voluntarily paid for Medicare A coverage.*
- Life insurance or income protection policies.
- The Medicare tax on your wages and tips or the Medicare tax paid as part of the self-employment tax.
- Nursing care for a healthy baby. (You may qualify for the child care credit; see Schedule X, Part III.)
- Illegal operations or drugs.
- Nonprescription medicines or drugs.
- Travel your doctor told you to take for rest or change.
- Funeral, burial, or cremation costs.
- Amounts paid for cosmetic surgery which is directed at improving the appearance and does not meaningfully promote the proper function of the body or prevent or treat illness or disease.

Note: *If expenses for cosmetic surgery are NOT deductible as medical expenses, then amounts paid for insurance coverage for such expenses are NOT deductible. Furthermore, if an employer health plan reimburses you for such expenses, the reimbursement must be included in your gross income.*

Line 21b

Taxes

Note: If you claim a credit for income taxes paid to other states and countries, you cannot also claim those amounts as an itemized deduction for state and foreign income taxes paid to another state or foreign country.

Note: Taxpayers can claim a deduction for state and local, and foreign, income, war profits, and excess profits taxes if their federal adjusted gross income is less than \$100,000 and they are single or married filing separately; or less than \$150,000 and they are a head of household; or less than \$200,000 and they are married filing jointly or a qualifying widow(er).

Certain taxes you paid during the year can be deducted.

If you itemized deductions on your 2015 federal return, you may enter the same amount from Form 1040, Schedule A, line 9 on line 21b.

Exception: You should complete *Worksheet A-2* on page 38 if:

- You are a federal employee receiving a Cost Of Living Allowance (COLA). Not all of your Hawaii income taxes are deductible for federal purposes. (See IRS Revenue Ruling 74-140, 1974-1 C.B. 50, for more information.) Enter on line 5 of *Worksheet A-2* on page 38 the entire amount of state and local income taxes you paid in 2015, even if you reported a different amount on line 5a of federal Form 1040, Schedule A.
- You claimed a deduction for state and local, and foreign, income, war profits, and excess profits taxes and your federal adjusted gross income is \$100,000 or more and you are single or married filing separately; or \$150,000 or more and you are a head of household; or \$200,000 or more and you are married filing jointly or a qualifying widow(er). Taxpayers with federal adjusted gross income above these thresholds may not deduct state and local, and foreign, income, war profits, and excess profits taxes for taxable years beginning after December 31, 2010.

If you did **not** itemize deductions on your 2015 federal return, complete *Worksheet A-2*.

Taxes You CAN Deduct

State and Local Income Taxes

Include on this line:

- State and local income taxes withheld from your salary (as shown on your Form W-2) and withheld from your unemployment compensation (as shown on your Form 1099-G), estimated tax payments made in 2015, and payments made in 2015 for a prior year;
- Any part of a prior year refund of state or local income taxes that you chose to have credited to your 2015 estimated state or local income taxes; and

- The NET amount of taxes withheld from the sale of Hawaii real property interests.

Do not reduce your deduction by any tax refund or credit for prior year state and local income taxes you received in 2015. See instead the instructions for line 10.

For more information about the treatment of taxes withheld from the sale of real property interests, see Tax Information Release No. 2002-2 (Revised 1/2014), "Withholding of State Income Taxes on the Disposition of Hawaii Real Property" and Tax Facts 2010-1, "Understanding HARPTA".

Real Estate Taxes

Include taxes that you paid on property you own that was not used for business.

If your mortgage payments include your real estate taxes, deduct only the amount equal to the real estate taxes actually paid by the mortgage company to the taxing authority.

Personal Property Taxes

Include personal property tax you paid, but only if it is based on value alone and it is charged on a yearly basis.

Note: Hawaii does not have a personal property tax. However, you may include personal property taxes you paid to other states.

Other Taxes

If you had any deductible tax not listed on *Worksheet A-2*, lines 5, 6, or 7 (such as foreign income taxes), write the amount on *Worksheet A-2*, line 8.

Taxes You CANNOT Deduct

- Federal income tax.
- Social security tax (FICA).
- Medicare tax.
- Railroad retirement tax (RRTA).
- Federal excise tax on personal property, transportation, telephone, and gasoline.
- Customs duties.
- Federal estate and gift taxes.
- Certain state and local taxes, including:
 - a. Tax on gasoline.
 - b. Hawaii motor vehicle registration fees, including car inspection fees.
 - c. Tax on liquor, beer, wine, cigarettes, and tobacco.
 - d. Assessments for sidewalks or other improvements to your property.
 - e. Taxes paid for your business or profession. (These business taxes are deducted elsewhere.)
 - f. Tax you paid for someone else.
 - g. License fees. (Marriage, driver's, dog, hunting, auto, etc.)
 - h. Inheritance tax.
 - i. General sales taxes.

Line 21c

Interest You Paid

If you itemized deductions on your 2015 federal return, you may write the amount from line 15 of your 2015 federal Schedule A on line

21c. You need not complete *Worksheet A-3* on page 38.

Exception:

- If you had to file a 2015 federal Form 4952, you must refigure your investment interest deduction for state tax purposes on Hawaii Form N-158. Enter the amount from Form N-158 on line 13 of *Worksheet A-3*. Enter the amounts from lines 10, 11, and 12 of federal Form 1040, Schedule A, on the corresponding lines of *Worksheet A-3*. Attach Form N-158 to your return.
- If you filed a 2015 federal Form 8396, and you reduced your deduction for home mortgage interest on federal Form 1040, Schedule A, by the amount on line 3 of federal Form 8396, you must refigure your home mortgage interest for state tax purposes. Include the amount from line 3 of federal Form 8396 on line 10 of *Worksheet A-3*. Enter the amounts from lines 11, 12, and 14 of federal Form 1040, Schedule A, on the corresponding lines of *Worksheet A-3*.

If you did **not** itemize deductions on your 2015 federal return, complete *Worksheet A-3*.

You should show on *Worksheet A-3* interest on non-business items only. Business-related interest is deducted elsewhere.

Except for certain mortgage interest, the amount of your personal interest expense (such as credit card interest) is **not** allowed as an itemized deduction on *Worksheet A-3*.

Home Mortgage Interest

A home mortgage is any loan that is secured by your main home or second home. It includes first and second mortgages, home equity loans, and refinanced mortgages.

A home can be a house, condominium, cooperative, mobile home, boat, or similar property. It must provide basic living accommodations including sleeping space, toilet, and cooking facilities.

Limit on home mortgage interest. If you took out any mortgages after October 13, 1987, your deduction may be limited. Any additional amounts borrowed after October 13, 1987, on a line-of-credit mortgage you had on that date are treated as a mortgage taken out after October 13, 1987. If you refinanced a mortgage you had on October 13, 1987, treat the new mortgage as taken out on or before October 13, 1987. But if you refinanced for more than the balance of the old mortgage, treat the excess as a mortgage taken out after October 13, 1987.

See federal Publication 936 to figure your deduction if either (1) or (2) next applies. If you had more than one home at the same time, the dollar amounts in (1) and (2) apply to the total mortgages on both homes.

1. You took out any mortgages after October 13, 1987, and used the proceeds for purposes other than to buy, build, or improve your home, and all of these mortgages totaled over \$100,000 at any time during 2015. The limit is \$50,000 if married filing separately. An example of this type of mortgage is a home equity

loan used to pay off credit card bills, buy a car, or pay tuition.

2. You took out any mortgages after October 13, 1987, and used the proceeds to buy, build, or improve your home, and these mortgages plus any mortgages you took out on or before October 13, 1987, totaled over \$1 million at any time during 2015. The limit is \$500,000 if married filing separately.

Note: If the total amount of all mortgages is more than the fair market value of the home, additional limits apply. See federal Publication 936.

Investment Interest

Investment interest is interest paid on money you borrowed that is allocable to property held for investment. It does not include any interest allocable to a passive activity.

Note: Expenses and interest for royalties and other income derived from any patents, copyrights, and trade secrets by an individual or a qualified high technology business are deductible.

Complete and attach Form N-158, Investment Interest Expense Deduction, to figure your deduction.

Exception. You do not have to file Form N-158 if ALL of the following apply:

- Your investment interest expense is not more than your investment income from interest and ordinary dividends.
- You have no other deductible investment expenses.
- You have no disallowed investment interest expense from 2014.

For more details, get federal Publication 550, Investment Income and Expenses.

Interest Expense You CANNOT Deduct

Do not include the interest you paid for—

- Personal interest, such as credit cards and automobile loans.
- Indebtedness of another person, when you are not legally liable for payment of the interest.
- A gambling debt or other unenforceable obligation.
- Money you borrowed to buy tax-exempt securities or single-premium life insurance.
- Any kind of business-related interest. Business interest expenses are reported elsewhere.

See the instructions for federal Form 1040, Schedule A—Interest Expense for more information.

Line 21d

Gifts to Charity

If you itemized deductions on your 2015 federal return, write the amount from line 19 of Form 1040, Schedule A on line 21d. You need not complete *Worksheet A-4* on page 38.

Exception: You should complete *Worksheet A-4* on page 38 if:

- Your charitable contribution deduction was limited based upon your federal adjusted gross income. You must refigure your charitable contribution deduction for state tax purposes using your Hawaii adjusted gross income, or
- You have a contribution carryover from prior years and the amount is different for federal and State tax purposes.

If you did **not** itemize deductions on your 2015 federal return, complete *Worksheet A-4* on page 38.

Contributions You CAN Deduct

You may deduct what you gave to organizations that are religious, charitable, educational, scientific, or literary in purpose. You may also deduct what you gave to organizations that work to prevent cruelty to children or animals. An organization that tells you it is a “501(c)(3) organization” is telling you that it falls into this category.

Examples of these organizations are:

- Churches, temples, synagogues, Salvation Army, Red Cross, CARE, Goodwill Industries, United Way, Boy Scouts, Girl Scouts, Boys Club of America, etc.
- Fraternal orders, if the gifts will be used for the purposes listed above.
- Veterans’ and certain cultural groups.
- Nonprofit schools, hospitals, and organizations whose purpose is to find a cure for or help people who have arthritis, asthma, birth defects, cancer, cerebral palsy, cystic fibrosis, diabetes, heart disease, hemophilia, mental illness or retardation, multiple sclerosis, muscular dystrophy, tuberculosis, etc.
- Federal, State, and local governments if the gifts are solely for public purposes.

Contributions can be cash (including checks and money orders), property, or out-of-pocket expenses you paid to do volunteer work for the kinds of organizations described above. If you drive to and from the volunteer work, you can take 14 cents a mile or the actual cost of gas and oil. Add parking and tolls to the amount you claim under either method. But don’t deduct any amounts that were repaid to you.

Gifts from which you benefit. If you made a gift and received a benefit in return, such as food, entertainment, or merchandise, you may deduct only the amount that is more than the value of the benefit. For example, if you paid \$70 to a charitable organization to attend a fund raising dinner and the value of the dinner was \$40, you may deduct only \$30.

If you do not know whether you can deduct what you gave to an organization, check with that organization.

Gifts of \$250 or More. You can deduct a gift of \$250 or more only if you have a statement from the charitable organization showing the following information:

- The amount of any money contributed and a description (but not value) of any property donated.
- Whether the organization did or did not give you any goods or services in return for your contribution. If you did receive any goods or services, a description and estimate of the value must be included. If you received only intangible religious benefits (such as admission to a religious ceremony), the organization must state this, but it does not have to describe or value the benefit.

In figuring whether a gift is \$250 or more, do not combine separate donations. For example, if you gave your church \$25 each week for a total of \$1,300, treat each \$25 payment as a separate gift. If you made donations through payroll deductions, treat each deduction from each paycheck as a separate gift. See federal Publication 526 if you made a separate gift of \$250 or more through payroll deduction.

Note: You must get the statement by the date you file your return or the due date (including extensions) for filing your return, whichever is earlier. Do not attach the statement to your return. Instead, keep it for your records.

Limit on the amount you can deduct. See federal Publication 526 to figure the amount of your deduction if **any** of the following applies:

- Your cash contributions, or contributions of ordinary income property, are more than 30% of your Hawaii adjusted gross income.
- Your gifts of capital gain property are more than 20% of your Hawaii adjusted gross income.
- You gave gifts of property that increased in value, or gave gifts of the use of property.

Contributions You CANNOT Deduct

- Political contributions.
- Dues, fees, or bills paid to country clubs, lodges, fraternal orders, or similar groups.
- Cost of raffle, bingo, or lottery tickets.
- Tuition to a private school.
- The value of your time or services.
- Value of blood given to a blood bank.
- The transfer of a future interest in tangible personal property (generally until the entire interest has been transferred).
- Gifts to:
 - a. Individuals.
 - b. Foreign organizations.
 - c. Groups that are run for personal profit.
 - d. Groups whose purpose is to lobby for changes in the law.
 - e. Civic leagues, social and sports clubs, labor unions, and chambers of commerce.

Gifts by Cash or Check

On *Worksheet A-4*, line 15, enter the total contributions you made in cash or by check (including out-of-pocket expenses).

Recordkeeping. For any contribution made in cash, regardless of the amount, you must

maintain as a record of the contribution a bank record (such as a canceled check or credit card statement) or a written record from the charity. The written record must include the name of the charity, date, and amount of the contribution. If you made contributions through payroll deduction, see federal Publication 526 for information on the records you must keep. Do not attach the record to your tax return. Instead, keep it with your other tax records.

Other Than by Cash or Check

On *Worksheet A-4*, line 16, enter the total contributions you made other than by cash or check. If you gave used items, such as clothing or furniture, deduct their fair market value at the time you gave them. Fair market value is what a willing buyer would pay a willing seller when neither has to buy or sell and both are aware of the conditions of the sale. For more details on determining the value of donated property, see federal Publication 561.

If the amount of your deduction is more than \$500, you must complete and attach federal Form 8283. For this purpose, the "amount of your deduction" means your deduction before applying any income limits that could result in a carryover of contributions. If you deduct more than \$500 for a contribution of a motor vehicle, boat, or airplane, you must also attach a statement from the charitable organization to your return. If your total deduction is over \$5,000 (\$500 for certain contributions of clothing and household items), you may also have to get appraisals of the values of the donated property. See federal Form 8283 and its instructions for more information.

Contributions of clothing and household items. A deduction for these contributions will be allowed only if the items are in good used condition or better. However, this rule does not apply to a contribution of any single item for which a deduction of more than \$500 is claimed and for which you include a qualified appraisal and federal Form 8283 with your tax return.

Recordkeeping. If you gave property, you should keep a receipt or written statement from the organization you gave the property to, or a reliable written record, that shows the organization's name and address, the date and location of the gift, and a description of the property. For each gift of property, you should also keep reliable written records that include:

- How you figured the property's value at the time you gave it. If the value was determined by an appraisal, keep a signed copy of the appraisal.
- The cost or other basis of the property if you must reduce it by any ordinary income or capital gain that would have resulted if the property had been sold at its fair market value.
- How you figured your deduction if you chose to reduce your deduction for gifts of capital gain property.
- Any conditions attached to the gift.

Line 21e

Casualty and Theft Losses

Use line 21e to report casualty or theft loss(es) of property that is not trade, business, or rent or royalty property. Complete federal Form 4684, Casualties and Thefts, to figure your loss. Write the amount from federal Form 4684, line 16 on line 19 of *Worksheet A-5* on page 38, fill in *Worksheet A-5*, and attach a copy of federal Form 4684 to Form N-11.

Losses You CAN Deduct

You may be able to deduct all or part of each loss caused by theft, vandalism, fire, storm, or similar causes; car, boat, and other accidents; and corrosive drywall. You may also be able to deduct money you had in a financial institution but lost because of the insolvency or bankruptcy of the institution.

If you have a nonbusiness casualty loss that is covered by insurance, you cannot take the casualty loss deduction unless you file a timely insurance claim for that loss. You can deduct nonbusiness casualty or theft losses only to the extent that:

- a. The amount of EACH separate loss is more than \$100, and
- b. The total amount of ALL losses during the year (reduced by the \$100 limit) is more than 10% of your adjusted gross income.

Corrosive drywall losses. If you paid for repairs to your personal residence or household appliances because of corrosive drywall, you may be able to deduct those amounts paid. See federal Publication 547 for details.

Use *Worksheet A-6*, line 25, to deduct the costs of proving that you had a property loss. Examples of these costs are appraisal fees and photographs used to establish the amount of your loss.

Losses You CANNOT Deduct

- Money or property misplaced or lost.
- Breakage of china, glassware, furniture, and similar items under normal conditions.
- Progressive damage to property (buildings, clothes, trees, etc.) caused by termites, moths, other insects, or disease.

Line 21f

Miscellaneous Deductions

Note: *The income tax deduction for political campaign contributions is repealed for taxable years beginning after December 31, 2010.*

If you did not itemize deductions on your 2015 federal return, complete *Worksheet A-6* on page 38.

If you itemized deductions on your 2015 federal return, take the amounts on Form 1040, Schedule A, lines 24 and 28 and write them on lines 26 and 30 of *Worksheet A-6* on page 38. Then, complete the worksheet starting from line 27.

In General

Most miscellaneous deductions cannot be deducted in full. You must subtract 2% of your adjusted gross income from the total.

Generally, the 2% limit applies to job expenses you paid for which you were not reimbursed (line 23). The limit also applies to tax preparation fees (line 24) and certain expenses you paid to produce or collect taxable income or certain tax-exempt income (line 25).

The 2% limit does not apply to certain other miscellaneous expenses that you may deduct. These expenses can be deducted in full on line 30. Gambling losses (to the extent of winnings) and certain job expenses of handicapped employees can be deducted on line 30. See federal Publication 529, Miscellaneous Deductions, for more information.

Expenses Subject to the 2% Limit

1. You claim any travel, transportation, meal, or entertainment expenses for your job; or
2. Your employer paid you for any of your job expenses reportable on *Worksheet A-6*, line 23.

Examples of expenses to include on line 23 of *Worksheet A-6* are:

In general, you may also include the cost of maintaining or improving skills you must have in your job. Some education expenses are not deductible. See *Expenses You MAY NOT Deduct* on page 21.

Tax Preparation Fees

On *Worksheet A-6*, line 24, enter the total fees you paid to prepare your federal and Hawaii tax return, including fees paid for filing your return electronically. But **do not** include fees deducted elsewhere, such as business expenses.

Other Expenses

Note: *Expenses and interest for royalties and other income derived from any patents, copyrights, and trade secrets by an individual or a qualified high technology business are deductible.*

On *Worksheet A-6*, line 25, enter the total amount you paid to produce or collect taxable income and certain tax-exempt income as stated in the above note, and manage or protect property held for earning income. But **do not** include expenses deducted elsewhere. Attach a statement showing the type and amount of each expense to Form N-11. Examples of these expenses are:

- Certain legal and accounting fees.
- Clerical help and office rent.
- Custodial (e.g. trust account) fees.

- Gambling losses, but only to the extent of gambling winnings that were reported on federal Form 1040, line 21.

Line 22

Total Itemized Deductions

Dependents

If your parent (or someone else) can claim you as a dependent on his or her return (even if that person chose not to claim you), fill in the oval above line 21. If you are claiming the standard deduction, see *Standard Deduction for Dependents* on this page to figure your standard deduction.

Itemized Deductions

Note: *Taxpayers with Hawaii adjusted gross income above a certain amount will lose part of their itemized deductions for taxable years beginning after December 31, 2010.*

Note: *Taxpayers with federal adjusted gross income above a certain amount will have a cap placed on the amount of itemized deductions that may be claimed for taxable years beginning after December 31, 2010. The cap will be repealed on January 1, 2016.*

Note: *For taxable years beginning after December 31, 2012, charitable contributions are exempt from the itemized deduction caps that were placed on taxpayers with federal adjusted gross income above a certain amount.*

Your state income tax will be less if the total of your itemized deductions is larger than the

standard deduction. To figure your itemized deductions, fill in lines 21a to 21f.

Add lines 21a through 21f, and enter the result on line 22 f:

- The amount on line 20 (Hawaii adjusted gross income) is \$166,800 or less (\$83,400 if married filing separately), and
- The amount on line 7 (federal adjusted gross income) is less than \$100,000 and you are single or married filing separately; or less than \$150,000 and you are a head of household; or less than \$200,000 and you are married filing jointly or a qualifying widow(er).

You may not be able to deduct all of your itemized deductions if:

- The amount on line 20 (Hawaii adjusted gross income) is more than \$166,800 (\$83,400 if married filing separately), or
- The amount on line 7 (federal adjusted gross income) is \$100,000 or more and you are single or married filing separately; or \$150,000 or more and you are a head of household; or \$200,000 or more and you are married filing jointly or a qualifying widow(er).

Use the *Total Itemized Deductions Worksheet* on page 38 to figure the amount you may deduct.

Line 23

Standard Deduction

Taxpayers who do not itemize their deductions may reduce their adjusted gross income by the amount of the standard deduction appropriate to their filing status. The amount of the standard deduction for each filing status is as follows:

Filing Status	Standard Deduction
Single	\$2,200
Married filing jointly	4,400
Married filing separately	2,200
Head of Household	3,212
Qualifying Widow(er)	4,400

Standard Deduction for Dependents. If you can be claimed as a dependent by someone else and you do not itemize your deductions, your standard deduction is limited to the greater of \$500 or your earned income (up to the full standard deduction for your filing status). The standard deduction for an individual who can be claimed as a dependent on the tax return of another taxpayer is computed as follows.

- A. Enter your earned income (defined below). If none, enter zero.....**A.** _____
- B. Minimum amount**B.** 500.00
- C. Compare the amounts on lines A and B above. Enter the LARGER of the two amounts here**C.** _____
- D. Maximum amount. Enter the full standard deduction for your filing status, shown in the chart above, here**D.** _____

E. Compare the amounts on lines C and D above. Enter the **SMALLER** of the two amounts here and on Form N-11, line 23.....E. _____

Earned income includes wages, salaries, tips, professional fees, and other compensation received for personal services you performed. It also includes any amount received as a scholarship that you must include in your income. Generally, your earned income is the total of the amounts you reported on Form 1040, lines 7 (wages), 12 (business income), and 18 (farming income), minus the amount, if any, on line 27 (deduction for self-employment tax).

Line 24

Line 20 minus line 22 or 23, whichever applies. This line **MUST** be filled in. If line 24 is a negative number, shade the minus (-) in the box to the left of the amount boxes.

Line 25 Exemptions

Note: *If the amount on line 20 is more than \$89,981, you may not be able to deduct all of your personal exemptions. Use the Personal Exemptions Worksheet on page 37 to figure the amount you may deduct.*

Caution: *If you can be claimed as a dependent on another person's tax return, you may not claim an exemption for yourself.*

Regular Exemptions

Residents are allowed \$1,144 for each exemption they can claim. Multiply \$1,144 by the total number of exemptions you claimed on line 6e.

Blind, Deaf, or Totally Disabled — Definition, Certification, and Exemptions

Fill in the appropriate oval(s) on line 25 if you are blind, deaf or totally disabled and your impairment has been certified. You **must** submit a completed Form N-172 **prior** to filing your return in order to claim this exemption. **If you do not, the exemption will be disallowed and your return processed without the disability exemption(s) claimed.**

“Blind” means a person whose central visual acuity does not exceed 20/200 in the better eye with correcting lenses, or whose visual acuity is greater than 20/200 but is accompanied by a limitation in the field of vision such that the widest diameter of the visual field subtends an angle no greater than 20 degrees.

“Deaf” means a person whose average loss in the speech frequencies (500-2000 Hertz) in the better ear is 82 decibels, A.S.A., or worse.

“Person totally disabled” means a person who is totally and permanently disabled, either physically or mentally, which results in the person's inability to engage in any substantial gainful business or occupation. It is presumed that a person whose earned income, before deductions and exemptions, exceeds

\$30,000 per year is engaged in a substantial, gainful business or occupation.

The impairment of sight, deafness or disability shall be certified on the basis of a written report on an examination performed by a qualified ophthalmologist, qualified optometrist or a qualified otolaryngologist, licensed audiologist, or a qualified physician, as the case may be, on Form N-172.

A blind, deaf or totally disabled person who qualifies, may be allowed a Disability Exemption of \$7,000. The Disability Exemption is in lieu of the regular personal exemption of \$1,144. The following maximum exemptions are allowed:

One Individual (any filing status) — Taxpayer and Spouse (non-disabled spouse <i>under</i> 65) —	\$7,000 8,144
Taxpayer and Spouse (non-disabled spouse age 65 or over) —	9,288
Taxpayer and Spouse (<i>both</i> disabled) —	14,000

Note: *If you claim this special exemption you will not be able to claim the additional exemptions for your children or other dependents, or for being 65 or older.*

For more information, see Tax Information Release No. 89-3, “State Tax Benefits Available to Persons with Impaired Sight, Impaired Hearing, or Who are Totally Disabled” and Tax Information Release No. 94-2, “State Tax Benefits Available to Persons Totally Disabled”.

Line 26

Taxable Income

Line 24 minus line 25, but not less than zero.

Tax Computation

Line 27

Tax

To figure your tax, you will use one of the following methods. Read the conditions below to see which you should use, and fill in the appropriate oval on line 27 if you use the tax table, tax rate schedules, or alternative tax on capital gains. Fill in the oval for tax from the applicable forms if you use Form N-168 or Form N-615. Then, go to the *Tax Computation Worksheet* on page 39.

Tax Table

If your taxable income is less than \$100,000, you **MUST** use the Tax Table on pages 42 through 53 to find your tax. Be sure you use the correct column in the Tax Table. After you have found the correct tax, enter that amount. There is an example at the beginning of the table to help you find the correct tax.

Tax Rate Schedules

You must use the Tax Rate Schedules on page 54 to figure your tax if your taxable income is \$100,000 or more.

Form N-168

An individual engaged in a farming or fishing business may elect to average their farm or fishing income over a three-year period. See Form N-168 for more information.

Form N-615

If a child under age 14 has unearned income of more than \$1,000, use Form N-615, Computation of Tax for Children Under Age 14 Who Have Unearned Income of More than \$1,000, to see if any of the child's unearned income is taxed at the parent's rate and, if so, to figure the child's tax. See Form N-615 for more information.

Alternative Tax on Capital Gains

If you have a net capital gain, you may be able to reduce your tax using the *Tax on Capital Gains Worksheet* on page 39 if your taxable income is over \$48,000 (\$24,000 for Single, and Married Filing Separately; or \$36,000 for Head of Household classifications). If your taxable income is \$48,000 (\$24,000 for Single, and Married Filing Separately; or \$36,000 for Head of Household classifications) or under, do not use the *Tax on Capital Gains Worksheet* on page 39.

Some taxpayers will have Hawaii gain adjustments. Before filling in the worksheet, determine whether you have adjustments from the *Hawaii Additions Worksheet* on page 37, **e** (gain adjustment), or **i** (other adjustments); from the *Hawaii Subtractions Worksheet* on page 37, **j** (certain income from a qualified high technology business), **l** (section 235-7(a) (13), HRS, capital gain), or **m** (other adjustments); or from Form N-152 (lump sum distribution from a pension plan). If you do, separate the adjustments into **long-term** gain adjustments for assets held for more than a year, and **short-term** adjustments for assets held for a year or less.

Total Tax Liability

Use the *Tax Computation Worksheet* on page 39 to figure your total tax liability.

Refundable Renewable Energy Technologies Income Tax Credit (For Systems Installed and Placed in Service on or After July 1, 2009)

If you install and place in service an eligible renewable energy technology system in Hawaii, you may qualify to claim this credit. You may claim the credit as nonrefundable or refundable. For information on how to claim the credit as nonrefundable, see the instruc-

tions for Nonrefundable Renewable Energy Technologies Income Tax Credit on page 27. A refundable credit means you will receive a tax refund if your credit amount is greater than the amount of income tax you owe. You may elect to claim the credit as a refundable credit under the following circumstances:

Reduced Credit

For a solar energy system such as a solar water heater or photovoltaic system, you must reduce the credit amount by 30% unless you meet the conditions described in the “Full Credit” paragraph below.

Full Credit

For a solar or wind energy system, you may claim the full credit as a refundable credit if you are an individual taxpayer and any of the following apply:

(1) All your (and your spouse’s) income is retirement income such as pension distributions, social security, or distributions from a public retirement system that is exempt from Hawaii income tax; or

(2) Your Hawaii adjusted gross income (AGI) is \$20,000 or less (\$40,000 or less if you are married filing a joint return).

Irrevocable Election

A taxpayer and spouse who do not file a joint tax return shall only be entitled to make this election to the extent that they would have been entitled to make the election had they filed a joint tax return.

Once an election is made to treat the tax credit as refundable, the election cannot be revoked. An amended return cannot be filed to change the tax credit from refundable to nonrefundable.

Total Output Capacity

A system classified under “other solar energy system” such as a photovoltaic system must meet the total output capacity requirement to qualify for the credit unless an exception applies.

The total output capacity requirements are:

- Single-family residential property — 5 kilowatts per system
- Multi-family residential property — 0.360 kilowatts per unit per system

- The tax paid to the other state or foreign country is an income-based tax that is imposed on both residents and nonresidents of the other state or foreign country, rather than a sales, gross receipts, withholding, or value added tax (i.e., taxes withheld on dividends paid from foreign investments do not qualify);

The trust will also tell you your share of the tax the trust paid to the other state. Find out how much of the trust's income was attributable to real property and tangible personal property (not including stocks, bonds, mortgages, and other intangibles). Divide that number by the total amount of the trust's income, and multiply your share of the out-of-state tax by that percentage. Include this amount on line 5 of the *Other State and Foreign Tax Credit Worksheet* on page 39.

Complete lines 47b through 47d if you want the Department to directly deposit the amount shown on line 47a into your checking or savings account at a bank or other financial institution (such as a mutual fund, brokerage firm, or credit union) instead of sending you a check.

Note: If the ultimate destination of your refund is to a foreign (non-U.S.) bank account, do not complete lines 47b through 47d. See the instructions for line 47a.

Note: If you are filing a Hawaii income tax return for the first time, do not complete lines 47b through 47d. See the instructions for line 47a.

Note: If you owe certain past-due debt, such as child support, and all or part of the overpayment on line 42 is used (offset) to pay the past-due amount, you will not be allowed to have your refund directly deposited into your checking or savings account. A check will be sent to you instead.

Why Use Direct Deposit?

- You get your refund fast – even faster if you e-file!
- Payment is more secure – there is no check to get lost.

- More convenient. No trip to the bank to deposit your check.
- Saves tax dollars. A refund by direct deposit costs less than a check.

You can check with your financial institution to make sure your deposit will be accepted and to get the correct routing and account numbers. The Department is not responsible for a lost refund if you enter the wrong account information.

If you file a joint return and fill in lines 47b through 47d, you are appointing your spouse as an agent to receive the refund. This appointment cannot be changed later.

Some financial institutions will not allow a joint refund to be deposited into an individual account. If the direct deposit is rejected, a check will be sent instead. The Department is not responsible if a financial institution rejects a direct deposit.

Routing Number

The routing number **must** be **nine** digits. The first two digits must be 01 through 12 or 21 through 32. Otherwise, the direct deposit will be rejected and a check sent instead.

Your check may state that it is payable through a financial institution different from the one at which you have your checking account. If so, **do not** use the routing number on that check. Instead, contact your financial institution for the correct routing number to enter on line 47b.

Type of Account

On line 47c, fill in the applicable oval to indicate whether you want your refund deposited into your checking or savings account.

Account Number

Contact your financial institution for the correct account number to enter on line 47d. The account number can be up to 17 characters (both numbers and letters). Omit spaces, hyphens, and special symbols. Enter the number from left to right and leave any unused boxes blank. Be sure **not** to include the check number.

Line 48

Balance Due

If line 36 is larger than line 41, the difference is your balance due. Use Form N-200V, Individual Income Tax Payment Voucher, to send your payment to the Department.

Attach your check or money order and Form N-200V to the front of Form N-11. Write your social security number, daytime phone number, and "2015 Form N-11" on your check or money order.

Note: If you include penalty and/or interest for the late filing of your return with your payment, identify and enter these amounts on a separate sheet of paper and attach to Form N-11. Do not include the penalty and/or interest amounts for the late filing of your return in the Balance Due on line 48.

Note: If you cannot pay the full amount you owe, you can enter a payment agreement by requesting for a payment agreement **after** you receive the billing notice. Please be aware that penalty and interest continue to accrue on the unpaid tax amount even though you have not received the billing notice. Payments will be accepted and applied to your tax liability; however, to ensure your payments are applied correctly, your check or money order must have: (1) your name clearly printed on the check as it is printed on the tax return (if filing a joint return, also print your spouse's name), (2) your social security number (if filing a joint return, also write your spouse's social security number), (3) your daytime phone number, and (4) the tax year and form number you filed (e.g., 2015 N-11).

Line 49

Underpayment of Estimated Tax Penalty

See the instructions for *Penalties and Interest* on page 31 and Form N-210, Underpayment of Estimated Tax by Individuals and Fiduciaries, to see if you owe a penalty for the underpayment of estimated taxes. If you owe a penalty, enter the penalty amount on Form N-11, line 49. Do not include the penalty amount on line 42 or line 48. If you have any taxes due, include the amount of the penalty on Form N-200V. If you have an overpayment, your overpayment will be reduced automatically by the amount of the penalty.

Fill in the oval at line 49 if Form N-210 is attached.

Note: If you are a farmer or fisherman and receive a penalty notice, do not ignore it, even if you think it is in error. You may get a penalty notice even though you filed your return on time, attached Form N-210, and met the gross income from farming or fishing requirement. If you receive a penalty notice for underpaying estimated tax and you think it is in error, write to the address on the notice and explain why you think the notice is in error. Include a computation showing that you met the gross income from farming or fishing requirement.

Amended Returns

If you are filing an amended return, fill in the amended return oval at the top of Form N-11. Complete your amended return using corrected amounts through line 49. Attach Schedule AMD, Explanation of Changes on Amended Return, to the income tax return Form N-11. Also attach all forms and statements required to file a complete return. If you are claiming any tax credits, remember to attach the required forms, such as Schedule CR and Schedule X, even if you claimed the credits on the original return. If you are filing an amended return due to a net operating loss carryback, also fill in the NOL Carryback oval and attach a copy of your original federal income tax return for the loss year. See page 32 of the instructions for more information.

If you contributed to the Hawaii Schools Repairs and Maintenance Fund, Hawaii Public

Libraries Fund, and/or Domestic and Sexual Violence/Child Abuse and Neglect Funds on your original return, your contribution(s) cannot be revoked, and you must make the same designation(s) on your amended return.

If you did not contribute to the Hawaii Schools Repairs and Maintenance Fund, Hawaii Public Libraries Fund, and/or Domestic and Sexual Violence / Child Abuse and Neglect Funds on your original return, you may contribute to these funds on an amended return filed within twenty months and ten days after the due date for the original return for such taxable year. Once made, the contribution cannot be revoked.

Line 50

Enter on line 50 the amount paid on your original 2015 Form N-11, line 48 (plus the amount of estimated tax penalty on line 49, if any); or the amount overpaid on your original 2015 Form N-11, line 42 (less the amount of estimated tax penalty on line 49, if any). If the amount is an overpayment, shade the minus (-) in the box to the left of the amount boxes.

Attach Schedule AMD, Explanation of Changes on Amended Return. Also attach all forms and statements required to file a complete return. If you are claiming any tax credits, remember to attach the required forms, such as Schedule CR and Schedule X, even if you claimed the credits on the original return.

If there is an amount on line 50, complete one of the worksheets below. When completing the worksheet, enter all amounts as positive numbers.

If there is an amount on line 50 and that amount is:

If the amount on line 1 of the worksheet is larger than the amount on line 2 of the worksheet, this is the amount you owe on your amended return.

c. An overpayment and there is an amount on line 42, complete the following worksheet:

1. Amount from line 42 (less the amount of estimated tax penalty on line 49, if any) .. _____

 2. Amount from line 50 _____
 3. Add line 1 and line 2 _____

Enter the amount from line 3 of the worksheet on line 51. This is the amount you owe on your amended return.

Subtract the amount contributed to the above funds from the amount of overpayment available and enter the difference on line 51. Shade the minus (-) in the box to the left of the amount boxes. Be sure that the sum of the amounts entered on lines 43a, 43b, 43c, and 51 is not more than the overpayment available.

If you have an amount due on your amended return, use Form N-200V, Individual Income Tax Payment Voucher, to send your payment to the Department. Attach your check or money order and Form N-200V to the front of Form N-11. Write your social security number, daytime phone number, and "2015 Amended Form N-11" on your check or money order.

Attach Schedule AMD, Explanation of Changes on Amended Return. Also attach all Page 30

On a separate sheet, list the other identification number(s), along with the Hawaii gross receipts, main business activity, and main business product relating to that identification number(s).

Now continue with Step 6 below.

Step 6

Check your return to make sure it is correct.

Step 7

Third Party Designee

If you want to authorize the Department to discuss your tax return with a person that you designate, enter the name of your third party designee, telephone number, and identification number. You are authorizing the Department to call your third party designee to answer any questions that may arise during the processing of your tax return.

Note: *This designation is not a full power of attorney and does not replace Form N-848.*

Step 8

Hawaii Election Campaign Fund (For Hawaii State and County Elections)

This Fund supports the Hawaii Campaign Spending Commission, a watchdog agency that works to ensure that all campaign donations and expenditures are made public and comply with campaign finance laws to prevent corruption in politics. The Fund also supports the public financing of political campaigns which makes qualified candidates less dependent on private special interest donors to fund their campaigns.

If you have a tax liability of at least \$3 (\$6 if married and filing a joint return), you can choose to contribute to the Hawaii Election Campaign Fund. If you fill in the "Yes" oval, \$3 will go from the State General Fund to the Hawaii Election Campaign Fund. If you are filing a joint return, and your spouse wants \$3 to go to the Fund, fill in the second "Yes" oval.

Filling in "Yes" will not increase your tax or reduce your refund.

Once made, the designation cannot be revoked for this taxable year.

See the Hawaii Campaign Spending Commission website at hawaii.gov/campaign or call 808-586-0285 for more information.

Step 9

Sign and date your return.

Form N-11 is not considered a valid return unless you sign it. If you are unable to sign the return (due to disease or injury, etc.), you can appoint an agent to sign your return. A return signed by an agent must have a power of attorney attached that authorizes the agent to sign for you. You can use Form N-848, Power of Attorney.

Be sure to date your return. If you have someone else prepare your return, you are still responsible for the correctness of the return.

Joint Return. Your spouse must also sign Form N-11 if it is a joint return. If your spouse cannot sign because of disease or injury and tells you to sign, you can sign your spouse's name in the proper space on the return followed by the words "By (your name), Spouse." Be sure to also sign in the space provided for your signature. Attach a dated statement, signed by you, to the return. The statement should include the form number of the return you are filing, the tax year, and the reason your spouse cannot sign, and that your spouse has agreed to your signing for him or her.

If you are the guardian of your spouse who is mentally incompetent, you can sign the return for your spouse as guardian.

If your spouse is unable to sign the return because he or she is serving in a combat zone, and you do not have a power of attorney or other statement, you can sign for your spouse. Attach a signed statement to your return that explains that your spouse is serving in a combat zone.

If your spouse cannot sign the joint return for any other reason, you can sign for your spouse only if you are given a valid power of attorney. Attach the power of attorney to your tax return.

If you are filing a joint return as the surviving spouse, see *Death of Taxpayer* on page 6.

Child's Return. If your child cannot sign the return, sign your child's name in the space provided. Then, add "By (your signature), parent for minor child."

Occupation. Write your occupation in the space provided. If married and filing a joint return, also write your spouse's occupation in the space provided.

Step 10

Did you have someone else prepare your return?

If you fill in your own return, the Paid Preparer's space should remain blank. If someone prepares your return and does not charge you, that person should not sign your return.

Generally, anyone who is paid to prepare your tax return must sign your return and fill in the other blanks in the Paid Preparer's Information area of your return. The preparer may furnish his or her alternative identifying number for income tax return preparers (PTIN) instead of his or her social security number.

If you have questions about whether a preparer is required to sign your return, please contact our Taxpayer Services staff.

The preparer required to sign your return MUST complete the required preparer information and:

- Sign it in the space provided for the preparer's signature.
- Give you a copy of your return in addition to the copy to be filed with the Department.

Hawaii conforms to Internal Revenue Service Notice 2004-54 which authorizes paid tax return preparers to sign tax returns by means other than by hand.

For more information, see Department of Taxation Announcement No. 2009-33, *Conformity to Internal Revenue Service Notice 2004-54, Relating to Alternative Methods of Signatures for Paid Tax Return Preparers.*

Step 11

Attachments

Reminder: *Federal Schedules C, E, and F are not required to be attached to Form N-11. However, keep these schedules with your records until the statute of limitations runs out for that return.*

Attach a copy of your Form(s) HW-2 and N-2, or federal Form(s) W-2 and 1099-G (unemployment compensation), to the front of Form N-11 in the area designated. To the back of your return attach, in the following order:

- Schedule CR.

- Any other schedules, in alphabetical order.
- Other Hawaii – series forms, in numerical order.
- Any other federal forms, in numerical order, used as a substitute for state forms (see *Related Federal/Hawaii Tax Forms* on page 3).
- Any other required statements.

A return without the required forms and statements is incomplete. You must file a complete return on time to avoid paying penalties and interest for late filing.

If you need more space on forms or schedules, attach separate sheets and use the same arrangement as the printed forms. But show your totals on the printed forms. Please use sheets that are the same size as the forms and schedules. Be sure to put your name and social security number on these separate sheets.

If you owe tax, be sure to use Form N-200V to send your payment to the Department. Attach your check or money order and Form N-200V to the front of Form N-11.

Reminders

Processing of Your Tax Return

In general, refunds due to you are issued within 8 weeks from the date your return is filed with the Department. However, it may take additional time if you filed your return close to the April 20 filing deadline, if errors were made in completing your return, or you moved and did not change your address in writing with the Department.

You may call our Taxpayer Services Branch to obtain automated information about your individual income tax refunds 24 hours a day, 7 days a week. Automated refund information should be available 4 to 6 weeks after your return is filed with the Department. You may also check your refund status through the Department's website. See page 6 for the Department's telephone numbers and website address.

Penalties and Interest

Late Filing of Return. The penalty for failure to file a return on time is assessed on the tax due at a rate of 5% per month, or part of a month, up to a maximum of 25%.

Extensions. If you are unable to file your Hawaii tax return by April 20, 2016, you are automatically granted a 6-month extension without the need to file anything with the Department unless an additional tax payment must be made. As long as the following conditions are met, you are deemed to have made an application for the 6-month extension to file an income tax return on the prescribed due date:

1. On or before April 20, 2016, 100% of the properly estimated tax liability is paid;
2. The tax return is filed on or before the expiration of the 6-month extension period;
3. The tax return is accompanied by full payment of any tax not already paid; and

4. You are not bound by a court order to file a tax return on or before the prescribed due date.

If you must make an additional payment of tax on or before April 20, 2016 in order to meet the condition requiring payment of 100% of the properly estimated tax liability, you must file Form N-101A with your payment. Federal Form 4868, Application for Automatic Extension of Time To File U.S. Individual Income Tax Return, may not be used in lieu of Form N-101A.

Interest. Interest at the rate of 2/3 of 1% per month or part of a month shall be assessed on unpaid taxes and penalties beginning with the first calendar day after the date prescribed for payment, whether or not that first calendar day falls on a Saturday, Sunday, or legal holiday.

Failure to pay tax after filing timely returns. The penalty for failure to pay the tax after filing a timely return is 20% of the tax unpaid within 60 days of the prescribed due date. The 60-day period is calculated beginning with the prescribed due date even if the prescribed due date falls on a Saturday, Sunday, or legal holiday.

Underpayment of estimated taxes. You may be subject to a penalty for not paying enough estimated tax if your tax payments, including withholding, do not total the smallest of:

- 1) 60% of the 2015 tax liability; or
- 2) 100% of the tax shown on the 2014 return.

There are special rules for farmers and fishermen.

For more information, see Form N-210, Underpayment of Estimated Tax by Individuals and Fiduciaries.

Change of Address

If your mailing address changes after you file your return, you must notify the Department **in writing** of the change in addition to notifying the post office serving your former address. Failure to do so may prevent any refund due to you from being delivered (the U.S. Postal Service is not permitted to forward your State refund check), and delay important notices or correspondence to you regarding your return. Be sure to include your name(s) and social security number(s) as printed on your return in any correspondence with the Department. You can also complete Form ITPS-COA, Change of Address Form, to notify the Department of your new address.

How Long Should Records Be Kept?

Keep records of income, deductions, and credits shown on your tax return, as well as any worksheets you used, until the statute of limitations runs out for that return. Usually this is three years from the date the return was due or filed, whichever is later. Also keep copies of your filed tax returns and any Forms W-2 or 1099 you received as part of your records. You should keep some records longer. For example, property records (including those on your home) should be kept as long

as they are needed to figure the basis of the original or replacement property.

Amended Return

If you file your income tax return and later become aware of any changes you must make to income, deductions, or credits, you may file an amended return on Form N-11 to change the Form N-11 you already filed. **Use the Form N-11 for the year you are amending.** (You cannot file a 2014 amended return on a 2015 Form N-11.) Fill in the amended return oval at the top of Form N-11, and fill in the return with all of the correct information. Attach Schedule AMD, Explanation of Changes on Amended Return, to Form N-11. Also attach all forms and statements required to file a complete return. If you are claiming any tax credits, remember to attach the required forms, such as Schedule CR and Schedule X, even if you claimed the credits on the original return. If you are filing an amended return due to a net operating loss carryback, also fill in the NOL Carryback oval and attach a copy of your original federal income tax return for the loss year.

See the instructions for Form N-11, lines 50 and 51.

For information on the statute of limitation periods within which you may file an amended return to claim a refund or credit of overpaid taxes, see the instructions for Form N-11, line 47a (Refund) on page 28.

You can get prior year forms from our website, by calling our Taxpayer Services Branch, and at any district tax office. See page 6 for the Department's website address and for the phone number to request the forms you need.

If your original return was filed on an incorrect form, file an original return on the correct form. For example, if you filed an original return on Form N-11 and should have filed Form N-15, file an original return on Form N-15.

Change in Federal Taxable Income

In general, a change to your federal return, whether it is made by you (on federal Form 1040X) or by the Internal Revenue Service, must be reported to the State of Hawaii.

- 1) Section 235-101(b), HRS, requires a report (an amended return) to the Director of Taxation if the amount of IRC taxable income is changed, corrected, adjusted or recomputed as stated in (3).
- 2) This report must be made:
 - a) Within 90 days after a change, correction, adjustment or recomputation is finally determined.
 - b) Within 90 days after an amended return is filed.
- 3) A report within the time set out in (2) is required if:
 - a) The amount of taxable income as returned to the United States is changed, corrected, or adjusted by an officer of the United States or other competent authority.
 - b) A change in taxable income results from a renegotiation of a contract with the

United States or a subcontract thereunder.

- c) A recomputation of the income tax imposed by the United States under the Internal Revenue Code results from any cause.
 - d) An amended income tax return is made to the United States.
- 4) The statutory period for the assessment of any deficiency or the determination of any refund attributable to the report shall not expire before the expiration of one year from the date the Department is notified by the taxpayer or the Internal Revenue Service, whichever is earlier, of such a report in writing.

Instructions for Schedule X — Tax Credits

Purpose

Use Schedule X to claim the refundable food/excise tax credit, credit for low-income household renters, and the credit for child and dependent care expenses. **You may qualify to claim these credits, and receive a refund, even if you have no taxable income. If you claim any of the tax credits, both pages of Schedule X must be attached to your Form N-11.**

Caution: *The refundable food/excise tax credit and the credit for low-income household renters must be claimed by December 31, 2016, if you are a calendar year taxpayer; or within 12 months after the close of your taxable year if you are a fiscal year taxpayer. You cannot claim these credits after the deadline, even if you file an amended return.*

Part I

Refundable Food/Excise Tax Credit

Each resident taxpayer who files an individual income tax return for the taxable year, including those who have no income or no income taxable under chapter 235, HRS, may claim this credit provided that the taxpayer is not eligible to be claimed as a dependent for federal or State income tax purposes by another taxpayer.

Qualified Exemptions

The refundable food/excise tax credit may be claimed for each resident individual who:

- Was a resident of Hawaii and was physically present in Hawaii for more than nine months during the taxable year;
- Is not claimed and is not eligible to be claimed as a dependent by any taxpayer for federal or Hawaii individual income tax purposes; and
- Was not confined in jail, prison, or a youth correctional facility for the full taxable year.

For Whom the Credit May Be Claimed

A resident taxpayer filing Form N-11 or N-13, or a part-year resident taxpayer filing

Form N-15 may claim the credit for any of the following people who are “qualified exemptions” as defined above:

- The taxpayer’s self;
- The taxpayer’s spouse if the taxpayer is married and filing a joint return or married and filing separately where the spouse is not filing a Hawaii return, had no income, and was not the dependent of someone else;
- The taxpayer’s dependents; and
- The taxpayer’s minor children receiving support from the Department of Human Services of the State, social security survivor benefits, and the like.

Birth or Death of a Qualified Exemption

- A person who dies during the year may be a qualified exemption so long as the person was alive and physically present within the State for more than nine months. If a person who was continuously living in Hawaii died after September 30, 2015, that person could still be a qualified exemption.
- A child who is born during 2015 could be a qualified exemption if the mother was physically present in the State while pregnant with the child and the total days of gestation and life after birth total more than nine months during the taxable year.

Line 1

Federal Adjusted Gross Income

If your federal adjusted gross income shown on your return (Form N-11, line 7) is \$50,000 or more, stop here; you cannot take this credit. However, you may claim the credit for a minor child receiving support from the Department of Human Services, etc. In this situation, only complete lines 3, 9, and 10.

Married filing separately. If you are married filing separately, you must add your spouse’s federal adjusted gross income to your own. If the total is \$50,000 or more, you cannot claim this credit.

Line 2

Qualified Exemptions

On line 2, enter the names of the qualified exemptions. Start with yourself. Enter your spouse’s name if you are married and filing a joint return or married and filing separately where your spouse is not filing a Hawaii return, had no income, and was not the dependent of someone else. Then list your dependents and enter the dependent’s relationship to you. However, do not list minor children receiving more than half of their support from public agencies even though you may claim them as a dependent. List these minor children on line 3.

If married filing separately, only one spouse may claim the dependents.

Enter the number of qualified persons on line 2.

Line 3

Minor Children Receiving Public Support

On line 3, list your minor children who are also qualified exemptions, and who receive more than half of their support from the Department of Human Services, Social Security benefits, and other government payments. If you are married filing separately, only one spouse may claim each child. Enter the number of children here, and on the space provided beside Form N-11, line 28.

Line 7

Enter on line 7 the amount of the tax credit shown below that applies to the amount on line 6.

If line 6 is:	Tax credit per qualified exemption is:
Under \$5,000.....	\$85
\$5,000 under \$10,000	75

Amount of the Credit

Add lines 8 and 9. Enter this amount on Form N-11, line 28.

Deadline for claiming this credit. If you are a calendar year taxpayer, the deadline to claim the credit, including amended claims, is December 31, 2016. If you are a fiscal year taxpayer, the deadline to claim the credit, including amended claims, is 12 months after the close of your taxable year. You cannot claim or amend the credit after the deadline.

Part II

Credit for Low-Income Household Renters

Each resident taxpayer who occupies and pays rent for real property within the State as his or her residence and who files an individual income tax return for the taxable year, including those who have no income or no income taxable under chapter 235, HRS, may claim a tax credit of \$50 per **qualified exemption**, including the additional exemption for taxpayers age 65 or over, provided the following four conditions are met:

- The taxpayer is not eligible to be claimed as a dependent for federal or State income tax purposes by another taxpayer;
- The taxpayer has adjusted gross income of less than \$30,000; and
- The taxpayer has paid more than \$1,000 in rent during the taxable year.
- The rented property is NOT exempt from real property tax. Rent paid for property which is partially or fully exempt from real property tax will not qualify for the credit.

For example, county or State low-income housing projects, military housing, dormitories in schools, residential real property owned by a nonprofit organization, and homes in which the owner occupies a portion of the property, may have been granted real property tax exemptions by the county. If such exemptions, whether partial or full exemptions, have been granted, the rent paid for such properties will not qualify for the credit. To verify if real property tax exemptions have been granted on the rented property, please inquire with either the landlord, rental agent, or the Real Property Tax Office in the county in which the property is located.

Note: *Minor children receiving more than half of their support from the State Department of Human Services, Social Security benefits, and the like, which you can claim as dependents, are considered qualified exemptions for purposes of claiming this credit. This means that the exemption for a child listed in line 3 of Part I does count toward this credit if you can claim them as a dependent.*

A “**residence**” is defined as the dwelling place that constitutes the principal residence of the taxpayer or his or her immediate family in this State.

“**Rent**” means the amount paid in cash in any taxable year for the occupancy of a residence. Rent does not include:

- Charges for utilities, parking stalls, storage of goods, yard services, furniture, furnishings, and the like;
- Rental claimed as a deduction from gross income or adjusted gross income for income tax purposes;
- Ground rental paid for use of land only; and
- Rental allowances or rental subsidies received (i.e. housing allowance received from the armed forces or the Hawaii Housing Authority.).

Married filing separately. If you are married filing separately, you must add your spouse’s adjusted gross income to your own. If you are married filing separately and your spouse is a nonresident, you need to determine your spouse’s adjusted gross income from all sources, within and outside of Hawaii, and add that amount to your own adjusted gross income. If the total is \$30,000 or more, you cannot claim this credit.

You cannot claim or amend the credit after the deadline.

Part III

Credit for Child and Dependent Care Expenses

If you maintain a household that included a child under age 13 or a dependent or spouse incapable of self-care, you may be allowed this credit for expenses you paid during the taxable year to care for your dependent so you could work.

Who May Claim the Credit

If you are a resident taxpayer who files an individual income tax return for a taxable year, you are not claimed or eligible to be claimed as a dependent on another taxpayer's federal or Hawaii income tax return, and you maintain a household which includes one or more qualifying persons (as defined on this page), you may be allowed a credit against your income tax. The credit ranges from 15% to 25% of employment-related expenses (up to certain limitations) PAID during the taxable year in order to enable you to work either full or part time for an employer or as a self-employed individual.

Maintaining a Household

You will be treated as maintaining a household for any period only if you furnish over half the cost of maintaining the household for

that period. If you are married during that time, you and your spouse must provide over half the maintenance cost for the period.

The expenses of maintaining a household include property taxes, mortgage interest, rent, utility charges, upkeep and repairs, property insurance, and food consumed on the premises. They do not include the cost of clothing, education, medical treatment, vacations, life insurance, and transportation.

Qualifying Person

A qualifying person is any one of the following persons:

- a. Any person under age 13 whom you claim as a dependent (but see Special Rule (4) on page 35, Children of Divorced or Separated Parents).
- b. Your disabled spouse who is mentally or physically unable to care for himself or herself.
- c. Any disabled person who is mentally or physically unable to care for himself or herself and whom you claim as a dependent, or could claim as a dependent (as a qualifying relative) except that he or she had income of \$4,000 or more.

Employment-related Expenses

Employment-related expenses are those paid for the following, but only if paid to enable you to be gainfully employed:

(1) *Expenses for Household Services.* Expenses will be considered for household services in your home if they are for the ordinary and usual services necessary for the operation of the home, and bear some relationship to the qualifying person. For example, payment for services of a domestic maid or cook ordinarily will be considered expenses for household services if performed at least partially for the benefit of the qualifying person.

(2) *Expenses for the Care of a Qualifying Person.* Expenses will be considered for the care of one or more qualifying persons if their main purpose was to assure that individual's well-being and protection. You can include amounts paid for items other than the care of your child (such as food and schooling) only if the items are incidental to the care of the child and cannot be separated from the total cost.

You may NOT include any amount paid for services outside your household at a camp where the qualifying person stays overnight.

Do not include services outside your household as employment-related expenses for your spouse or a dependent age 13 or older. However, services outside your household are employment-related expenses for a dependent who has not reached his or her 13th birthday or for an individual who regularly spends at least eight hours each day in your household.

You may include expenses incurred for qualified dependent care centers as employment-related expenses. The dependent care center must comply with all applicable laws, rules, and regulations of Hawaii if the center is located within Hawaii. If the center is located outside Hawaii, the center must comply with all applicable laws, rules, and regulations of the state or country in which the

center is located. Furthermore, these centers must provide care for more than six individuals (other than individuals who reside at the center), and must receive a fee, payment, or grant providing services for any of the individuals (regardless of whether such center is operated for profit).

Note: *Payments made to the State of Hawaii A+ Program qualify for the credit.*

Medical Expenses

Some dependent care expenses may qualify as medical expenses. If you cannot use all the medical expenses to qualify for this credit because of the dollar limit or earned income limit (explained later), you can take the rest of these expenses as an itemized deduction for medical expenses. But if you deduct the medical expenses first on Worksheet A-1, you cannot use any part of these expenses on Schedule X.

Special Rules

(1) *Married Couples Must File Joint Returns.* If you are married at the end of the taxable year, the credit for employment-related expenses is allowable only if you and your spouse file a joint return for the taxable year.

(2) *Marital Status.* If you are legally separated from your spouse under a decree of divorce or separate maintenance, you are not considered married.

(3) *Certain Married Individuals Living Apart and Filing Separate Returns.* If during the last 6 months of the taxable year your spouse was not a member of your household and you (a) maintained a household which was for more than one-half of the taxable year the principal place of abode of a qualifying person, and (b) furnished over half of the cost of maintaining such household during the taxable year, then you are not considered married for purposes of the credit or the exclusion.

(4) *Children of Divorced or Separated Parents.* If you were divorced, legally separated, or lived apart from your spouse during the last 6 months of 2015, you may be able to claim the credit even if your child is not your dependent. Even if you cannot claim your child as a dependent, he or she is treated as your qualifying person if:

- The child was under age 13 or was not physically or mentally able to care for himself or herself, and
- You were the child's custodial parent. The custodial parent is the parent with whom the child lived for the greater number of nights in 2015. If the child was with each parent for an equal number of nights, the custodial parent is the parent with the higher adjusted gross income. For details and an exception for a parent who works at night, see federal Publication 501.

The noncustodial parent cannot treat the child as a qualifying person even if that parent is entitled to claim the child as a dependent under the special rules for a child of divorced or separated parents.

(5) *Payments to a Related Individual.* You can count work-related expenses you pay to

relatives who are not your dependents, even if they live in your home. However, do not count any amounts you pay to:

1. A dependent for whom you (or your spouse if you are married) can claim an exemption, or
2. Your child who is under age 19 at the end of the year, even if he or she is not your dependent.

Line 1

Care Providers

Complete columns (a) through (e) for each person or organization that provided the care. If you do not give the information asked for in each column, or if the information you give is not correct, your credit and, if applicable, the exclusion of employer-provided dependent care benefits may be disallowed.

You can use **Form HW-16**, "Dependent Care Provider's Identification and Certification", to get the correct information from the care provider. (This form is available at our website, by calling our Taxpayer Services Branch, and at any district tax office.) If the provider does not comply with your request to certify the information, complete the entries you can, such as the provider's name and address. Write "See attached" in the columns for which you do not have the provider's certification of information. Attach a statement that you requested the information from the care provider, but the provider did not comply with your request. You must keep records to show that you exercised due diligence in attempting to provide the required information. For more details, including what is considered "due diligence," see federal Publication 503.

Columns (a) and (b). Enter the care provider's name and address. If you were covered by your employer's dependent care plan and your employer furnished the care (either at your workplace or by hiring a care provider), enter your employer's name in column (a), write "See W-2" in column (b), and leave columns (c) through (e) blank. But if your employer paid a third party (not hired by your employer) on your behalf to provide the care, you must give information on the third party in columns (a) through (e).

Column (c). If the care provider is an individual, enter his or her social security number (SSN). If the individual is an alien and was issued an individual taxpayer identification number (ITIN) by the IRS, enter the ITIN. If the individual has applied for an ITIN but the IRS has not yet issued the ITIN, write "Applied For". For other than an individual, enter provider's federal employer identification number (FEIN). If the provider is a tax-exempt organization, write "Tax-Exempt" in column (c).

Column (d). Enter the care provider's Hawaii Tax I.D. Number. If the provider is a tax-exempt charitable organization (IRC section 501(c)(3)), enter "Tax-Exempt".

Column (e). Enter the total amount you *actually paid* during the taxable year to the care provider. Also include amounts your employ-

er paid on your behalf to a third party. It does not matter when the expenses were incurred. Do not reduce this amount by any reimbursement you received.

Line 2

Dependent Care Benefits

If you received dependent care benefits from an employer (you have a federal form W-2 that has an amount in Box 10), enter the amount shown in Box 10 of your W-2 form(s).

If you were self-employed or a partner, include amounts you received under a dependent care assistance program from your sole proprietorship or partnership.

Line 4

Amount Forfeited or Carried Over to 2016

If you participated in an employee plan in which the amount you contributed to an employer-paid dependent care benefit plan was deducted from your income, and you did not receive the full benefit from this plan, you may be entitled to deduct the amount forfeited on this line. See your employer for the forfeited amount you are allowed to deduct.

Also include on this line any amount you did not receive but are permitted by your employer to carry forward and use in the following year during a grace period.

Line 8

Your Earned Income

In general, earned income is wages, salaries, tips, and other employee compensation. It also includes net earnings from self-employment. For more information, see the instructions to lines 18 and 19.

Line 9

Spouse's Earned Income

If your filing status is Married Filing Jointly, enter your spouse's earned income on this line.

If your filing status is Married Filing Separately, see *Certain Married Individuals Living Apart and Filing Separate Returns* discussed earlier. If you are considered unmarried under that rule, enter your earned income (from line 8) on this line. If you are **not** considered unmarried under that rule, enter your spouse's earned income on line 9.

If your spouse was a student or disabled in 2015, see *If You or Your Spouse Was a Student or Disabled*.

All other taxpayers should enter the amount on line 8.

- a Enter the amount from Schedule X, Part III, line 2 that you received from your sole proprietorship or partnership. If you did not receive any such amounts, enter -0-.
- b Enter the amount from Schedule X, Part III, line 5.
- c Line b minus line a.
- d Enter \$5,000 (\$2,500 if married filing separately and you were required to enter your spouse's earned income on Schedule X, Part III, line 9).
- e Enter the amount from Schedule X, Part III, line 10.
- f **Deductible benefits.** Enter the smallest of line a, line d, or line e. Also, include this amount on the appropriate line(s) of your return.
- g Enter the **smaller** of line d or line e.
- h Enter the amount from line f.
- i **Excluded benefits.** Line g minus line h. If zero or less, enter -0-.
- j **Taxable benefits.** Line c minus line i. If zero or less, enter -0-. Enter the result here and on line 11 of Schedule X, Part III.

The taxable portion of employer-paid dependent care benefits for federal income tax purposes is included in your federal AGI. If the taxable portion of employer-paid dependent care benefits is the same for federal and Hawaii income tax purposes, no additional adjustment needs to be made. If the taxable portion of employer-paid dependent care benefits is different for federal and Hawaii income tax purposes, an adjustment needs to be made to arrive at Hawaii AGI.

Line 16

Qualifying Person(s)

Complete columns (a) through (d) for each qualifying person. If you have more than three qualifying persons, attach a statement to your return with the required information. Be sure to put your name and social security number on the statement. Also, write "See attached" on the dotted line next to line 17.

Column (a). Enter each qualifying person's name.

Column (b). Enter the qualifying person's relationship to you.

Column (c). Enter the qualifying person's social security number.

Column (d). Enter the qualified expenses you incurred and paid in 2015 for the person listed in column (a). Do not include in column (d) qualified expenses:

- You incurred in 2015 but did not pay until 2016. You may be able to use these expenses to increase your 2016 credit.
- You incurred in 2014 but did not pay until 2015. Instead, see the instructions for line 23 on this page.
- You prepaid in 2015 for care to be provided in 2016. These expenses may only be used to figure your 2016 credit.

Lines 18 and 19

Earned Income Limit

The amount of your qualified expenses cannot be more than your earned income or, if married filing a joint return, the smaller of your earned income or your spouse's earned income.

In general, earned income is wages, salaries, tips, and other employee compensation. It also includes net earnings from self-employment.

Unmarried taxpayers. If you are unmarried at the end of 2015 or are treated as being unmarried at the end of the year, enter your earned income on line 18.

Married Taxpayers. If you are married filing a joint return, figure each spouse's earned income separately and disregard community property laws. Enter your earned income on line 18 and your spouse's earned income on line 19.

If You or Your Spouse Was a Student or Disabled. Your spouse's earned income. Your spouse was a full-time student if he or she was enrolled as a full-time student at a school for some part of each of 5 calendar months during 2015. The months need not be consecutive. A school does not include an on-the-job training course, correspondence school, or a school offering courses only through the Internet. Your spouse was disabled if he or she was not physically or mentally capable of self-care. Figure your spouse's earned income on a monthly basis.

For each month or part of a month your spouse was a student or was disabled, he or she is considered to have worked and earned income. His or her earned income for each month is considered to be at least \$200 (\$400 if more than one qualifying person was cared for in 2015). If your spouse also worked during that month, use the higher of \$200 (or \$400) or his or her actual earned income for that month.

For any month that your spouse was not a student or disabled, use your spouse's actual earned income if he or she worked during the month.

Your earned income. These rules for a spouse who was a student or disabled also apply to you if you were a student or disabled. For each month or part of a month you were a student or disabled, your earned income is considered to be at least \$200 (\$400 if more than one qualifying person was cared for in 2015). If you also worked during that month, enter the higher of \$200 (or \$400) or your actual earned income for that month.

Both spouses were students or disabled. If, in the same month, both you and your spouse were either students or disabled, only one of you can be treated as having earned income in that month under these rules.

Self-employment Income. You must reduce your earned income by any loss from self-employment. If you only have a loss from self-employment, or your loss is more than your other earned income, you cannot take the credit.

Line 22

Enter on line 22 the decimal amount shown below that applies to the amount on line 21.

If line 21 is:	Decimal amount is:
Under \$22,001	.25
\$22,001 – 24,000	.24
\$24,001 – 26,000	.23

\$30,001 – 32,000	.20
\$32,001 – 34,000	.19
\$34,001 – 36,000	.18
\$36,001 – 38,000	.17
\$38,001 – 40,000	.16
\$40,001 and over	.15

Line 23

Amount of the Credit

If you had qualified expenses for 2014 that you did not pay until 2015, you may be able to increase the amount of credit you can take in 2015. To do this, multiply the 2014 expenses you paid in 2015 by the applicable percentage from the above table that applies to your 2014 adjusted gross income. Your 2014 expenses must be within the 2014 limits. Attach a computation showing how you figured the increase. If you can take a credit for your 2014 expenses, write "PYE" and the amount of the credit on the dotted line next to line 23. Enter the total amount of the credit on line 23. Also enter this amount on Form N-11, line 30.

Taxpayers have a right to be free from harassment and inappropriate contact by Department of Taxation personnel in matters relating to the collection of delinquent taxes and during the course of audits.

IV. Privacy and Confidentiality

Taxpayers have a right to be assured that their dealings with the Department of Taxation will be kept confidential.

Taxpayers have a right to be assured that their tax returns and tax return information will not be disclosed, except as provided by law.

V. Time Limitations

Taxpayers are entitled to seek a refund if they have overpaid their taxes. A claim for refund must be filed within the applicable statute of limitations.

The Department of Taxation may assess a taxpayer additional taxes if the assessment is made within the applicable statute of limitations. There is no time limit on the assessment of taxes in the case of a false or fraudulent return or failure to file a return.

Taxpayers may extend the period of limitations for the assessment or refund of taxes by signing a written agreement with the Department of Taxation.

If the Department of Taxation is notified by the Internal Revenue Service or a taxpayer of any changes, corrections, or adjustments to the taxpayer's Federal tax return, the statute of limitations is automatically extended.

VI. Audits and Assessments

Taxpayers have a right to a Proposed Notice of Assessment except in the case of a jeopardy assessment. A Proposed Notice of Assessment is mailed to the taxpayer's last known address and: (1) explains the basis for the assessment of taxes, penalties, and interest; (2) informs taxpayers of their right to request clarification or to object to the tax assessment within thirty days from the date the Proposed Notice of Assessment was mailed; and (3) informs taxpayers that the proposed tax assessment will become final after the expiration of thirty

days from the mailing of the Proposed Notice of Assessment.

Taxpayers have a right to a Final Notice of Assessment, issued after the expiration of thirty days from the mailing of the Proposed Notice of Assessment, that provides the basis for the tax assessment, and informs the taxpayer of the procedures for appealing the assessment.

Taxpayers have a right to request a meeting with the auditor or collector, their supervisor, or senior management to discuss a Proposed or Final Notice of Assessment if they do not agree with the tax assessment.

Taxpayers have a right to request that the Department of Taxation consider a closing agreement to reduce a Proposed or Final Notice of Assessment. Closing agreements are final.

VII. Tax Appeals/Payment Under Protest

Taxpayers have a right to information regarding procedures for appealing a tax assessment.

Tax Appeals. Taxpayers have a right to appeal an assessment, either to the board of review or to the tax appeal court. The appeal must be filed within 30 days from the date the Final Notice of Assessment was mailed. If the appeal is filed directly with the tax appeal court, a copy of the notice of appeal must also be filed with the Director of Taxation within 30 days from the date the Final Notice of Assessment was mailed. A copy of the notice should be mailed to:

Civil Legal Complaints/Legal Process

Director of Taxation
Department of Taxation
830 Punchbowl Street
Room 221
Honolulu, HI 96813-5094

If the appeal is filed with the board of review, the decision of the board may be appealed to the tax appeal court within 30 days after the filing of the board of review decision. A copy of the notice of appeal must also be filed with the Director of Taxation at the above address within 30 days after the filing of the board of review decision.

If the appeal is filed with the tax appeal court, the decision of the tax appeal court may be appealed within 30 days to the Intermediate Appellate Court.

The first appeal to either the board of review or to the tax appeal court may be made without payment of the tax assessed. However, the assessed tax must be paid together with interest when the taxpayer appeals the decision by the board or the tax appeal court or the decision by the board in favor of the Department of Taxation is not appealed. In addition, a taxpayer who prevails before the board of review does not have to pay the assessed tax prior to an appeal by the Department of Taxation to the tax appeal court. Similarly, a taxpayer who prevails before the board of review and the tax appeal court does not have to pay the assessed tax prior to an appeal by the Department of Taxation to the Intermediate Appellate Court.

The tax appeal court may allow an individual taxpayer to appeal an income tax assessment without prior payment of the tax where the total tax liability does not exceed \$50,000 and the taxpayer shows that the payment of the tax would cause irreparable harm. Similarly, a circuit court may allow a taxpayer to appeal a general excise tax assessment without prior payment of the tax if the taxpayer shows that the payment of the tax would cause irreparable harm.

Payment Under Protest. In lieu of filing an appeal or if an appeal is not filed with the board of review or tax appeal court within 30 days from the date the Final Notice of Assessment was mailed, the taxpayer may pay the disputed tax assessment under written protest and seek to recover the taxes by filing an action in tax appeal court within 30 days from the date of payment.

VIII. Representation

Taxpayers have a right to represent themselves or have another person accompany or represent them (with proper written authorization) when dealing with the Department of Taxation on any tax matter, including audits, collections, and appeals.

IX. Taxpayer Advocate

Taxpayers have a right to seek the assistance of our Taxpayer Advocate to resolve any tax-related problem after all other means for resolving the problem have been exhausted, or if they feel that their rights as a taxpayer have been abridged, except in the case of a criminal tax investigation.

X. Installment Agreements, Waivers, and Compromises

Installment Agreements. Taxpayers have a right to request that the Department of Taxation consider an installment payment agreement to allow taxpayers to pay their delinquent taxes over time. The Department of Taxation will evaluate a request for an installment payment agreement based on the financial condition of the taxpayer. Taxpayers will be notified before collection action is taken on any outstanding tax liability if the installment payment agreement is in good standing. Interest will continue to accrue on the outstanding tax and penalty until paid in full. The Department may offset any outstanding tax liability with any credits due to the taxpayer from other taxes.

Waiver of Penalties and Interest. Taxpayers have a right to request that the Department of Taxation waive penalties and interest added to any tax if the taxpayer can show that failure to file a return or pay a tax on time was due to reasonable cause, i.e., not due to the taxpayer's own carelessness, neglect, or willful disregard of the law, but due to circumstances beyond the taxpayer's control.

Compromise Offers. Taxpayers have a right to request that the Department of Taxation consider a compromise offer to reduce any tax claim arising under the tax laws administered by the Department based on doubt as to liability or collectibility, subject to the Governor's approval. If the tax liability excluding penalties and interest is \$50,000 or less, the Director may approve the offer in compromise without the Governor's approval after the offer in compromise has been posted on the Department's website for 5-calendar days.

Any offer in compromise submitted to the Department of Taxation on or after April 5, 2013, must be accompanied by 20% of the amount of the offer in cases of a lump-sum offer in compromise, or the first proposed payment in the case of a periodic payment offer in compromise. Individual taxpayers who meet the low-income certification guidelines published by the Internal Revenue Service for the period in which the request for compromise has been submitted would not be required to submit a payment with an offer in compromise submission. In cases where an offer in compromise is rejected, the payment amount would be applied to the tax liability of the taxpayer that was first assessed.

XI. Collections

Taxpayers have a right to be informed in writing to the taxpayer's last known address of possible collection actions that may be taken on delinquent taxes, including referral to a collection agency.

Taxpayers have a right to be notified of any cost recovery fee associated with any collection action.

Taxpayers have a right to have collection actions put on hold in the case of hardship or while discussing their situation with the collector, supervisor, or senior management, understanding that interest continues to accrue.

Taxpayers have a right to a prompt release of a lien upon payment of a tax delinquency and all filing fees.

Taxpayers have a right to have an incorrect lien corrected or released and to have a letter of clarification sent to a credit reporting company.

Taxpayers have a right to have all other collection actions exhausted before a seizure of a taxpayer's assets takes place, unless the Department of Taxation determines that the interests of the State are in jeopardy.

Taxpayers have a right to have the following property exempt from levy: wearing apparel; school books; fuel; provisions; furniture; personal effects; books and tools of a trade, business, or profession; unemployment benefits; and undelivered mail.
