DEPARTMENT OF TAXATION ANNOUNCEMENT NO. 2005-04

On July 8, 2005, the Governor signed S.B. No. 1127, SD 1 into law as Act 211. Act 211 amends Hawaii’s Public Procurement Code to streamline certain purchases by eliminating provisions that required offerors (i.e., vendors) awarded a contract incorporated or organized under the laws of the State or registered to do business in the State as a separate business or division capable of fully performing under the contract. It also removes small purchase procurement contracts (i.e., contracts for small purchases for goods, services, and construction of less than $25,000) from the list verified by the procuring officer to ensure compliance with laws governing entities conducting business in the State.

Section 1 of Act 211 amends HRS § 103D-310 by removing the provisions that required offerors awarded a contract be incorporated or organized under the laws of the State or registered to do business in the State as a separate business or division capable of fully performing under the contract. For small purchase contracts (less than $25,000), the procuring officer is no longer required to verify that vendors are in compliance with Chapters 237, 383, 386, 392, and 393, Hawaii Revised Statutes.

Thus, tax clearances for general excise taxes under chapter 237, HRS, are no longer required for small purchase contracts.

Act 211 took effect upon approval: July 8, 2005.
