August 24, 2006

DEPARTMENT OF TAXATION ANNOUNCEMENT NO. 2006-14

RE: Increase in the Cigarette Tax on September 30, 2006

Act 316, Session Laws of Hawaii 2006 (Act 31), increases the excise tax per cigarette sold in Hawaii. *For more information, see Department of Taxation Announcement No. 2006-13.*

Section 245-3, Hawaii Revised Statutes, is amended by increasing the excise tax per cigarette by one cent per year over a six-year span, to the following amounts:

- 8.00 cents per cigarette on and after September 30, 2006;
- 9.00 cents per cigarette on and after September 30, 2007;
- 10.00 cents per cigarette on and after September 30, 2008;
- 11.00 cents per cigarette on and after September 30, 2009;
- 12.00 cents per cigarette on and after September 30, 2010;
- 13.00 cents per cigarette on and after September 30, 2011.

The tax is collected by the Department of Taxation (Department) when cigarette and tobacco wholesalers and dealers purchase cigarette tax stamps, and place the stamps on cigarette packs prior to distribution. The current cigarette tax stamps are blue,¹ new orange tax stamps will be issued to implement the increase in the tax rate.² *This announcement discusses the procedures for handling the increase in the price of the tax stamps by either returning unused rolls of stamps for credit or paying the difference for purposes of the September 30, 2006 tax increase. Subsequent increases will be addressed in subsequent announcements before each increase in tax becomes effective.*

I. Impact on Consumers

Consumers will see cigarette packs with blue stamps and cigarette packs with orange stamps. It is legal for retailers to continue to sell cigarette packs with the blue stamps on or after September 30, 2006, under certain circumstances described immediately below.

---

¹ The blue stamps (with a denominated value of $1.40) have been sold from July 1, 2004, and prior to that pink stamps (with a denominated value of $1.30) were sold, beginning June 2, 2003.

² The denominated value of the orange stamp will be $1.60.
II. Impact on Retailers

Retailers may continue to sell cigarette packs stamped with the current blue tax stamps if they have cigarette packs with blue stamps in their inventory as of September 30, 2006. Cigarette packs with blue stamps received from licensed wholesalers and dealers on or after September 30, 2006 may likewise be sold. Retailers may have to explain to consumers the reason for the different colored stamps.

Act 316 does not require retailers, who purchase cigarettes from licensed wholesalers and dealers, to collect the increase in cigarette taxes on September 30, 2006, as the tax is imposed on wholesalers and dealers. However, if wholesalers and dealers pass on the additional tax to the retailers, they may pass on the additional tax to customers.

III. Impact on Wholesalers and Dealers

A. Filing of a Cigarette Tax Stamps Floor Stock Return; Use of Orange Stamps

Act 316 requires every wholesaler and dealer to pay a tax of 8 cents per cigarette for each cigarette sold, used, or possessed on or after September 30, 2006 (and increasing thereafter pursuant to the schedule provided on page 1 of this Announcement).

In order to avoid wholesalers and dealers returning unused blue stamps and cigarette packs with blue stamps, all wholesalers and dealers must file Form M-107 (Rev. 2006), Cigarette Tax Stamps Floor Stock Return. The purpose of Form M-107 is to collect the difference in price between the new orange stamp and current blue stamp for every unused or affixed stamp in the wholesaler/dealer's ending inventory on September 29, 2006 ($1.60 per pack/$0.08 per cigarette versus $1.40 per pack/$0.07 per cigarette).

Once the floor stock return Form M-107 has been filed and the difference in the tax has been paid, the blue stamps may be used until depleted, allowing wholesalers and dealers to affix blue stamps to cigarette packs on or after September 30, 2006. The stamp fee imposed under section 245-26, HRS, and the discount provided under section 245-22, HRS, will be applicable to the difference

---

3 Section 245-26(a), HRS, provides: "Stamps shall be sold at their denominated values, plus a stamp fee of 1.7 percent of the denominated value of each stamp sold, composed of the aggregate of:

(1) .2 percent of the denominated value of the stamp to pay for the cost to the State of providing the stamps, with such amount to be deposited to the credit of the Department of Taxation's cigarette tax stamp administrative special fund; and

(2) 1.5 percent of the denominated value of the stamp to pay for the cost of enforcing the stamp tax, with such amount to be deposited to the credit of the Department of the Attorney General's tobacco enforcement fund; provided that the Department of Taxation by rule may modify the stamp fee to reflect actual costs incurred by the State in providing the stamps."

4 Section 245-22(e), HRS, allows stamps to be sold with a 0.4 percent discount to defray the cost of affixing the stamps incurred by vendors. The Department may adjust the discount by rule. The discount is effective beginning September 1, 2001.
in the tax reported on the floor stock return. Please note that the floor stock returns are subject to audit.

The orange stamps will be available for purchase from First Hawaiian Bank beginning September 29, 2006. The price of a roll of orange stamps will be: $24,312.00.

**B. Purchasing Stamps on a Deferred Payment Plan**

Wholesalers and dealers purchasing stamps on a deferred payment plan may increase the amount of their deferred payment purchases by the following:

- 14.3% (($1.60 - $1.40)/$1.40) if their cigarette tax stamp deferred payment agreement was approved when the cigarette tax was 7 cents per cigarette.

No increase in bond coverage is necessary for the September 30, 2006 rate increase. However, all requests by stamp purchasers to increase the amount of deferred payment purchases must be provided in writing and sent to the following address:

  Licensing Section  
  Taxpayer Services Branch  
  Department of Taxation  
  PO Box 259  
  Honolulu, Hawaii 96809

The Department has revised the cigarette and tobacco tax forms to reflect the increase in the tax rate for sales, use, or possession of cigarettes on or after September 30, 2006.

Current forms and other tax information are available at the Department's website at: www.hawaii.gov/tax. On Oahu, forms may be ordered by calling the Department's Forms Request Line at: (808) 587-7572. Persons who are calling from outside of Oahu may call: 1-800-222-7572 (toll-free) to receive forms by mail or by fax.
